Rolling Stone Sheet Music Classics, Volume 1: 1950s-1960s Alfred Music, 2008-07-03 Sixty of the best songs of the early rock era all chosen from Rolling Stone magazine's 500 Greatest Songs of All Time list. The songs are from the 1950s to the 60s arranged for piano vocal chords. Many of these great songs were previously available only as old time sheet music editions that did not accurately portray the classic recordings that made them famous. In preparing this songbook Alfred Music took great care to revisit those recordings replacing incorrect arrangements with new ones that allow pianists and singers to perform the songs in the style that landed them on the Rolling Stone 500. Also available: Rolling Stone Sheet Music Classics Volume 2 1970s 1990s. Similar editions are available arranged for easy guitar TAB wind and string instruments. Songs vary per instrument. The Power of Music Michael L. Brown, 2019-01-08 Music can either Connect You to God or Drive You to the Devil. God created the human race to enjoy music and to make music and through music the world has been dramatically changed for good and for evil. In this fascinating book Michael L. Brown takes the reader on a journey through the history of music from classical to rock and from hip hop to gospel showing just how transformative music has been and how much God wants to use it to change the world again. Brown contends that it is time for all Christians to make a concerted effort to recover the potential of anointed music and song in our assemblies and in society in our services and on the streets in studios and in schools. The counterculture revolution of the 1960s only succeeded with the help of satanically inspired music and mind altering drugs. Could it be that today's Jesus revolution can only succeed with the help of Spirit inspired music and a life altering encounter with God? What else will produce the necessary change in our perspective? After reading this book believers will never again listen to music the same. They will finally understand its power and divine origin but more importantly they will know how God wants to use it to usher in a global outpouring that will change the world forever. This book will show you how music can either indoctrinate or educate you spark rebellion or patriotism and drive you to the devil or draw you closer to God. This book will stir up musicians artists
