Steve Sullivan

Songs Made Famous By The Hollies:

Writing about music Neil Pace,2016-04-28 I've been listening to music ever since I was small A few years ago I started to write about it I started to blog and to tweet and to generally annoy anyone who would care to read my secular evangelical rantings about Jonathan Richman and my inexplicable love of kitschy popular music disco hip hop and doo wop Very soon I was writing for the North East's premier music magazine NE MM which became the North East's premier music website Most of my NE MM album and gig reviews are included in Writing about music I've corrected most of the spellings but I've left in all of the grammatical errors I prefer to think of them as quirks Many of my interviews are here too Roger McGuinn Nils Lofgren Matthew Healy Ben Watt Fish Kathryn Williams Duke Special Penetration Thomas Truax Steve Hackett and Nick Heyward who told me he thought Haircut 100 were going to become Britain's Talking Heads There's other stuff too Quite a few lists let's face it making lists is what middle aged men do best including my favourite 50 debut albums which proved hugely controversial with three people on Twitter And by the way I regularly start sentences with and If you're easily offended please look away there are some excerpts from another book that's in the pipeline Quite a long way down the pipeline if I can be brutally honest *Encyclopedia of Great Popular Song Recordings* Steve Sullivan,2013-10-04 From John Philip Sousa to Green Day from Scott Joplin to Kanye West from Stephen Foster to Coldplay The Encyclopedia of Great Popular Song Recordings Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth Approximately 1 000 key song recordings from 1889 to the present are explored in full unveiling the stories behind the songs the recordings the performers and the songwriters Beginning the journey in the era of Victorian parlor balladry brass bands and ragtime with the advent of the record industry readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s The odyssey continues through the Swing Era of the 1930s rhythm the rock modern soul the British invasion and the folk rock movement of the 1960s and finally into the modern era through the musical streams of disco punk grunge hip hop and contemporary dance pop Sullivan however also takes critical detours by extending the coverage to genres neglected in pop music histories from ethnic and world music the gospel recording of both black and white artists and lesser known traditional folk tunes that reach back hundreds of years This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more about the roots of virtually all the music we hear today Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting **Cash Box Album Charts, 1955-1974** Lee Ann Hoffmann,1988 **The Top Ten Pop Songs Every Beginner Pianist Should Learn** Wise Publications,2016-12-22 **Who Did It First?** Bob Leszczak,2013-10-10 Everybody has to start somewhere Businessmen start on the ground floor and try to work their way up the corporate ladder Baseball players bide their time in the minor leagues wishing for an opportunity to move up and play in

the majors Musical compositions aren't very different some songs just don't climb the charts the first time they're recorded However with perseverance the ideal singer the right chemistry impeccable timing vigorous promotion and a little luck these songs can become very famous So writes Bob Leszczak in the opening pages of *Who Did It First Great Rhythm and Blues Cover Songs and Their Original Artists* Here readers will discover the little known history behind legendary rhythm and blues numbers on their way to the majors As Leszczak points out the version you purchased danced to romanced to and grew up with is often not the first version recorded Like wine and cheese some tunes just get better with age and behind each there is a story *Who Did It First* contains interesting facts and amusing anecdotes often gathered through Leszczak's vast archive of personal interviews with the singers songwriters record producers and label owners who wrote sang recorded and distributed either the original cut or one of its classic covers The first in a series devoted to the story of great songs and their revivals *Who Did It First* is the perfect playlist builder Whether quizzing friends at a party answering a radio station contest or simply satisfying an insatiable curiosity to know who really did do it first this book is a must have ***All Music Guide to Rock*** Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts ***All Music Guide*** Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2001-11 Arranged in sixteen musical categories provides entries for twenty thousand releases from four thousand artists and includes a history of each musical genre ***Made in Finland*** Toni-Matti Karjalainen,Kimi Kärki,2020-10-26 *Made in Finland Studies in Popular Music* serves as a comprehensive and thorough introduction to the history culture and musicology of twentieth and twenty first century popular music in Finland The volume consists of essays by leading scholars in the field and covers the major figures styles and social contexts of popular music in Finland Each essay provides adequate context so readers understand why the figure or genre under discussion is of lasting significance The book is organized into five thematic sections Emerging Foundations of Popular Music in Finland Environments Borderlines Minorities Transnationalisms Sounds from the Underground and Redefining Finnishness ***All Music Guide to Soul*** Vladimir Bogdanov,2003-08-01 This comprehensive guide is a must have for the legions of fans of the beloved and perennially popular music known as soul and rhythm blues A member of the definitive All Music Guide series the All Music Guide to Soul offers nearly 8 500 entertaining and informative reviews that lead readers to the best recordings by more than 1 500 artists and help them find new music to explore Informative biographies essays and music maps trace R B's growth from its roots in blues and gospel through its flowering in Memphis and Motown to its many branches today Complete discographies note bootlegs important out of print albums and import only releases Extremely valuable and exhaustive The Christian Science Monitor ***Doo Wop*** Bruce Morrow,Rich Maloof,2007 With abundant background and enticing images this work covers more than just the gorgeous harmonies of the unforgettable doo wop groups The landmark volume traces the development of the music politics art

architecture and popular culture of the 1950s **Mods, Rockers, and the Music of the British Invasion** James E. Perone, 2008-11-30 Musical floodgates were opened after the Beatles first appearance on The Ed Sullivan Show on February 9 1964 Suddenly the U S record charts radio and television were overrun with British rock and pop musicians Although this British Invasion was the first exposure many Americans had to popular music from the United Kingdom British pop and more specifically British rock and roll had been developing since the middle of the 1950s Author James Perone here chronicles the development of British rock from the 1950s imitators of Elvis Presley and other American rockabilly artists to the new blends of rockabilly R B Motown and electric blues that defined the British Invasion as we recognize it today Die hard fans of the Beatles the Who and the Kinks will all want a copy as will anyone interested in the 1960s more generally May 1964 saw major gang style battles break out in British resort communities between the Mods and the Rockers The tensions between the two groups had been developing for several years with each group claiming their own sense of culture and style The Mods wore designer clothing rode Vespa motor scooters and shared an affinity for black American soul music while the Rockers favored powerful motorcycles greased back hair and 1950s American rock and roll It was within this context that the sounds of the British Invasion developed Mods Rockers and the Music of the British Invasion chronicles the development of British rock through the iconic artists who inspired the movement as well as through the bands who later found incredible success overseas In addition to analyzing the music in the context of the British youth culture of the early 1960s Perone analyzes the reasons that the British bands came to so thoroughly dominate the record charts and airwaves in the United States The contributions of Cliff Richard Billy Fury Johnny Kidd and the Pirates Tommy Steele the Tornados Tony Sheridan Blues Incorporated and others to the development of British rock and roll are examined as are the contributions and commercial and artistic impact of major British Invasion artists such as the Beatles the Rolling Stones the Dave Clark Five the Yardbirds Manfred Mann the Who the Kinks and others After investigating these groups and their influences upon one another Perone concludes by examining the commercial and stylistic impact British rock musicians had on the American music of the time *The Words and Music of David Bowie* James E. Perone, 2007-06-30 All Music Guide s Stephen Thomas Erlewine has written Even when he was out of fashion in the 80s and 90s it was clear that Bowie was one of the most influential musicians in rock for better or worse In this comprehensive analysis of David Bowie s career author James Perone examines the many identities and styles Bowie has developed over the years and in so doing provides a stunning chronicle of creativity at work Born David Jones in a London suburb in 1947 David Bowie changed his name in the late 60s to avoid confusion with the singer David Jones of The Monkees This name change would turn out to be a highly prescient act for in incorporating an exceptionally wide variety of styles Bowie would become the most notorious chameleon of the rock era Due in large part to his early success in the glam rock subgenre and his claims of homosexuality dismissed by many writers as a ploy to generate public interest and record sales Bowie raised serious issues about sexual orientation in rock music

regardless of whether or not his claimed homosexuality was genuine or part of his on stage character His regular use of theatrical personae also raises interesting issues concerning authenticity and the perception of authenticity in rock music Although Bowie has been primarily an album artist his recordings of Fame Golden Years Let's Dance China Girl Blue Jean and Dancing in the Streets all made it into the Billboard top 10 singles charts Of these all but one was written or co written by Bowie Even more notable are the songs he wrote and recorded that have made an impact far in excess of their chart standing These include Space Oddity Rebel Rebel Changes Modern Love and Young Americans From his early 1970s albums like Hunky Dory and The Rise Fall of Ziggy Stardust and the Spiders from Mars in both of which he assumed the character of the fictional androgynous Stardust to Diamond Dogs Heroes Tin Machine and Black Tie White Noise Bowie's albums generated both significant word of mouth interest and some of the most contentious critical reactions of any artist of the rock era This long overdue investigation lets Bowie's artistry speak for itself After a biographical introduction chronologically arranged chapters discuss the singer's fascinating and iconoclastic body of work A discography and annotated bibliography conclude the book

The Beatles and the 1960s Kenneth L. Campbell, 2021-08-12 The Beatles are widely regarded as the foremost and most influential music band in history and their career has been the subject of many biographies Yet the band's historical significance has not received sustained academic treatment to date In *The Beatles Reception in the 1960s* Kenneth L. Campbell uses the Beatles as a lens through which to explore the sweeping panoramic history of the social cultural and political transformations that occurred in the 1960s It draws on audience reception theory and untapped primary source material including student newspapers to understand how listeners would have interpreted the Beatles songs and albums not only in Britain and the United States but also globally Taking a year by year approach each chapter analyses the external influences the Beatles absorbed consciously or unconsciously from the culture surrounding them Some key topics include race relations gender dynamics political and cultural upheavals the Vietnam War and the evolution of rock music and popular culture The book will also address the resurgence of the Beatles popularity in the 1980s as well as the relevance of The Beatles ideals of revolutionary change to our present day This is essential reading for anyone looking for an accessible yet rigorous study of the historical relevance of the Beatles in a crucial decade of social change

Encyclopedia of Music in the 20th Century Lol Henderson, Lee Stacey, 2014-01-27 The Encyclopedia of Music in the 20th Century is an alphabetically arranged encyclopedia of all aspects of music in various parts of the world during the 20th century It covers the major musical styles concert music jazz pop rock etc and such key genres as opera orchestral music be bop blues country etc Articles on individuals provide biographical information on their life and works and explore the contribution each has made in the field Illustrated and fully cross referenced the Encyclopedia of Music in the 20th Century also provides Suggested Listening and Further Reading information A good first point of reference for students librarians and music scholars as well as for the general reader

Music in the 20th Century (3 Vol Set) Dave DiMartino, 2016-04-15 This is an examination of

the crucial formative period of Chinese attitudes toward nuclear weapons the immediate post Hiroshima Nagasaki period and the Korean War It also provides an account of US actions and attitudes during this period and China's response Icons of Rock Jenny Boyd,2024-02-13 The Creative Process Behind Rock Music 1 New Release in Actor Entertainer Biographies and Songwriting What inspires the heart mind and soul of so many famous rock stars Human behavior psychologist and 1960s icon Jenny Boyd explores the artistic drive responsible for creating your favorite songs A glimpse into the creative power of music Ever since the Beatles British Invasion numerous rock bands and singers have created albums that still have many fans love and devotion today Was it raw talent or was there something below the surface that transformed these dreamers into Hollywood legends Icons of Rock invites music lovers to discover the truth behind their favorite artists and how they created the best songs of all time Investigating the psychology and chemistry behind artistic inspiration you will find how much an unconscious influence can change not only one person's life but the entire world Rock legends share their inspirational tips for music success Having experienced a life full of rock and roll author Jenny Boyd explores the psychology of rock stars not just from a scientific point but also from the musicians themselves Inside you'll find rock and roll biographies full of what drove your favorite singers and bands into stardom Featuring interviews and inspiring stories from Stevie Nicks Ringo Starr Keith Richards and more discover what makes a rock star and how you can find your own creative success by listening to your inner muse Inside Icons of Rock you'll also discover Why the unconscious is the key to success Ways musicians have nurtured their creative process How peak experiences can manifest in songwriting and concerts If you liked The Singers Talk Jennifer Juniper or Self Belief Is Your Superpower you'll love Icons of Rock *Procol Harum* Claes Johansen,2000 The one hit wonders who weren't Nine classic albums that redefined the rock classical interface Icons of Rock - In Their Own Words Jenny Boyd,2023-10-26 There have been innumerable rock star biographies and music histories before but there is no book that presents the deepest innermost thoughts from some of the industry's most legendary musicians on not only how they create but what drives their creative process Have you ever wondered how your favourite rock stars get inspired How they write a song How an album is put together What made them choose a life devoted to music Written and compiled by Jenny Boyd who has lived at the heart of the rock world since the 1960s and experienced many of its most iconic moments the book contains interviews with each musician to give the reader a compelling and groundbreaking insight into the creative process at the heart of each rock star's musical success From Eric Clapton to Mick Fleetwood Joni Mitchell to George Harrison this is a bible of rock royalty that provides an intimate portrait of their craft Icons of Rock is the perfect book for any fan that wants to know more about their favourite musicians and bands or any budding composer and performer who wants a unique insight into how the world's most legendary rock stars created and delivered their greatest music Black Sabbath and the Rise of Heavy Metal Music Andrew L. Cope,2016-04-15 The definition of heavy metal is often a contentious issue and in this lively and accessible text Andrew Cope presents a refreshing re-evaluation of the rules that define heavy

metal as a musical genre Cope begins with an interrogation of why during the late 1960s and early 1970s Birmingham provided the ideal location for the evolution and early development of heavy metal and hard rock The author considers how the influence of the London and Liverpool music scenes merged with the unique cultural climate industry and often desolated sites of post war Birmingham to contribute significantly to the development of two unique forms of music heavy metal and hard rock The author explores these two forms through an extensive examination of key tracks from the first six albums of both Black Sabbath and Led Zeppelin in which musical visual and lyrical aspects of each band are carefully compared and contrasted in order to highlight the distinctive innovations of those early recordings In conclusion a number of case studies are presented that illustrate how the unique synthesis of elements established by Black Sabbath have been perpetuated and developed through the work of such bands as Iron Maiden Metallica Pantera Machine Head Nightwish Arch Enemy and Cradle of Filth As a consequence the importance of heavy metal as a genre of music was firmly established and its longevity assured

Billboard ,1978-08-05 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Songs Made Famous By The Hollies Introduction

In the digital age, access to information has become easier than ever before. The ability to download Songs Made Famous By The Hollies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Songs Made Famous By The Hollies has opened up a world of possibilities. Downloading Songs Made Famous By The Hollies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Songs Made Famous By The Hollies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Songs Made Famous By The Hollies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Songs Made Famous By The Hollies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Songs Made Famous By The Hollies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Songs Made Famous By The Hollies has transformed the way we access information. With the convenience, cost-

effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
