Those Kids Yours? Cheri Register, 2010-06-15 The question Are those kids yours has a familiar ring to parents who have adopted children from South Korea India Colombia the Philippines and other countries As natural and normal as it feels to them to be together such families are often asked to explain their obvious difference In rich personal stories drawn from her own experience as the mother of two Korean born daughters and from interviews with other parents and with adopted children from six to thirty Cheri Register both affirms the normality of internationally adoptive families and highlights the special challenges they do indeed face The book addresses many central questions about international adoption why children are in need of adoption outside the country of their birth why parents choose to adopt from other countries and how parents

and children of very different origins become a real family International adoption is a controversial matter in countries from which children are coming to the United States but adoptive families have had little voice as yet in the debate With honest thoughtful analysis honed by personal experience Register addresses the ethical issues inevitably raised by adoption across lines of culture race and social class Are parents in the wealthier nations entitled to raise children left homeless in other parts of the world by poverty or social stigma Is placement in another country an appropriate solution for children whose parents cannot raise them Insightful comprehensive and eloquent Are Those Kids Yours is a unique resource for parents raising internationally adopted children and for those who are contemplating intercountry adoption as well as for the children as they grow up their extended families and friends and adoption and mental health professionals Managing Urban America Robert E. Guy, Marilyn M. Rubin, 2015-03-02 Public Administration Evolving From Foundations to the Future demonstrates how the theory and practice of public administration has evolved since the early decades of the twentieth century Each chapter approaches the field from a unique perspective and describes the seminal events that have been influential in shaping its evolution This book presents major trends in theory and practice in the field provides an overview of its intellectual development and demonstrates how it has professionalized The range from modernism to metamodernism is reflected from the perspective of accomplished scholars in the field each of whom captures the history environment and development of a particular dimension of public administration Taken together the chapters leave us with an understanding of where we are today and a grounding for forecasting the future Work and the Welfare State Evelyn Z. Brodtkin, Gregory Marston, 2013-08-14 Work and the Welfare State places street level organizations at the analytic center of welfare state politics policy and management This volume offers a critical examination of efforts to change the welfare state to a workfare state by looking at on the ground issues in six countries the US UK Australia Denmark Germany and the Netherlands An international group of scholars contribute organizational studies that shed new light on old debates about policies of workfare and activation Peeling back the political rhetoric and technical policy jargon these studies investigate what really goes on in the name of workfare and activation policies and what that means for the poor unemployed and marginalized populations subject to these policies By adopting a street level approach to welfare state research Work and the Welfare State reveals the critical yet largely hidden role of governance and management

reforms in the evolution of the global workfare project It shows how these reforms have altered organizational arrangements and practices to emphasize workfare s harsher regulatory features and undermine its potentially enabling ones As a major contribution to expanding the conceptualization of how organizations matter to policy and political transformation this book will be of special interest to all public management and public policy scholars and students *Contemporary Trends in Children's and Young Adults' Literature* Wanda Gale Breedlove,1990 **Government Gazette** Straits Settlements,1926
