Charles Johnson writes that his creative work and Buddhist practice are the two activities in his life that have reinforced each other and have anchored him. In this wide and varied collection of essays, reviews, and short stories, Johnson offers writings that passionately and compellingly illuminate how politics, race, and spiritual life intersect in our changing culture. Throughout his long and varied creative career, Johnson has been a cartoonist and illustrator, screen and teleplay writer, novelist, philosopher, short fiction writer, essayist, literary scholar, and professor. His work is often philosophically, politically, and spiritually oriented, and he has deeply explored racial issues in the United States, most notably in his novel *Middle Passage*, which won the National Book Award for Fiction in 1990. Johnson received a MacArthur Fellowship or Genius Grant in 1998. *Taming the Ox* is a wonderful reflection of what Johnson has learned during his passage through American literature, the visual arts, and the Buddhist dharma.

Neo-slave Narratives Ashraf H. A. Rushdy, 1999. *NeoSlave Narratives* is a study in the political, social, and cultural content of a given literary form: the novel of slavery cast as a first person slave narrative. After discerning the social and historical factors surrounding the first appearance of that literary form in the 1960s, *NeoSlave Narratives* explores the complex relationship between nostalgia and critique while asking how African American intellectuals at different points between 1976 and 1990 remember and use the site of slavery to represent the crucial cultural debates that arose during the sixties.

Understanding Charles Johnson Gary Storhoff, 2004. *Understanding Charles Johnson* offers a critical introduction to the fiction of one of the most highly acclaimed contemporary writers and the first African American male since Ralph Ellison to win the National Book Award, which Johnson received in 1990 for *Middle Passage*. In addition to providing a biographical sketch, Gary Storhoff analyzes Johnson's four novels and two volumes of short stories. Describing his body of work as unique in American fiction, Storhoff explains how philosophical and religious orientations differentiate Johnson's writings and challenge his readers. Storhoff explores the merging of Johnson's philosophical and spiritual interests with his concern for African American culture. In identifying the literary principles of Johnson's texts, Storhoff emphasizes the writer's commitment to Buddhism and demonstrates its impact on his themes, characters, narratives, and rhetoric. Suggesting that Buddhism is the linchpin of Johnson's work, Storhoff acknowledges that scholars and critics are aware of Johnson's close association with the tradition but provides readers with what they need to appreciate fully its importance in his work, which includes a Ph.D. in the subject. Storhoff explicates the influence of the British empiricists, including Bishop George Berkeley, on the novelist; his rejection of relativism and utilitarianism; his adaptation of Aristotelian ethics; and his ambivalent treatment of American pragmatism as recently propounded by Cornel West. Johnson emerges from Storhoff's discussion as a profoundly eclectic, sophisticated
