Soul Beneath The Skin:

The Soul Beneath the Skin David Nimmons, 2002-05-28 This surprising and thought provoking book begins with the obvious fact that Stonewall happened 30 years ago and the perhaps less obvious fact that in the 30 years since an enormous number of social science studies have been done on gay men Dave Nimmons proceeds to synthesize that information to reveal a number of unseen patterns of gay male behavior truths about our lives we feel instinctively but have not named For instance countless studies show that gay men have developed a culture in which public violence is almost non existent which is notable when you consider that violence in this society is almost entirely a male phenomenon Even in intensely over crowded gay bars and discos with alcohol and testosterone saturating the atmosphere fist fights are virtually unheard of On in the area of volunteerism study after study shows that gay men volunteer at a much higher level than any other segment of the population and very interestingly our volunteerism is about evenly divided between gay and non gay causes as are our charitable contributions Our patterns of intimacy and friendship are much more diffuse and extended than heterosexual patterns sexual jealousy and exclusiveness are extremely different as are our relationships with women and our pursuit of playfulness and sexual bliss Altogether these gay social innovations have no parallel in modern American culture they describe a new kind of public ethics one with deep implications for gay men and for the larger society **Same-sex Unions**

Paul Victor Marshall, 2004 Bishop Marshall has given us a pastoral gift He has brought to life ways that the liturgy and worship of the Church can nourish and support Christians who are of the same gender contemplating life long covenant unions in Christ Bringing together the mind of a scholar and the heart of a pastor Bishop Marshall has given birth to a work that can help us grow as a community of faith in which all who seek to follow Jesus are helped and supported on their journey I am honored to commend this work to the church The Rt Rev Michael B Curry Bishop of North Carolina Same Sex Unions a contribution to the continuing debate on the church s pastoral care offers biographical vignettes of two committed couples who have had their unions liturgically blessed in church and also contains complete texts of several same sex rites together with liturgical analysis and reference to secondary literature *Making Life Work* Barney Hamady, 2010-02 It s no secret that on so many levels our world is getting worked And so are we So who or what is working you difficult circumstances difficult people or some unbreakable bad habit Are you getting worked by fear poor health family or financial problems The fact is everyone gets worked And if you re not getting worked right now it s a good bet someone you love is Feel like blaming your surroundings In the beginning God placed Adam and Eve in a beautiful garden and told them to work it Instead in their perfect world they got worked by the serpent by the Garden and yes even by their own choices **The Advocate**

R. Easterling,2015-07-30 This is a story of love Love which is the same no matter the soul s shell No one should have to be ashamed of the people they love as we are all human I love you Who would have ever thought the words which caused me such dread in the past could ever come to sound so beautiful and feel so very wonderful Returning to Japan after the loss of his mother Hitori hopes to start anew He enters school and longs to make new friends Quickly he realizes that friendship will not be the only thing he finds Befriending a quiet classmate Hitori finds himself falling hopelessly in love Akaya is a shy quiet boy who finds himself stumbling through life afraid of many things At first he is bothered by the outrageous look of the new student Before long however he comes to enjoy the company of the blue haired man and wonders how he made it so long without a friend like Hitori As their friendship blossoms then turns to love the boys have to learn to ignore harsh words from school society and family alike Despite this their love grows and soon they realize soul mates really do exist The sun shines brighter than ever before and the nights aren t nearly as cold as they once were Love has finally warmed the two distraught souls and created an illusion of serenity As

seasons change the boys continue to defy society and become something magical But upon receiving horrible news from his mother everything in Akaya s life changes When a time limit is placed on their love the boys fight to make their remaining time together something meaningful Love becomes their whole life as they realize they may not get the fairytale ending to their relationship Without him I am like a book ripped in half Without the beginning you would surely be confused and without the end you will never be fulfilled What could tear these two apart After fighting past societal norms school bullying and angry parents what could finally break them apart

Jake'S Boy Lynda Smith,2016-07-30 Jakes Boy continues the story from 1936 to 1945 in post war Britain and follows the trials and tribulation of Jacobs son Patrick who has returned from the war a decorated RAF airman who took part in the famous Dam Busters Raid aka Operation Chastise With Jakes demise the story picks up with Patrick following his trials and tribulations in a much changed post war world Patrick meets by chance Jakes daughter Ruth who unbeknownst to them is his half sister The two form a purely platonic long distance alliance but each can feel the pull of something stronger despite their widely differing social backgrounds

From Sin to Amazing Grace Patrick S. Cheng,2012-03 This book provides a unique synthesis of liberation queer and postcolonial theologians over the last few decades within a unified theological framework It Will advance the inclusion of LGBT people within church and society This book is a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the 21st century Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God s saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue has taken on a particular urgency in light of the horrific string of suicides over the last year of young LGBT people who were subjected to harassment and bullying by their classmates Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ Publisher

Biopower Vernon W. Cisney,Nicolae Morar,2015-12-28 Michel Foucault s notion of biopower has been a highly fertile concept in recent theory influencing thinkers worldwide across a variety of disciplines and concerns In The History of Sexuality An Introduction Foucault famously employed the term to describe a power bent on generating forces making them grow and ordering them rather than one dedicated to impeding them making them submit or destroying them With this volume Vernon W Cisney and Nicolae Morar bring together leading contemporary scholars to explore the many theoretical possibilities that the concept of biopower has enabled while at the same time pinpointing their most important

shared resonances Situating biopower as a radical alternative to traditional conceptions of power what Foucault called sovereign power the contributors examine a host of matters centered on life the body and the subject as a living citizen Altogether they pay testament to the lasting relevance of biopower in some of our most important contemporary debates on issues ranging from health care rights to immigration laws HIV prevention discourse genomics medicine and many other topics
