Soulcatcher And Other Stories:

Soulcatcher Charles Johnson, 2001-03-15 Short stories inspired by the history of slavery in America by the National Book Award winning author of *Middle Passage* Nothing has had as profound an effect on American life as slavery For blacks and whites alike the experience has left us with a conflicted and contradictory history Now famed novelist Charles Johnson whose *Middle Passage* won the National Book Award presents a dozen tales of the effects and experience of slavery each based on historical fact and each about those Africans who arrived on our shores in shackles From Martha Washington's management of her slaves bequeathed to her at the death of the first president to a boy chained in the bowels of a ship plying the infamous passage from Africa to the South laden with human cargo from a lynching in Indiana to a hunter of escaped slaves searching the Boston market for his quarry from an early Quaker meeting exploring resettlement in Africa to the day after Emancipation the voices terrors and savagery of slavery come vividly and unforgettably to life These highly detailed short historical fictions bring to life this most shameful period in our nation's history *The New York Times Book Review*

Understanding Charles Johnson Gary Storhoff, 2004 *Understanding Charles Johnson* offers a critical introduction to the fiction of one of the most highly acclaimed contemporary writers and the first African American male since Ralph Ellison to win the National Book Award which Johnson received in 1990 for *Middle Passage* In addition to providing a biographical sketch Gary Storhoff analyzes Johnson's four novels and two volumes of short stories Describing his body of work as unique in American fiction Storhoff explains how philosophical and religious orientations differentiate Johnson's writings and challenge his readers Storhoff explores the merging of Johnson's philosophical and spiritual interests with his concern for African American culture In identifying the literary principles of Johnson's texts Storhoff emphasizes the writer's commitment to Buddhism and demonstrates its impact on his themes characters narratives and rhetoric Suggesting that Buddhism is the linchpin of Johnson's work Storhoff acknowledges that scholars and critics are aware of Johnson's close association with the tradition but provides readers with what they need to appreciate fully its importance in his work which includes a Ph D in the subject Storhoff explicates the influence of the British empiricists including Bishop George Berkeley on the novelist his rejection of relativism and utilitarianism his adaptation of Aristotelian ethics and his ambivalent treatment of American pragmatism as recently propounded by Cornel West Johnson emerges from Storhoff's discussion as a profoundly eclectic sophisticated interdisciplinary writer with complex views on race relations in the twenty first century *Charles Johnson's Fiction* William R. Nash, 2003 A fearless experimenter and one of the most important contemporary American writers Charles Johnson challenges separatist politics and tries to get beyond race as a literary category In *Charles Johnson's Fiction* William R Nash emphasizes and explores the tensions in Johnson's work between his ideal of race as illusion and his methods of articulating racial grievance Nash examines Johnson's short stories novels *Faith and the Good Thing* *Oxherding Tale* *Middle Passage* and *Dreamer* and the nonfiction work *Being and Race* Tracing the themes of Johnson's political and

artistic concerns as they evolved in his work Nash locates his fascination with the aesthetics of the Black Arts Movement and his dismissal of separatist black politics and racialist thought He also considers Johnson s adoption of Western and Eastern philosophies and belief that race is a blinding limiting category that impedes the exploration of individual and collective identity In formulating a mode of expression that balances the conflicting demands of race and aesthetics Johnson crafts a new vision of history and African American identity that signifies on a range of black and white literary predecessors including Zora Neale Hurston Theodore Dreiser Ralph Waldo Emerson Ralph Ellison James Baldwin and Herman Melville Nash argues that Johnson s hybrid philosophy of Buddhism and phenomenology defies the basic premises of identity formation and leads to the perception of a different self Juxtaposed with jarring storylines of racial injustice Johnson s notion that race is an illusion informs his aesthetic promotes his strategies for battling oppression and reminds readers what African Americans have already overcome in the quest to cultivate new visions of identity Charles Johnson s Fiction also includes eight of Johnson s cartoons published in Black Humor and Half Past Nation Time in the early 1970s

Racial Myths and Masculinity in African American Literature Jeffrey B. Leak, 2005. The portrayal of black men in our national literature is controversial, complex, and often contradictory. In *Racial Myths and Masculinity in African American Literature*, Jeffrey B. Leak identifies some of the long-held myths and stereotypes that persist in the work of black writers from the nineteenth century to the present: intellectual inferiority, criminality, sexual prowess, homosexual emasculation, and cultural deprivation. Utilizing Robert B. Stepto's call and response theory, Leak studies four pairs of novels within the context of certain myths, identifying the literary tandems between them and seeking to discover the source of our culture's psychological preoccupation with black men. Calling upon interdisciplinary fields of study: literary theory, psychoanalysis, gender studies, legal

theory and queer theory Leak offers groundbreaking analysis of both canonical texts representing the call of the call and response dyad and texts by emerging writers representing the response including Frederick Douglass and Charles Johnson Ralph Ellison and Brent Wade Richard Wright and Ernest J Gaines and Toni Morrison and David Bradley Though Leak does not claim that the response texts are superior to the call texts he does argue that in some cases the newer work such as Charles Johnson's *Oxherding Tale* can address a theme or offer a narrative innovation not found in preceding texts such as *Narrative of the Life of Frederick Douglass* In these instances argues Leak the newer texts constitute not only a response to the call text but a substantial revision Leak offers the first in depth criticism of black masculinity in a range of literary texts In a final chapter he expands his discussion to the emerging field of black masculinity studies pointing to future directions for study including memoir film drama and others Poised on the brink of exciting new trends in scholarship *Racial Myths and Masculinity in African American Literature* is a flagship work enhancing the understanding of literary constructions of black masculinity and the larger cultural imperatives to which these writers are reacting
