Sons of the Yellow Emperor Lynn Pan,1990 A study of the continuing migration of the Chinese diaspora The book blends history biography and travel writing with a personal portrait from the author *Sons of the Yellow Emperor* Lynn Pan,1990

*On Not Speaking Chinese* Ien Ang,2005-07-08 In this major new book leading cultural thinker Ien Ang engages with urgent questions of identity in an age of globalisation and diaspora The starting point for Ang s discussion is the experience of visiting Taiwan Ang a person of Chinese descent born in Indonesia and raised in the Netherlands found herself faced with an almost insurmountable difficulty surrounded by people who expected her to speak to them in Chinese She writes It was the beginning of an almost decade long engagement with the predicaments of Chineseness in diaspora In Taiwan I was different because I couldn t speak Chinese in the West I was different because I looked Chinese From this autobiographical beginning Ang goes on to reflect upon tensions between Asia and the West at a national and global level and to consider the disparate meanings of Chineseness in the contemporary world She offers a critique of the increasingly aggressive construction of a global Chineseness and challenges Western tendencies to equate Chinese with Asian identity Ang then turns to the West exploring the paradox of Australia s identity as a Western country in the Asian region and tracing Australia s uneasy relationship with its Asian neighbours from the White Australia policy to contemporary multicultural society Finally Ang draws together her discussion of Asia and the West to consider the social and intellectual space of the in between arguing for a theorising not of difference but of togetherness in contemporary societies *Walking with Those Asian Tiger Families* Kin Kok Low,2019-11-26 This JOURNEY describes the lives of several Chinese families living in a foreign country Australia they later call home Chan Ah Kow and wife Sussan Leong left two well paid careers in kiasu Singapore to re start life in Australia The Hoys from Guangzhou arrived in Australia as early settlers since the gold mining days in the 1880s and yet are made to feel they are foreigners The Lius from Beijing came to Australia on business visa They feel privileged to be Australians and proud of their Motherland China Kevin Hartono scion of a wealthy Indonesian Chinese family found his ideal wife Liu Bing Bing a medical doctor Wong Ah Tuck left colonial Hong Kong to Melbourne as a yat kok tek at Little Bourke Street Cantonese word for a casual worker in a Chinese restaurant and married Malaysian Colombo Plan student Karen Teoh who set up her own law practice because no White law firm was willing to hire her even though she topped her final year law class at Monash University Jonathan Low has to rebuild his personal brand and changed profession from a highly qualified technology professional to a customer services associate working for a big Australian retail company Cheong Sook left Shatin Hong Kong to Melbourne s Chinatown as a yat kok tek ending up as restaurant owner and accepted Jesus as his Lord and Saviour The Scripting of A National History Lysa Hong,Jianli Huang,2008-04-01 Rather than presenting another narrative of Singapore history The Scripting of a National History Singapore and Its Pasts studies the constructed nature of the history endorsed by the state which blurs the distinction between what happened in the past and how the state intends that past to

be understood The People s Action Party PAP government s unbroken mandate to rule has come in no small part from the way it explains its lineage and record to Singaporeans The power vested in various aspects of Singapore s history is thus examined through a consideration of past and present politics The authors trace state discourses on Singapore history from the decision immediately after independence to recognize the nineteenth century British acquisition of the island as its founding moment to the 1980s and 1990s when an essentially Confucian heritage was recognized under the rubric of Asian values and finally to an emphasis on the history of racial fragility and harmony in response to the threat of terrorism in the twenty first century Embedded within these discourses is the story of the PAP as the heir of the economic dynamics of the pax Britannica as an exponent of the morality and righteousness of the Chinese scholar gentleman and as the firm hand that balances the interests of the majority Chinese against those of the minority populations particularly the Malays The authors examine the underlying template of Singapore history the negotiation with its immigrant past and the popularization of history through conscription of national heroes The chapters range from considering how political leaders claim to be historians by virtue of being the makers of history to the vicissitudes undergone by two originally private homes turned into symbols of Singapore s Chinese modernity The Scripting of a National History Singapore and Its Pasts is highly relevant not only to academics but also for the Singapore general reader interested to see what are meant to be received wisdoms for the citizenry interrogated in a well reasoned and engaging exercise as well as for an international readership to whom Singapore has become a fascinating enigma They may well be intrigued by the anxieties of being Singaporean

**Migrations and Belongings** Dirk Hoerder, 2014-04-21 Migrations and Belongings traces burgeoning population flows across several continents from 1870 to 1945 and explains the variables involved and the processes of acculturation by which belonging takes shape Migration it shows is both a critique of unsatisfactory conditions in one society and a contribution of human capital to another

Strangers on the Western

Front Guoqi Xu, 2011-02-18 These laborers mostly illiterate peasants from north China came voluntarily and worked in Europe longer than any other group Xu explores China's reasons for sending its citizens to help the British and French and later the Americans the backgrounds of the workers their difficult transit to Europe across the Pacific through Canada and over the Atlantic and their experiences with the Allied armies It was the first encounter with Westerners for most of these Chinese peasants and Xu also considers the story from their perspective how they understood this distant war the racism and suspicion they faced and their attempts to hold on to their culture so far from home **Writing Diaspora** Rey

Chow, 1993-06-22 this is no doctrinaire tract but rather a concerted attempt to look at important cultural problems from a fresh perspective Chow's book is an excellent example of its type Discourse Society I believe that Rey Chow has written a powerful set of essays which offer a critical strategy for approaching questions of otherness and other societies by forcing us to constantly reassess our position Harry Harootunian Writing Diaspora questions aspects of cultural politics including the legacies of European imperialism and colonialism the media pedagogy literature literacy sexuality intellectual labor the uses and abuses of theory and popularized notions about others **The Chinese in Europe** Gregor Benton, Frank N.

Pieke, 2016-07-27 The Chinese are among Europe's oldest immigrant communities and are now in several countries among the biggest and economically the most powerful drawing increasing interest from other ethnic minorities governments and researchers This volume opens up and delineates this new field of European overseas Chinese studies reporting on pioneering research on the Chinese in Britain Denmark France Germany Hungary Italy the Netherlands Portugal and Spain and exploring the networks self organizations and migration patterns that are the fabric of the Chinese community in Europe together with the issues of identity language integration and community building that Chinese throughout the continent face

Global Diasporas Robin Cohen, 2008-03-17 In a perceptive and arresting analysis Robin Cohen introduces his distinctive approach to the study of the world's diasporas This book investigates the changing meanings of the concept and the contemporary diasporic condition including case studies of Jewish Armenian African Chinese British Indian Lebanese and Caribbean people The first edition of this book had a major impact on diaspora studies and was the foundational text in an emerging research and teaching field This second edition extends and clarifies Robin Cohen's argument addresses some critiques and outlines new perspectives for the study of diasporas It has also been made more student friendly with illustrations guided readings and suggested essay questions **Media and the Chinese Diaspora** Wanning

the Chinese diaspora in Singapore Indonesia Thailand and Australia showing how it plays a crucial role in the changing nature of the Chinese diaspora      **Chinatown in Britain** Wai-ki Luk,2008 The focus of this book is on Chinese immigration in the past two decades and its spatial manifestations in Britain A major argument in this study is that if the 1980s can be recorded as a turning point in the history of Chinese immigration to Britain because the decade marked a substantial increase in and a diversity of Chinese immigrants it should also be considered a landmark in contemporary British urban history as it featured a major transformation in the Chinese urban landscape This book examines how changes in the contexts of exit and reception have stimulated quantitative and qualitative changes in Chinese immigration and how these changes in immigration facilitate the development of Chinatowns and Chinese settlements      **Taiwan's Informal Diplomacy and**

**Propaganda** Gary D. Rawnsley,2000-03-28 How do governments that do not enjoy formal diplomatic relations use propaganda When a government is denied recognition by the international community it must explore every avenue of publicity available to project its image and policies For such actors propaganda can become diplomacy out of necessity The Republic of China on Taiwan is such a government and its predicament is the subject of this book It discusses the relationship between diplomacy and propaganda from an exciting new perspective illustrated by a fascinating case study

**Dangerous Strangers** K. Mullen,2005-08-19 Have newcomers to American cities been responsible for a disproportionate amount of violent crime *Dangerous Strangers* takes up this question by examining the incidence of criminal violence among several waves of immigrant ethnic groups in San Francisco over 150 years By looking at a variety of groups Irish German Italian and Chinese immigrants primarily and their different experiences at varying times in the city's history this study addresses the issue of how much violence can be attributed to new groups treatment by the host society and how

much can be traced to traits found in their community of origin Dangerous Strangers fills an acknowledged gap in the literature of homicide studies and broadens our understanding of newcomer violence *Chinatown in a Transnational World* Vanessa Künnemann, Ruth Mayer, 2012-03-22 This book explores the history the reality and the complex fantasy of American and European Chinatowns and traces the patterns of transnational travel and traffic between China South East Asia Europe and the United States which informed the development of these urban sites Despite obvious structural or architectural similarities and overlaps Chinatowns differ markedly depending on their location European versions of Chinatowns can certainly not be considered mere replications of the American model Paying close attention to regional specificities and overarching similarities Chinatowns thus discloses the important European backdrop to a phenomenon commonly associated with North America It starts from the assumption that the historical and modern Chinatown needs to be seen as complicatedly involved in a web of cultural memory public and private narratives ideologies and political imperatives Most of the contributors to this volume have multidisciplinary and multilingual backgrounds and are familiar with several different instances of the Chinese diasporic experience With its triangular approach to the developments between China and the urban Chinese diasporas of North America and Europe Chinatowns reveals connections and interlinkages which have not been addressed before The Chinese in Vancouver, 1945-80 Wing Chung Ng, 2011-11-01 In *The Chinese in Vancouver* Wing Chung Ng captures the fascinating story of the city's Chinese in their search for identity He juxtaposes the cultural positions of different generations of Chinese immigrants and their Canadian born descendants and unveils the ongoing struggle over the definition of being Chinese It is an engrossing story about cultural identity in the context of migration and settlement where the influence of the native land and the appeal of the host city continued to impinge on the consciousness of the ethnic Chinese *The Chinese in Canada* is long overdue in view of the many previous studies that tend to describe Chinese people as victims of racial prejudice and discrimination and Chinese identity a matter of Western cultural hegemony Ng's account gives the Chinese people their own voice and shows that the Chinese in Vancouver had much to say and often disagreed about the meaning of being Chinese In his concluding chapter Ng looks beyond the Canadian context by engaging in a comparative discussion of the experiences of ethnic Chinese elsewhere in the diaspora References to the Chinese in various Southeast Asian countries and the U S force a rethinking of Chineseness He ends with reflections about Vancouver's Chinese community since 1980 State/Nation/Transnation Katie Willis, Brenda S. A. Yeoh, 2004-05-05 This edited volume examines the relationship between the nation and the transnation focusing on transnational communities in the Asia Pacific region Setting the book within a theoretical framework the authors explore a range of themes such as migration identity and citizenship in chapters on China the Philippines Malaysia Vietnam Japan Indonesia Australia Singapore and Cambodia China Abroad Elaine Yee Lin Ho, Julia Kuehn, 2009-01-01 The book seeks to address how movements across cultures shape the different ways in which China and Chineseness have been imagined and represented since the beginning of the

last century In so doing it aims to offer an overview of the debate about Chineseness as it has emerged in different global locations
