Fathers and Sons (eBook) Angus Buchan, 2015-03-02 Next to God a family is the most important relationship a person can possibly have in this life The Lord never designed us to be on our own We need each other just like iron sharpens iron just like coal needs fire in order to burn brightly **FATHERS AND SONS** is a call to fathers to guard their relationship with their sons and for sons to treasure their

relationship with their father with passion and purpose Some of the themes Angus Buchan discusses in FATHERS AND SONS includes Dad s affirmation role models grace and respect humility versus pride sacrifice what constitutes a father and tough love FATHERS AND SONS will encourage every father to be the father that God wants him to be and reveals the incredible impact it will have on his children **The Most Important Thing** Avi,2016-04-26 Noveller About the vital ties between fathers and sons

Fathers and Adolescents Shmuel Shulman,Inge Seiffge-Krenke,2015-12-22 The understanding and study of fathers has traditionally assumed that fathers compared to mothers are less involved with their children Originally published in 1997 Fathers and Adolescents presents a different approach that focuses on the distinctive role of fathers in the lives of their adolescents especially in their role in adolescents attainment of developmental tasks Drawing on a variety of disciplines the authors examine the relationships of fathers to their adolescents in the context of a changing society They find that fathers interact in ways that are different from those of mothers but that are important for both normal and disturbed adolescent development Psychopathological aggressive and incestuous behaviour is considered as well as the role of the father in more ideal circumstances Drawing on the authors wealth of clinical experience this title will still be an important resource for all professionals working with adolescents as well as those in research The All India Digest, Section II (civil), 1811-1911 T. V. Sanjiva Row,Pinayur Ramanatha Aiyar,Palangamal Hari Rao,1912

Adolescent Relations with Mothers, Fathers and Friends James Youniss,Jacqueline Smollar,1985 This book is a companion piece and extension of an earlier analysis of parent and friend relations their structure and functions in children s social and personal development James Youniss Parents and Peers in Social Development A Sullivan Piaget Perspective University of Chicago Press 1980 The present book focuses on adolescents in these same relations It presents two kinds of material first adolescents own descriptions of interactions they have had in these relations and second theory regarding what these relations are and how they contribute to development As before relations are treated in the ideal typical sense as descriptions are synthesized across subjects to yield average characteristics that define structure Fathers and Families Henry B. Biller,1993-01-21 Biller well known for his extensive research into the impacts of involved fathering or the absence thereof provides a comprehensive straightforward analysis of just how important paternal involvement really is He describes the great advantages accruing to a child when the father as well as the mother actively participates in the parenting process Fathers who sustain high interest and a true presence in a child s nurturing significantly influence body image self esteem moral standards intellectual achievement and social competency The benefits Biller shows extend beyond the father child relationship and include heightened spousal satisfaction and a sense of overall family well being The reciprocal influences of father mother and child development are considered within a lifespan biopsychosocial perspective This is an important and compelling treatment of a topic of immense concern not only to individual families but to society as a whole Biller by relating specific issues to fathers roles and influences offers the first integrated analysis of just how important a father s caring

presence and active involvement is to his child s and spouse s psychosocial well being This balanced study of paternal factors addresses not only such issues as nurturance discipline and the cultivation of self esteem intelligence and creativity but also family problems so evident in current society There is a thorough analysis concerning complex connections among gender roles parenting and personality development The work is highly substantive realistic and encouraging in its potential for guidance and offers insightful useful conclusions on paternal behavior and influences

After Visiting Friends Michael Hainey, 2014-02-18 A decade in the writing the haunting story of a son s quest to understand the mystery of his father s death a universal memoir about the secrets families keep and the role they play in making us who we are Michael Hainey had just turned six when his uncle knocked on his family s back door one morning with the tragic news Bob Hainey Michael s father was found alone near his car on Chicago s North Side dead of an apparent heart attack Thirty five years old a young assistant copy desk chief at the Chicago Sun Times Bob was a bright and shining star in the competitive hard living world of newspapers one that involved booze soaked nights that bled into dawn And then suddenly he was gone leaving behind a young widow two sons a fractured family and questions

surrounding the mysterious nature of his death that would obsess Michael throughout adolescence and long into adulthood. Finally, roughly his father's age when he died, and a seasoned reporter himself, Michael set out to learn what happened that night. Died after visiting friends, the obituaries said. But the details beyond that were inconsistent. What friends? Where? At the heart of his quest is Michael's all too silent, opaque mother, a woman of great courage and tenacity and a steely determination not to look back. Prodding and cajoling his relatives and working through a network of his father's buddies who abide by an honor code of silence and secrecy, Michael sees beyond the long-held myths and ultimately reconciles the father he'd imagined with the one he comes to know, and in the journey discovers new truths about his mother. A stirring portrait of a family and its legacy of secrets. After visiting friends is the story of a son who goes in search of the truth and finds not only his father but a rare window into a world of men and newspapers and fierce loyalties that no longer exists. Strong Mothers, Strong Sons Meg Meeker, 2015-04-07. A timely and empowering book featuring solid practical advice for women on how to properly nurture their sons. Kirkus Reviews. Boys today face unique challenges and pressures, and the burden on mothers to guide their children through them can feel overwhelming. Calling upon over thirty years of experience as a pediatrician and a mother of four, Meg Meeker, M.D., shares the secrets that every mother needs to know in order to strengthen or rebuild her relationship with her son, including the crucial role mothers play in teaching their sons to respect women as they grow up, the importance of conveying the values of hard work, community service, and a well-developed inner life, the natural traps mothers of boys often fall into, and how to avoid them, the key to raising sons without emotional baggage and limitations, the best ways to survive the moments when the going gets tough, and a mom's natural ways of communicating, talking, analyzing, exploring, only fuel the fire. By providing encouragement, education, and essential advice, this empowering book offers a road map to help mothers find the strength and confidence to raise extraordinary sons so that they will become the men they are meant to be.
