Smith, 2021-10-21 After Pearl Harbor Tin Pan Alley songwriters rushed to write the Great American War Song an Over There for World War II The most popular songs however continued to be romantic ballads escapist tunes or novelty songs To remedy the situation the federal government created the National Wartime Music Committee an advisory group of the Office of War Information OWI which outlined proper war songs along with tips on how

and what to write The music business also formed its own Music War Committee to promote war songs Neither group succeeded The OWI hoped that Tin Pan Alley could be converted from manufacturing love songs to manufacturing war songs just as automobile plants had retooled to assemble planes and tanks But the OWI failed to comprehend the large extent by which the war effort would be defined by advertisers and merchandisers Selling merchandise was the first priority of Tin Pan Alley and the OWI never swayed them from this course Kathleen E R Smith concludes the government's fears of faltering morale did not materialize Americans did not need such war songs as Goodbye Mama I'm Off To Yokohama There Are No Wings On a Foxhole or even The Sun Will Soon Be Setting On The Land Of The Rising Sun to convince them to support the war The crusade for a proper war song was misguided from the beginning and the music business then and now continues to make huge profits selling love not war songs

Twentieth-century Popular Culture in Museums and Libraries Fred E. H. Schroeder, 1981 Although libraries and museums for many centuries have taken the lead under one rational or another in recovering storing and displaying various kinds of culture of their periods lately as the gap between elite and popular culture has apparently widened these repositories of artifacts of the present for the future have tended to drift more and more to what many people call the aesthetically pleasing elements of our culture The degree to which our libraries and museums have ignored our culture is terrifying when one scans the documents and artifacts of our time which if history in any wise repeats itself will in the immediate and distant future become valuable indices of our present culture to future generations As Professor Schroeder dramatically states it No doubt about it it is the contemporary popular culture that is the endangered species The essays in this book investigate the reasons for present day neglect of popular culture materials and chart the various routes by which conscientious and insightful librarians and museum directors can correct this disastrous oversight

Popular Music Perspectives B. Lee Cooper, 1991 In thirteen essays this book probes ideas and themes that are prominent in contemporary song lyrics The essays take social change human interaction technology and intellectual development as points of departure for specific examinations of public education railroads death automobiles and rebels The essays also examine humor traditions and historical events found in answer songs cover recordings nursery rhyme adaptations and novelty tunes

Lynch, 2009-11-12 The Depression brought unprecedented changes for American workers and organized labor As the economy plummeted employers cut wages and laid off workers while simultaneously attempting to wrest more work from those who remained employed In mills mines and factories workers organized and resisted striking for higher wages improved working conditions and the right to bargain collectively As workers walked the picket line or sat down on the shop floor they could be heard singing This book examines the songs they sang at three different strikes the Gastonia North Carolina textile mill strike 1929 Harlan County Kentucky coal mining strike 1931 32 and Flint Michigan automobile sit down strike 1936 37 Whether in the Carolina Piedmont the Kentucky hills or the streets of Michigan the workers songs were decidedly class conscious All show the workers understanding of the necessity of solidarity and collective action In Flint the strikers sang The trouble in our homestead Was brought about this way When a dashing corporation Had the audacity to say You must all renounce your union And forswear your liberties And we ll offer you a chance To live and die in slavery As a shared experience the singing of songs not only sent the message of collective action but also provided the very means by which the message was communicated and promoted Singing was a communal experience whether on picket lines at union rallies or on shop floors By providing the psychological space for striking workers to speak their minds singing nurtured a sense of community and class consciousness When strikers retold the events of their strike as they did in songs they spread and preserved their common history and further strengthened the bonds among themselves In the strike songs the roles of gender were pronounced and vivid Wives and mothers sang out of their concerns for home family and children Men sang in the name of worker loyalty and brotherhood championing male solidarity and camaraderie Informed by the new social history this critical examination of strike songs from three different industries in three different regions gives voice to a group too often deemed as inarticulate This study the only book length examination of this subject tells history from the bottom up and furthers an understanding of worker culture during the tumultuous Depression years **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21 **Catalog of Copyright Entries** Library of Congress.
