influence waned in the Atlantic World by the eighteenth century her rivals created the Black Legend which promoted an image of Spain as a dead and lost civilization rife with innate cruelty and cultural and religious backwardness The Black Legend and its ambivalences influenced Americans throughout the nineteenth century reaching a high pitch in the Spanish American War of 1898 However the Black Legend retreated soon thereafter and Spanish culture and heritage became attractive to Americans for its perceived authenticity and antimodernism Although the Spanish craze infected regions where the Spanish New World presence was most felt California the American Southwest Texas and Florida there were also early quite serious flare ups of the craze in Chicago New York and New England Kagan revisits early interest in Hispanism among elites such as the Boston book dealer Obadiah Rich a specialist in the early history of the Americas and the writers Washington Irving and Henry Wadsworth Longfellow He also considers later enthusiasts such as Angeleno Charles Lummis and the many writers artists and architects of the modern Spanish Colonial Revival in the United States in the late nineteenth and early twentieth centuries Spain s political and cultural elites understood that the promotion of Spanish culture in the United States and the Western Hemisphere in general would help overcome imperial defeats while uniting Spaniards and those of Spanish descent into a singular raza whose shared characteristics and interests transcended national boundaries With elegant prose and verve The Spanish Craze spans centuries and provides a captivating glimpse into distinct facets of Hispanism in monuments buildings and private homes the visual performing and cinematic arts and the literature travel journals and letters of its enthusiasts in the United States *Catalogue of Paintings by Joaqui'n Sorolla Y Bastida, Under the Management of the Hispanic Society of America, February 14 to March 12 1911* Hispanic Society Of America,2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

Pompeii in the Visual and Performing Arts Mirella Romero Recio,2023-05-18 This volume examines the influence that Pompeii and to a lesser extent Herculaneum had on the visual and performing arts in Spain and countries across South America Covering topics from architecture painting and decorative arts to theatre dance and photography the reader will gain insight into the reception of classical antiquity through the analysis of the close cultural ties between both sides of the Atlantic in the past and the present Each contribution has been written by a specialist researcher participating in the project The Reception and Influence of Pompeii and Herculaneum in Spain and Ibero America funded by the Spanish Ministry of Science and Innovation PGC2018 093509 B I00 Ministry of Science and Innovation AEI ERDF EU Pompeii in the Visual and Performing Arts begins by examining the influence of Pompeian architecture in Spain in paintings that depict scenes inspired by Roman scenes and also buildings modelled on those of Pompeii Next the influence of Pompeii crosses the Atlantic

to Mexico with a study of the archaeological site's influence on the visual and performing arts. An exploration of the elitist use of the ancient past in architecture is seen in Chilean architecture which leads onto an investigation of the new art styles that emerged in the 19th century. Later chapters look into the influence of the ancient frescoes and the use of modern plaster casts of statues. The final chapters are devoted to comics and photography which also make a study of the places in Latin America nicknamed Pompeii in the 20th and 21st centuries.

Modernism, Rubén Darío, and the Poetics of Despair Alberto Acereda, Rigoberto Guevara, 2004. *Modernism, Rubén Darío and the Poetics of Despair* presents a detailed study of a neglected facet of Rubén Darío and in general of Hispanic Modernism: metaphysical and existential dimensions as preludes to Modernity. Alberto Acereda and Rigoberto Guevara approach the life and death issues in Darío's works with special emphasis on his poetry. The authors demonstrate how the Nicaraguan poet takes the first steps towards poetic modernity. The tragic component of Darío's works are examined in the light of Nineteenth Century philosophy especially the work of Arthur Schopenhauer. Various thematic proposals are also formulated for the study of the works of Rubén Darío.

Vistas de España Mary Elizabeth Boone, 2007-01-01. In the decades following the American Civil War and leading up to the First World War, a definitive shift in power took place between Spain and the United States. This original book explores American artists' perceptions of Spain during this period of turmoil and demonstrates how their responses to Spanish art helped to answer emerging complex questions about American national identity. Mary Elizabeth Boone focuses on works by Thomas Eakins, Mary Cassatt, William Merritt Chase, John Singer Sargent, Robert Henri, and other American artists who traveled to Spain to study the achievements of such great masters as Murillo, Velázquez, and Goya. The resulting American paintings, some well known and others now largely forgotten, provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish speaking world today.

La generación del 98 en sus anécdotas José Esteban, 2012-10-30. He aquí a Unamuno, Baroja, don Ramón del Valle Inclán, Benavente y los hermanos Machado entre muchos otros. He aquí su ingente labor literaria, sus inesperadas, sus deslumbrantes frases y actitudes. He aquí la atractiva sugestión de sus discursos, sus voces caudalesas que desbordan y enriquecen la realidad porque la obra de la generación del 98 no sólo fue escrita sino que fue también oral. Y esta última por su misma libertad discursiva por su fugacidad resulta más personal, más reveladora de sus propias personalidades. Esta obra pasajera, anecdótica que saltaba en el arco de la ruidosa tertulia en la discusión, ateneísta en la rabia de un momento de acaloramiento, es de singular significado para conocer a los hombres que nos la ofrecen. Alfonso Reyes escribió en cierta ocasión que hay que interesarse por las anécdotas y se refiere a con esto a que la anécdota es por esencia reveladora. Y muestra en primer plano la psicología de sus autores, su perspicacia, su rapidez de respuesta, sus trasfondos, sus certeros diagnósticos ante una situación determinada. También su agudeza y capacidad de respuesta, además de la finura espiritual, el ingenio y el talento literario en una palabra. José Esteban Sigüenza, Guadalajara 1936, ha repartido su vocación literaria entre la edición, la investigación, la crítica.

Las fuentes de la historia del arte en la época contemporánea Laura Arias Serrano, 2012-10-17 Aunque no cabe duda de que la obra de arte es la fuente originaria y primordial de todo el proceso creador este no podrá entenderse ni contextualizarse sin la consulta de otras fuentes contemporáneas al artista que a modo de eslabones de una cadena dan sentido a la obra ayudan a desentrañar las circunstancias que rodearon su creación y actúan como espejo crítico donde se hace balance de todo el proceso Las fuentes se convierten así en herramientas o instrumentos de trabajo a veces difícilmente clasificables sobre todo en la época contemporánea que aportan al investigador información orientada a descubrir resolver o dar forma y sentido al tema que le ocupa Las fuentes de la historia del arte en la época contemporánea además de paliar el vacío bibliográfico que actualmente existe en este campo surge con el propósito de servir de apoyo a la investigación y a la docencia A la investigación porque las fuentes son los instrumentos de los que se sirven el estudioso para dar forma a la historia y en este caso a la historia del arte No importa el tema pues este repertorio de 540 fuentes ordenadas por tipologías y cronología lo que le brinda son pistas para empezar sus búsquedas y en definitiva una metodología de trabajo y una estructura básica sobre la que ir montando todo el aparato documental de la investigación Apoyo a la docencia porque este libro se convierte por un lado en insustituible material de consulta y estudio para el alumno y por otro en un útilísimo repertorio documental para el profesor a la hora de preparar sus clases hacer un comentario de texto en el aula o asesorar al estudiante en sus trabajos Un libro que además consigue ir más allá pues no sólo aporta referencias a textos técnicos o legales sino que ofrece amenos comentarios relativos a novelas poemas libros de viajes biografías repertorios iconográficos entrevistas películas que contextualizan y documentan al artista y a su obra

Visualizing Spanish Modernity Susan Larson, Eva Maria Woods, 2020-08-25 While the simultaneously creative and destructive forces of modernity in Western Europe have been well studied the case of Spain has often been overlooked Visualizing Spanish Modernity concentrates on the time period 1868 1939 which marks not only the beginning of the formation of a modern economy and the consolidation of the liberal state but also the growth of urban centers and spaces made possible by electricity transportation mass production and the emergence of an entertainment industry The authors examine how mass print culture early cinema popular drama photography fashion painting museums and urban planning played a role in the way that Spanish society saw itself and was in turn seen by the rest of the world Assessing how new cultural forms were instrumental in shaping Spaniards into citizens of the modern world the authors consider such subjects as the spectacle of the body notions of race and gender the changing meanings of time space and motion the relationship between technology and everyday life and popular culture *Catalogue of the Harvard University Fine Arts Library, the Fogg Art Museum* Harvard University. Paradojas de la creatividad Jorge Estera Sanza, 2015-10-23 Este libro busca los límites del pensamiento racional que desde Descartes ha sido implacable con Europa Durante los siglos XIX y XX la medida de la inteligencia giró siempre sobre los ejes del conocimiento lógico Durante muchos años no se prestó demasiada atención a formas más creativas por considerarlas caóticas y poco aplicables en educación Ayudando a la mosca a salir de la botella pretende como Wittgenstein señalar los defectos de los sistemas lineales y cerrados Estos sistemas han sido contruidos con un lenguaje lineal y prisionero de normas sintácticas Hemos descubierto con la crisis que del sistema educativo debe cambiar y que si solamente se basa en sistemas cerrados y lineales ha entrado en una vía muerta y ya no tiene más recorrido AHORA POR DOQUIER GRITAMOS QUE HAY QUE DESARROLLAR LA CREATIVIDAD EN LAS AULAS En 1994 escribí EN BUSCA DEL MTODO CREATIVO siendo entonces la primera denuncia en España de la necesidad de aplicar la creatividad en las aulas Ahora escuchando el vocerío de los que consideran nuestro sistema educativo un sistema cerrado vuelvo a la carga con este nuevo libro Espero que con más o dos dispuestos sirva para ayudar el cambio
