Song of the Skylark Gabriel Gomes,1991 *Journal of Ecumenical Studies* ,1991 *A Wayfarer's Faith: Aspects of the common basis of religious life* T. Edmund Harvey,2021-11-05 In *A Wayfarer s Faith Aspects of the Common Basis of Religious Life* T Edmund Harvey embarks on a profound exploration of the universality of faith across diverse religious traditions Through an analytical lens he weaves together philosophical insight and theological reflection presenting a literary style that is both contemplative and accessible Harvey adeptly traverses the intersections of belief practice and human experience situating his discourse within the broader context of early 20th century thought marked by a growing interest in interfaith dialogue and spiritual unity T Edmund Harvey an esteemed theologian and social reformer was particularly influenced by his work in ecumenism and the pressing moral issues of his time which impelled him to seek common ground among different faiths His scholarly background enriched by encounters with diverse spiritual communities informs this seminal work as he articulates a vision of faith that transcends doctrinal boundaries and emphasizes shared human values This book is a poignant invitation for readers to reflect on their own spiritual journeys and engage with the sacred dimensions of life By advocating for a deeper understanding of collective faith experiences Harvey s work appeals not only to scholars and theologians but also to anyone seeking solace and connection in an increasingly fractured world **Paperbound Books in Print 1995** Reed Reference Publishing,R5ference Reed,1995-12 *Paperbound Books in Print* ,1992 *Directions* ,1991

Subject Guide to Books in Print ,1997 **The Unitarian Advance** ,1917 **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff,R R Bowker Publishing,1996-09 **The Catholic Periodical and Literature Index** ,1992 *Thinking And Destiny* Harold W. Percival,2002-04 In *Thinking and Destiny* something new although older than time is now made known to the world about Consciousness The information is largely about the makeup of the human where man comes from what becomes of him it explains what thinking is it tells how a thought is created and how thoughts are exteriorized into acts objects and events and how they make his destiny Destiny is thus shown to be self determined by thinking and the process of re existence and the after death states are told in detail A single reading of any one chapter of *Thinking and Destiny* brings rich rewards in new understanding of life s puzzling mysteries To read the entire book is to come nearer to knowledge of one s destiny and how to shape it than is possible through study of anything previously written in the English language Both the casually curious glancer at books and the most avid seeker for knowledge will be intrigued by the index which lists more than 400 subjects in *Thinking and Destiny* and by the fifteen chapter headings in the Table of Contents which identify the 156 sections The Foreword contains the only pages in which Mr Percival uses the first personal

pronoun Here he relates some of the amazing experiences through which he was able to grasp the knowledge he transmits and to acquire the ability to do so **Christian Advocate and Journal and Zion's Herald** ,1907 **The American Friend** ,1924 The Encyclopedia of Sunday Schools and Religious Education John Thomas McFarland,Benjamin Severance Winchester,1915 **American Book Publishing Record** ,1991 **Lyric Powers** Robert von Hallberg,2024-05-31 The authority of poetry varies from one period to another from one culture to another For Robert von Hallberg the authority of lyric poetry has three sources religious affirmation the social institutions of those who speak the idioms from which particular poems are made and the extraordinary cognition generated by the formal and musical resources of poems Lyric Powers helps students poets and general readers to recognize the pleasures and understand the ambitions of lyric poetry To explain why a reader might prefer one kind of poem to another von Hallberg analyzes beyond the political and intellectual significance of poems the musicality of both lyric poetry and popular song including that of Tin Pan Alley and doo wop He shows that poets have distinctive intellectual resources not just rhetorical resources for examining their subjects and that the power of poetic language to generalize not particularize is what justly deserves a critic s attention The first book in more than a decade from this respected critic Lyric Powers will be celebrated as a genuine event by readers of poetry and literary criticism The Standard ,1901
