Jonathan Little, 1997 In this first book length study of Charles Johnson's work Jonathan Little offers an engaging account of the artistic growth of one of the most important contemporary African American writers From his beginnings as a political cartoonist through his receipt of the National Book Award for *Middle Passage* Johnson's imagination has become increasingly spiritual Little draws upon a wide array of sources including short stories interviews reviews articles and cartoons as he traces the brilliant achievement of this provocative artist who is very much at the height of his career Charles Johnson's *Spiritual Imagination* begins with an analysis of Johnson's political cartoons from the late sixties and early seventies when he was immersed in the Black Power Movement Little shows that in these early cartoons one can already see Johnson's comic genius and his quest for unconstrained artistic freedom even when dealing with the highly charged issues of racial politics By examining how Johnson incorporates the influences of phenomenology Zen Buddhism Taoism Hinduism and Romanticism into a strikingly original perspective on individual and social identity Little chronicles Johnson's development The book illuminates the progression of Johnson's aesthetics as he deals with the at times disturbing contrast between the hope offered by art and spirituality and the harsh realities of African American existence As he situates Johnson within the tradition of African American literature Little pairs each of his novels with a major precursor including novels by Richard Wright and Ralph Ellison and such far ranging sources as Hermann Hesse's *Siddhartha* and the *Ten Oxherding Pictures* These comparisons help to show Johnson's innovations within the African American literary tradition and include discussions of naturalism realism and modernism This book will appeal to anyone interested in African American literature spirituality aesthetics and the culture wars

Charles Johnson's Fiction William R. Nash, 2003. A fearless experimenter and one of the most important contemporary American writers, Charles Johnson challenges separatist politics and tries to get beyond race as a literary category. In Charles Johnson's Fiction, William R. Nash emphasizes and explores the tensions in Johnson's work between his ideal of race as illusion and his methods of articulating racial grievance. Nash examines Johnson's short stories, novels *Faith and the Good Thing*, *Oxherding Tale*, *Middle Passage*, and *Dreamer*, and the nonfiction work *Being and Race*. Tracing the themes of Johnson's political and artistic concerns as they evolved in his work, Nash locates his fascination with the aesthetics of the Black Arts Movement and his dismissal of separatist black politics and racialist thought. He also considers Johnson's adoption of Western and Eastern philosophies and belief that race is a blinding, limiting category that impedes the exploration of individual and collective identity. In formulating a mode of expression that balances the conflicting demands of race and aesthetics, Johnson crafts a new vision of history and African American identity that signifies on a range of black and white literary predecessors including Zora Neale Hurston, Theodore Dreiser, Ralph Waldo Emerson, Ralph Ellison, James Baldwin, and Herman Melville. Nash argues that Johnson's hybrid philosophy of Buddhism and phenomenology defies the basic premises of identity formation and leads to the perception of a different self. Juxtaposed with jarring storylines of racial injustice, Johnson's notion that race is an illusion informs his aesthetic, promotes his strategies for battling oppression, and reminds readers what African Americans have already overcome in the quest to cultivate new visions of identity. Charles Johnson's Fiction also includes eight of Johnson's cartoons published in *Black Humor* and *Half Past Nation* in the early 1970s.
