Nilsson Alyn Shipton, 2013-08-08 He won Grammy awards wrote and recorded hit songs and yet no figure in popular music is as much of a paradox or as underrated as Harry Nilsson In this first ever full length biography Alyn Shipton traces Nilsson s life from his Brooklyn childhood to his Los Angeles adolescence and his gradual emergence as a uniquely talented singer songwriter With interviews from friends family and associates and material drawn from an unfinished autobiography Shipton probes beneath the enigma to discover the real Harry Nilsson Nilsson shunned live performance his venue was the recording studio He was a gifted composer of songs for a wide variety of performers including the Ronettes the Yardbirds and the Monkees yet Nilsson s own biggest hits were almost all written by other songwriters He won two Grammy awards had two top ten singles numerous album successes and wrote a number of songs that still sound remarkably fresh and original today Near the end of his life Nilsson s career was marked by voice damaging substance abuse and the infamous deaths of both Keith Moon and Mama Cass in his London flat Alyn Shipton s biography offers readers an intimate portrait of a man who has seemed both famous and unknowable until now From publisher description Unbored Joshua

A Tale of the Rebels: Part One (Flame, Light and Song Book 2) Adam Wodyk, There had once been a time when the flames of hatred were quelled by gentle whispers when death was a blessing and life a gift a time when people served not

savage and bloody madmen but a wise king Ledrad felt a rush of relief as though a call of joy had come to him from somewhere All was not lost the escape might be successful He and his daughter would find refuge beneath the protective eaves of the Ancient Forest forgetting the merciless gods the Ethos and the pain They would be free peaceful and joyful The feeling was too powerful to suppress With his whole being he immersed himself in it and thought of the king of that time who loved his people He thought breathing fervently and his heart beat faster as hope glowed in his eyes **The Song of the Wind in the Dry Trees** ,2014-11-05 This book of commentaries given by Zen Master Philippe Coupey covers two 13th century Japanese texts In Part I he s chosen twelve poems from the Sansho Doei a collection of poetry composed by Master Dogen Zenji between 1245 and 1253 In Part II Coupey comments on the complete text of Komyozo Zanmai written in 1278 by Dogen s disciple and successor Master Koun Ejo The author s fresh interpretation of these two classic texts rests on an intimate and fundamental experience with this material beyond space and time Coupey s words are addressed to the reader s heart shedding light on our own quest and ratifying the discoveries that we may have made along the way Clearly then the message of this book is not intended to come under the heading of scholarship or to add to our intellectual baggage but to enrich our spiritual life The twelve poems from Dogen s Sansho Doei are clear and obvious observations of nature They comprise a rich facet of Dogen s poetic sensitivity set entirely in the immediacy of real life a direct experience of ordinary consciousness Dogen s poems refer to nature nonetheless they speak of the experience of awakening at every opportunity Even if Dogen s poems refer to nature to landscapes seashores the passing of springtime it is always consciousness that is the subject Free natural ordinary consciousness that is neither for nor against Coupey from the commentary In Part II Coupey s commentary on Ejo s teaching Komyozo Zanmai he explains that this timeless teaching is a pure jewel that encapsulates and expresses the purest essence of transmitted Zen In Coupey s view this 13th century treatise is absolutely not different from all that Zen disciples have received through the ages and are in turn transmitting today This is how zazen the Way should be studied Coupey asserts [The Hundred Thousand Songs of Milarepa](#) ,2017-09-05 An authoritative new translation of the complete Hundred Thousand Songs of Milarepa the teaching songs and stories from Tibet s most beloved Buddhist yogi poet and saint Powerful and deeply inspiring there is no book more beloved by Tibetans than The Hundred Thousand Songs and no figure more revered than Milarepa the great eleventh century poet and saint An ordinary man who through sheer force of effort faith and perseverance overcame nearly insurmountable obstacles on the spiritual path to achieve enlightenment in a single lifetime he stands as an exemplar of what it is to lead a spiritual life Milarepa a cotton clad yogi wandered and taught the dharma most famously through spontaneously composed songs a colorful and down to earth way to convey the immediacy and depth of the Buddhist teachings In this work the songs are woven into a narrative that tells the stories of his most famous encounters with his students including Gampopa and Rechungpa and recount his victories over supernatural forces in the remote Himalayan mountains and caves where he meditated In this authoritative new translation

prepared under the guidance of Dzogchen Ponlop Rinpoche Christopher Stagg brilliantly brings to life the teachings of this extraordinary man This classic of world literature is important for its narrative alone but is also a key contribution for those who seek inspiration for the spiritual path

Tracking Giants Amanda Lewis, 2023-05-30 I learned I laughed I sighed I swooned What an absolutely delightful romp through the forest Kate Harris author of *Lands of Lost Borders* Intimate open hearted A personal introduction to one of the most profoundly alive places on earth John Vaillant author of *The Golden Spruce* A funny deeply relatable book about one woman's quest to track some of the world's biggest trees Amanda Lewis was an overachieving burned out book editor most familiar with trees as dead blocks of paper A dedicated indoorswoman she could barely tell a birch from a beech But that didn't stop her from pledging to visit all of the biggest trees in British Columbia a Canadian province known for its rugged terrain and gigantic trees The Champion trees on Lewis's ambitious list ranged from mighty Western red cedars to towering arbutus They lived on remote islands and at the center of dense forests The only problem Well there were many Climate change and a pandemic aside Lewis's lack of wilderness experience the upsetting reality of old growth logging the ever changing nature of trees and the pressures of her one year timeframe complicated her quest Burned out again and realizing that her checklist approach to life might be the problem she reframed her search for trees to something humbler and more meaningful getting to know forests in an interconnected way Weaving in insights from writers and artists Lewis uncovers what we're really after when we pursue the big things revealing that sometimes it's the smaller joys the mindsets we have and the companions we're with that make us feel more connected to the natural world
