The Oedipus Complex in D. H. Lawrence's Sons and Lovers Louise Hathaway, I've been a big fan of D H Lawrence since my first year of college I loved his novels Lady Chatterley's Lover Women in Love and The Rainbow The novel that I couldn't quite get my arms around was Sons and Lovers the strange story about a mother who smothered her son with her possessive love and treated him like a substitute for her abusive husband When I was reading it I kept thinking Is it just me or does this really seem like The Oedipus Complex going on in this relationship I wanted to see what the critics said and what Lawrence himself thought Were his parents like the ones depicted in Sons and Lovers That is what this critical essay is all about At the end of the essay I've included some of my photos of Lawrence's house in Eastwood England where he was born and in New Mexico where his ashes are interred The painting on the book cover is by Dominique Van Rentergem **The Australian**

**Garden Lover**, 1928 Radicalizing Lawrence Robert Burden, 2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence's texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence's fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence's writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results **Space and Place in the Works of D.H.**

**Lawrence** Stefania Michelucci, 2015-10-02 Originally published in Italian as *L'orizzonte mobile spazio e luoghi nella narrativa di D H Lawrence* in 1998 this critical study analyzes the work of D H Lawrence in light of new theories about space and location or place and community This approach is especially useful in examining Lawrence as place and space are central aspects of all of his work The introductory chapter explains the theoretical premises drawing extensively from anthropology especially insofar as the relationship between culture and nature or community and place are concerned This chapter also offers theories based on semiotics sociological concerns and recent research in human geography and environmentalism Succeeding chapters analyze functional aspects of place and space in D H Lawrence's work Lawrence's major novels and stories provide the main focus of this book but attention is also paid to lesser known texts both fiction and nonfiction This work provides a new approach to studies on D H Lawrence opening up new insights for both scholars and students alike
