American Rock Erik Farseth,2017-01-01 A guitarist fires off riffs A drummer pounds out primal rhythms Fans scream along to a booming chorus These are the sounds of rock When rock n roll first shook up young audiences parents and politicians screamed in protest But artists soon used the music to make protests of their own Since rock s birth in the 1950s its sounds have been blasted from garages to stadiums The music can be the soundtrack to rebellion a tool for self expression or just a way to bang your head Find out what inspired rock pioneers to pick up their guitars Discover the stories of outrageous punks and grungy alternative rockers And learn more about legends such as Jimi Hendrix Janis Joplin Metallica and Green Day **Sonic Life** Thurston Moore,2023-10-24 From the founding member of Sonic Youth a passionate memoir tracing the author s life and art from his teen years as a music obsessive in small town Connecticut to the formation of his legendary rock group to thirty years of creation experimentation and wonder Downtown scientists rejoice For Thurston Moore has unearthed the missing links the sacred texts the forgotten stories and the secret maps of the lost golden age This is history scuffed slightly bent plenty noisy and indispensable Colson Whitehead Pulitzer Prize winning author of *The Underground Railroad* and *Harlem Shuffle* Thurston Moore moved to Manhattan s East Village in 1978 with a yearning for music He wanted to be immersed in downtown New York s sights and sounds the feral energy of its nightclubs the angular roar of its bands the magnetic personalities within its orbit But more than anything he wanted to make music to create indelible sounds that would move provoke and inspire His dream came to life in 1981 with the formation of Sonic Youth a band Moore cofounded with Kim Gordon and Lee Ranaldo Sonic Youth became a fixture in New York s burgeoning No Wave scene an avant garde collision of art and sound poetry and punk The band would evolve from critical darlings to commercial heavyweights headlining festivals around the globe while helping introduce listeners to such artists as Nirvana Hole and Pavement and playing alongside such icons as Neil Young and Iggy Pop Through it all Moore maintained an unwavering love of music the new the unheralded the challenging the irresistible In the spirit of *Just Kids* *Sonic Life* offers a window into the

trajectory of a celebrated artist and a tribute to an era of explosive creativity It presents a firsthand account of New York in a defining cultural moment a history of alternative rock as it was birthed and came to dominate airwaves and a love letter to music whatever the form This is a story for anyone who has ever felt touched by sound who knows the way the right song at the right moment can change the course of a life Fascism, Vulnerability, and the Escape from Freedom C. Jon Delogu, 2022 A worldwide struggle between democracy and authoritarianism set against a backdrop of global surveillance capitalism is unmistakable Examples range from Myanmar China and the Philippines to Hungary Turkey Russia and the United States Fascism Vulnerability and the Escape from Freedom offers a multidisciplinary analysis drawing on psychology and literature to provide readers with a deeper understanding of the mechanisms that drive people to abandon democracy in favor of vertically organized authoritarianism and even fascism In a comparative study of texts selected for their insights and occasional blind spots regarding fascist experiments of the past 100 years Delogu examines fascism's exploitation of fear of change loss and death disruption and extreme inequality The book offers an accessible and persuasive argument linking fascist authoritarianism also called right wing populism to certain underlying conditions such as a rise in us versus them thinking distrust or simple apathy regarding democratic institutions norms and results the vulnerabilities that result from extreme inequality economic social racial and addictions and codependency Stressful events such as a pandemic an environmental disaster or deep recession aggravate these harmful factors and make the fascist temptation including the use of violence almost irresistible Delogu's distinctive examination of texts that plumb the unconscious reveal linkages between actions and unavowable motives that purely historical and theoretical studies of fascism leave out Erich Fromm's neglected 1941 classic Escape from Freedom serves as a key reference in Delogu's study as does Robert Paxton's authoritative history The Anatomy of Fascism 2004 After underscoring the argument and urgent context around these two studies Hitler's Germany and George W Bush's post 9 11 America Delogu examines novels a diary memoirs and manifestos to show how vulnerability forces individuals to choose between exclusionary fascist authoritarianism and inclusive collaborative democracy CMJ New Music Report ,1999-03-08 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ's trade publication compiles playlists for college and non commercial stations often a prelude to larger success Billboard ,1998-06-13 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,1999-07-24 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **SPIN** ,1991-08 From the concert stage to the dressing room from the recording
