The Cinematic Griot Paul Stoller, 1992-06-15 The most prolific ethnographic filmmaker in the world a pioneer of cinema vérité and one of the earliest ethnographers of African societies Jean Rouch 1917 remains a controversial and often misunderstood figure in histories of anthropology and film By examining Rouch's neglected ethnographic writings Paul Stoller seeks to clarify the filmmaker's true place in anthropology A brief account of Rouch's background revealing the ethnographic foundations and intellectual assumptions underlying his fieldwork among the Songhay of Niger in the 1940s and 1950s sets the stage for his emergence as a cinematic griot a peripatetic bard who recites the story of a people through provocative imagery Against this backdrop Stoller considers Rouch's writings on Songhay history myth magic and possession migration and social change By analyzing in depth some of Rouch's most important films and assessing Rouch's ethnography in terms of his own expertise in Songhay culture Stoller demonstrates the inner connection between these two modes of representation Stoller who has done more fieldwork among the Songhay than anyone other than Rouch himself here gives the first full account of Rouch the griot whose own story scintillates with important implications for anthropology ethnography African studies and film

Hassimi Oumarou Maiga,2009-09-10 This book offers a unique interpretation of Africa s legacy to the world and the worldwide African Diaspora through bringing to light the sociocultural contributions of the Songhay people and the cosmopolitan empire they established in West Africa **The Epic of Askia Mohammed** Thomas Albert Hale,Thomas A. Hale,1996-02-22 Askia Mohammed is the most famous leader in the history of the Songhay Empire which reached its apogee during his reign in 1493 1528 Songhay approximately halfway between the present day cities of Timbuktu in Mali and Niamey in Niger became a political force beginning in 1463 under the leadership of Sonni Ali Ber By the time of his death in 1492 the foundation had been laid for the development under Askia Mohammed of a complex system of administration a well equipped army and navy and a network of large government owned farms The present rendition of the epic was narrated by the griot or jesser Nouhou Malio over two evenings in Saga a small town on the Niger River two miles downstream from Niamey The text is a word for word translation from Nouhou Malio s oral performance *The Desert Shore* Christopher Wise,2001 Conquistadors of the Red City: The Moroccan Conquest of the Songhay Empire Comer Plummer III,2018-01-09 Conquistadors of the Red City The Moroccan Conquest of the Songhay Empire recounts the ambitions of a sixteenth century Moroccan ruler to defy geography and send his army across the Sahara Desert in search of the elusive gold fields of West Africa In destroying the empire of the Songhay the Moroccans established a trans Saharan state but their quest for riches proved to be futile and ruinous for themselves and for the entire region This extraordinary chapter of African history is told through Moroccan and West African chroniclers as well as Western travelers and hostages at the Moroccan imperial court in Marrakech Their unique perspectives offer rare insight into one of the most important chapters in the history of early modern Africa and the precursor of an even more devastating phase of the exploitation of the continent the Atlantic slave trade

Marq De Villiers, Sheila Hirtle, 2012-11-13 The first book for general readers about the storied past of one of the world's most fabled cities Timbuktu the name still evokes an exotic faraway place even though the city's glory days are long gone Unspooling its history and legends resolving myth with reality Marq de Villiers and Sheila Hirtle have captured the splendour and decay of one of humankind's treasures Founded in the early 1100s by Tuareg nomads who called their camp Tin Buktu it became within two centuries a wealthy metropolis and a nexus of the trans Saharan trade Salt from the deep Sahara gold from Ghana and money from slave markets made it rich In part because of its wealth Timbuktu also became a centre of Islamic learning and religion boasting impressive schools and libraries that attracted scholars from Alexandria Baghdad Mecca and Marrakech The arts flourished and Timbuktu gained near mythic stature around the world capturing the imagination of outsiders and ultimately attracting the attention of hostile sovereigns who sacked the city three times and plundered it half a dozen more The ancient city was invaded by a Moroccan army in 1600 beginning its long decline since then it has been seized by Tuareg nomads and a variety of jihadists in addition to enduring a terrible earthquake several epidemics and numerous famines Perhaps no other city in the world has been as golden and as deeply tarnished as Timbuktu Using sources dating deep into Timbuktu's fabled past alongside interviews with Tuareg nomads and city residents and officials today de Villiers and Hirtle have produced a spectacular portrait that brings the city back to life Historical

African Empire of Songhai in 10 Easy Lessons Robin Walker, Sif Millar, 1999 **The Peoples of the Middle Niger**

Roderick James McIntosh, 1998-10-15 The Peoples of the Middle Niger This book provides the first comprehensive history of the peoples of the Middle Niger written by an English speaking scholar The Island of Gold was the medieval Muslim and later European name for a fabled source of gold and other tropical riches Although the floodplain of the Niger river lies far from the goldfields the mosaic of peoples along the Middle Niger created a wealth of grain fish and livestock that supported some of Africa's oldest cities including Timbuktu These ancient cities of the region that came to be known as Western Sudan were founded without outside stimulation and their inhabitants long resisted the coercive centralized state that characterized the

origins of earliest towns elsewhere In this book Roderick James McIntosh uses the latest archaeological and anthropological research to provide a bold overview of the distant origins of life for the inhabitants of the Middle Niger and an explanation for their social evolution He shows for instance the difficulties the peoples faced in adapting to an unpredictable climate and how their particular social organization determined the unusual nature of their responses to that change Throughout the book oral traditions are integrated into the story providing vivid insights into the inhabitants complex culture and belief systems

The Thinking Past Adrian Cole, Stephen Ortega, 2014-08-26 Changes in the 21st century classroom and recent shifts in academic pedagogy suggest that information for information sake is in the process of being phased out for a problem case based approach to learning Students now are being asked to learn material outside of the class so they can engage in active classroom discussion and participate in different group activities Not only content therefore but style in the classroom is changing fast the flipped classroom being ever more popular Part of the challenge for the world historian is figuring out how this type of pedagogy can be applied in a setting where the sage on the stage approach is being replaced by more interactive forms of learning Asked to regularly participate students are being asked not to memorize but how to think and how to evaluate the reliability of different sources of information Looking to build on interactive learning *The Thinking Past* is based on the premise that asking questions and evaluating sources represents a new and an insightful way of presenting material on world history While content on states such as the Songhay the Ming and the Aztecs and on nomadic people remains an important part of the work we believe that the classroom experience of debating different issues such as the origins of war and the nature of empire serves as a solid foundation for actually thinking about world history
