*Work and Labor in American Popular Culture* Jason Russell, 2024-04-05 Crisis and decline in the working class were frequent themes in American popular culture during the 1970s In contrast more positive narratives about America's managerial and professional class appeared during the 1980s Focusing on these two key decades this book explores how portrayals of social class and associated work and labor issues including gender and race appeared in specific films television shows and music Comparing and contrasting how forms of popular media portrayed both unionized and non unionized workers the book discusses how workers' perceptions of themselves were in turn shaped by messages conveyed through media The book opens with an introduction which outlines the historical context of the immediate post war period and the heightened social political and economic tension of the Cold War era Three substantial chapters then explore film television and music in turn looking at key works including *Star Wars* *Coming Home* *9 to 5* *Good Times* *The Mary Tyler Moore Show* and the music of Bruce Springsteen and rap artists Drawing on both primary and secondary sources the book is principally situated within wider labor and working class history research and the relatively new history of capitalism historical sub field This book is vital reading for anyone interested in issues around labor and work in the media labor history and popular culture history during two key decades in modern American history

**Legacies of Ewan MacColl** Giovanni Vacca, 2016-09-17 Ewan MacColl is widely recognized as a key figure in the English folk revival who tried to convey traditional music to a mass audience Dominant in the movement during the 1950s and much of the 1960s his position has come under attack in more recent years from some scholars While it would be arrogant to claim to set the record straight this book will contribute significantly to the debate surrounding MacColl's importance MacColl gave two extended interviews with co editor Giovanni Vacca in 1987 and 1988 not long before his death and these provide the impetus for a re examination of his methods his politics and his aesthetic aims The book also provides critical overviews of MacColl's activities in the

revival and of his practices particularly as writer and singer The time is ripe for such a contribution following Peter Cox's study of the Radio Ballads and in the context of biographies by Joan Littlewood and Frankie Armstrong The contributions locate MacColl in his own historical context attempting to understand some of the characteristic techniques through which he was able to write and sing such extraordinary songs which capture so well for others the detail and flavour of their lives Great emphasis is placed on the importance of seeing MacColl as not only a British but a European folk activist through discussion of his hitherto barely known work in Italy enabling a re contextualization of his work within a broader European context The interviews themselves are fluent and fascinating narrations in which MacColl discusses his life music and experiences in the theatre and in the folk music revival as well as with a series of issues concerning folk music politics history language art and other theoretical issues offering a complete description of all the repertoires of the British Isles Peggy Seeger contributes a Foreword to the collection Famous Composers and Their Music Theodore Thomas, John Knowles Paine, Karl Klauser, 1901 *Modern Music and Musicians for Vocalists: Modern art songs*, 1918 Music and Musicians, 1926 **Work Songs** Ted Gioia, 2006-04-13 The place of music in different forms of work from the earliest hunting and planting to the contemporary office *The International Cyclopedia of Music and Musicians* Oscar Thompson, 1975
