New York Magazine ,1983-02-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Madness of Art Robert Phillips,2003-03-01 Robert Phillips s conversational yet penetrating approach yields self assessments that read like new essays by the writers themselves Conducted over the course of twenty years many of these pieces were first published in the Paris Review Taken from a passage Henry James the title speaks to the madness that drives our greatest works of creativity Phillips s interviews bring out this madness in its most important sense the writers are seers and visionaries whose works inspire us beyond the limits of reason The conversations recorded in The Madness of Art attain that same level of inspiration and power Phillips questions his interviewees about their work methods daily lives influences sources of inspiration relationship to other literary figures response to critics choice of genre audience and reasons for writing

Varieties of Southern Religious Experiences Samuel S. Hill,1988-01-01 Over the past twenty years there has been a dramatic increase in the number scope and quality of studies of religion in the American South This new work has been inspired and furthered by a growing acknowledgment of the importance of religious studies in general by the conviction that religion has always been basic to popular discourse in the South and by an awareness of the bearing of religion on the political economic and social spheres of life The authors represented in this collection are professors of religion sociology and history and are all

part of a new wave of scholars with fresh orientations toward the study of southern religion The essays cover a wide variety of subjects ranging chronologically from John Boles's work on white/black relations in antebellum biracial churches to William Martin's treatment of what he calls the electronic church of the 1980s the television audience congregations who follow evangelists such as Jerry Falwell and Pat Robertson The book encompasses a wide range of points of view socioeconomic classes and denominations In addition to C Eric Lincoln's essay on the history of the black church in America there are J Wayne Flynt's on the social gospel among southern Protestants from 1890 to 1920 David Edwin Harrell's on plain folk religion in the South from 1835 to 1920 Randall M Miller's on southern Catholicism and Ralph E Luker's on the ideas of the Episcopal theologian William Porcher DuBose Wade Clark Roof shows how the unchurched in both the South and the rest of the nation reflect the general modernizing process and Richard L Rubenstein treats the relationship between slavery and the Holocaust in William Styron's *Sophie's Choice* Clarence C Gen writes on the sectional splits in the major denominations prior to the Civil War and in his introduction and conclusion to the collection Samuel S Hill places these ten essays clearly in the context of our current understanding of southern religion and suggests the ways in which this work breaks new ground and points to important new interpretations These essays reflect the central assumption that there has been a distinct South for a long time and they also reveal and examine the genuine diversity of that region's religious history The book is effective and engaging in its treatment of southern religion as an identifiable cultural entity as well as in its evocation of the rich diversity of the parts of that entity

On the Turn Bárbara Arizti, Silvia Martínez-Falquina, 2009-05-05 *On the Turn* The *Ethics of Fiction in Contemporary Narrative in English* is an attempt to listen to the various voices that participate in the current dialogue on the relationship between fiction and ethics The editors' introduction investigates the current state of affairs on the return to

ethics in critical and literary consideration and it opens up the way for the variety of approaches that follows. Participants include internationally recognized scholars like Andrew Gibson, Patricia Waugh, or Native American fiction writer and poet Gordon Henry, winner of the American Book Award in 1995. All in all, contributors cover a significant geographical diversity and their approaches also vary from general theory to particular examples, from traditional interpretations to post deconstruction ethics. Authors analyze texts both mainstream and marginal, colonial and postcolonial; they examine the ethics of race, gender, and sexuality; the ethics of self-positioning and orientation; the ethics of style; the ethics of reception; the ethics of mode and genre; the ethics of extreme situations of evil, disease, and fascism. In its search for a better understanding of the global, nationalistic world of today, *On the Turn* therefore moves beyond the scope of literary criticism into issues of wider, more urgent relevance. What should I, ought I, may I, must I do if anything, on the basis of reading when I have read a literary work? What does reading a literary work authorize or even command me to do? Writing an essay about the work would be one response. *On the Turn* is a wonderfully diverse, learned, challenging, provocative, even sometimes controversial collection of essays on the ethical dimensions of literature. This book is testimony to the continued, lively interest in the ethical turn in literary studies. The authors are for the most part concerned with ethical theory and with ethically charged situations in postmodern novels in English as they shape readers' values and judgments. Poetry and non-print media are however also discussed. J. Hillis Miller, UCI Distinguished Research Professor of Comparative Literature and English, University of California at Irvine. *The Ethics of Fiction* is an important and exciting volume that explores with energy and rigour the connections between ethics and literature. Relating literature to philosophy, neurobiology, politics, religion, deconstruction, and psychoanalysis, the twenty-two contributors richly advance the ethical turn recently embraced by many critics. Works by authors such as Ian McEwan, A. S. Byatt, Charles Palliser, Hanif Kureishi, J. M. Coetzee, David Malouf, George Orwell, E. L. Doctorow, Flannery O'Connor, Toni Morrison, and Paul Auster are presented in a new light and complex topics such as territoriality, the nature of love, Islamophobia, and the politics of representation are tackled with imagination and intellectual integrity. This book is essential reading for anyone interested in the dialogue between ethics and literature. Avril Horner, Professor of English, Kingston University. **New York Magazine**, 1983-02-07. *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. Moral Strata, John R. Welch, 2014-09-19. This volume recreates the received notion of reflective equilibrium. It reconfigures reflective equilibrium as both a cognitive ideal and a method for approximating this ideal. The ideal of reflective equilibrium is restructured using the concept of discursive strata, which are formed by sentences and differentiated by function. Sentences that perform the same kind of linguistic function constitute a

stratum The book shows how moral discourse can be analyzed into phenomenal instrumental and teleological strata and the ideal of reflective equilibrium reworked in these terms In addition the work strengthens the method of reflective equilibrium by harnessing the resources of decision theory and inductive logic It launches a comparative version of decision theory and employs this framework as a guide to moral theory choice It also recruits quantitative inductive logic to inform a standard of inductive cogency When used in tandem with comparative decision theory this standard can aid in the effort to turn the undesirable condition of reflective disequilibrium into reflective equilibrium *New York Magazine* ,1983-02-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **From Cooper to Philip Roth** ,2021-11-08 *Books Out Loud* ,2007 *Awake in the Dark* Roger Ebert,2022-12-22 A collection of greatest film reviews from a critic who understands how to pop the hood of a movie and tell us how it runs Steven Spielberg Pulitzer Prize winning film critic Roger Ebert wrote movie reviews for the Chicago Sun Times for over forty years His wide knowledge keen judgment and sharp sense of humor made him America s most celebrated film critic the only one to have a star dedicated to him on the Hollywood Walk of Fame His hit TV show At the Movies made two thumbs up a coveted hallmark in the industry From The Godfather to GoodFellas from Cries and Whispers to Crash the reviews in Awake in the Dark span some of the most exceptional periods in film history from the dramatic rise of rebel Hollywood and the heyday of the auteur to the triumph of blockbuster films such as Star Wars and Raiders of the Lost Ark to the indie revolution The extraordinary interviews included capture Ebert engaging with such influential directors as Martin Scorsese Steven Spielberg Woody Allen Robert Altman Werner Herzog and Ingmar Bergman as well respected actors as diverse as Robert Mitchum James Stewart Warren Beatty and Meryl Streep Also gathered here are some of his most admired essays among them a moving appreciation of John Cassavetes and a loving tribute to the virtues of black and white films A treasure trove for film buffs Awake in the Dark is a compulsively readable chronicle of film since the late 1960s Ebert has a keen understanding of the way movies work Martin Scorsese Ebert s criticism shows a nearly unequalled grasp of film history and technique A O Scott New York Times **New York Magazine** ,1983-03-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Rereading William Styron Gavin Cologne-Brookes,2014-01-13 The first critical study of William Styron since his death in 2006 Rereading William Styron offers an eloquent reflection on the writer s works world

and character Bringing an innovative approach to literary criticism Gavin Cologne Brookes combines personal anecdote scholarly research travel writing and primary material to provide fresh perspectives on Styron s achievements For Cologne Brookes rereading unfolds in two ways through close analysis of texts and through remembrance He begins with reminiscences about the man behind the books and then giving due consideration to Styron s stories incidental writings and posthumous publications interprets anew all his significant work from the nonfiction including his acclaimed memoir of depression *Darkness Visible* to the novels *Lie Down in Darkness* *Set This House on Fire* *The Confessions of Nat Turner* and *Sophie s Choice* Defining the relevance of Styron s writing in terms of everyday life Cologne Brookes explores the intricate relationships between an author his work and his readership and between history and fiction and writing and place The book s emphasis on subjectivity and dynamic interaction makes it unique in Styron criticism and a striking contribution to the debate about what it means to study literature

Ethics and Business Bart Wernaart,2021-05-26 Ethics in business is not a new topic and has been intensely discussed since the emergence of the so called limited companies However privatization technological and digital innovation changes in moral perception economic and financial crises and globalization stir a more recent debate on how companies should behave in our societies This book starts from the position that ethics in business should imply an open debate on norms and values using a sound methodology to get there Ethics should cross borders not only the borders of a country but also the borders of someone s moral imagination Ethics should not only be about harmony but also about conflict and how to deal with that Ethics should be realistic and well substantiated by academic research Ethics should be used to understand the complexity of the world and the challenges companies struggle with on various levels Therefore this book is composed of three parts in which ethics is discussed at different levels In part one we discuss ethics at the level of the individual In part two we discuss ethics and business In the third part ethics is discussed in the context of a globalized world In each chapter we discuss the ethical complications of each topic from various and preferably opposing perspectives Each perspective is methodologically and academically substantiated Each chapter ends with an extensive literature list in which the original sources are listed for further reading Furthermore at the end of each chapter a summary is written in which the most important definitions and viewpoints are highlighted The frequent use of colorful and bold examples make this an accessible read for bachelor and master students at business schools and professionals in international business
