Soul Of Commerce Credit Property And Politics In Leipzig 1750 184:

The Soul of Commerce: Credit, Property, and Politics in Leipzig, 1750-1840 Robert Beachy, 2005-12-01 This volume provides a new interpretation of the social and cultural context that shaped German political reforms from the mid eighteenth to the mid nineteenth century Focusing on Electoral Saxony the analysis demonstrates how the commercial city of Leipzig shaped the Saxon Enlightenment and then had a powerful influence on reforming the territorial state The study presents extensive archival research to develop a careful account of Leipzig s social and political history and then argues persuasively that the city played a catalytic role in the introduction of a Saxon constitutional monarchy after 1830 The volume emphasizes the role of pre modern urban political and legal norms in shaping the first liberal reforms in nineteenth century Germany
