earth As she relates the experiences of the chimpanzees who have survived war abandonment and abuse at the hand of humanity before reclaiming their lives as part of the Chimfunshi family Siddle vividly evokes each of their unique personalities There is Milla the wise elderly chimp Jane Goodall brings to the Siddles who after living among humans for decades and acquiring a taste for cigarettes and beer must reintegrate into chimp society There is Sandy the mischievous troublemaker whose antics distress the sanctuary s humans and primates alike until a frightening brush with a local predator changes him forever And there is Rita the emotionally scarred young chimp who blossoms in maturity to become a devoted mother Humorous and heartbreaking full of insight and wonder In My Family Tree tells the uplifting story of one woman s transformation from a grandmother on the brink of retirement to an internationally acclaimed animal welfare activist devoted to defending the habitat of our closest genetic relatives and the stories of the chimpanzees she has come to know and love along the way The inspiring journey of a woman who has dedicated her life to providing a refuge for chimpanzees in Africa and of the chimps that have become a part of her family along the way
