*A Great Lady* Larry Ceplair, 1996 Ceplair's book details the course of Hollywood screenwriter Sonya Levien's exceptional career at Fox and MGM and her most interesting projects and colleagues. It examines her relationship to the important political and labor movements affecting the motion picture industry. Includes an extensive filmography. *The Oxford History of World Cinema*, 1996-10-17 From its humble beginnings as a novelty in a handful of cities, cinema has risen to become a billion-dollar industry and the most spectacular and original contemporary art form. It has spread to all parts of the globe and is enjoyed by audiences that cut across all sections of society. *The Oxford History of World Cinema* traces the history of this enduringly popular entertainment medium. Covering all aspects of its development, stars, studios, and cultural impact, the book celebrates and chronicles over one hundred years of diverse achievement, from westerns to the New Wave, from animation to the Avant Garde, and from Hollywood to Hong Kong. An international team of distinguished film historians tells the story of the major inventions and developments in the cinema business, its institutions, genres, and personnel. Other chapters outline the evolution of national cinemas round the world, the varied and distinctive filmic traditions that have developed alongside Hollywood. A unique aspect of the book are the special inset features on the film makers and personalities: Garbo and Godard, Keaton and Kurosawa, Bugs Bunny and Bergman, who have had an enduring impact in popular memory and cinematic lore. With over 300 illustrations, a full bibliography, and an extensive index, this is the buff's ultimate guide to cinema worldwide.      **The 1931-1940: American Film Institute Catalog of Motion Pictures**

**Produced in the United States** American Film Institute, 1993 The entire field of film historians awaits the AFI volumes with eagerness. Eileen Bowser, Museum of Modern Art Film Department, comments on previous volumes: "The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog." Thomas Cripps, "Endlessly absorbing as an excursion into cultural history and national memory." Arthur Schlesinger Jr.

*Imitations of Life* Marcia Landy, 1991 On melodrama      *The Films of Delmer Daves* Douglas Horlock, 2022-03-25 Delmer Daves 1904-1977 was an American screenwriter, director, and producer known for his dramas and Western adventures, most notably *Broken Arrow* and *3:10 to Yuma*. Despite the popularity of his films, there has been little serious examination of Daves's work. Filmmaker Bertrand Tavernier has called Daves the most forgotten of American directors, and to date no scholarly monograph has focused on his work. In *The Films of Delmer Daves: Visions of Progress in Mid-Twentieth Century America*, author Douglas Horlock contends that the director's work warrants sustained scholarly attention. Examining all of Daves's films as well as his screenplays, scripts that were not filmed, and personal papers, Horlock argues that Daves was a serious, distinctive, and enlightened filmmaker whose work confronts the general conservatism of Hollywood in the mid-twentieth

century Horlock considers Daves s films through the lenses of political and social values race and civil rights and gender and sexuality Ultimately Horlock suggests that Daves s work through its examination of bigotry and irrational fear and depiction of institutional and personal morality and freedom presents a consistent innovative and progressive vision of America

*Never Coming to a Theater Near You* Kenneth Turan,2005-11-01 It is in the nature of today s movie business that while Hollywood blockbusters invade every megaplex smaller quality films often don t get screen time Fans of finer films have to count on catching up with them on video and DVD but even the most hard core devotees have trouble remembering what sounded good when a film was originally released *Never Coming to a Theater Near You* will remedy that situation This selection of renowned film critic Kenneth Turan s absorbing and illuminating reviews now revised and updated to factor in the tests of time point viewers toward the films they can t quite remember but should not miss Moviegoers know they can trust Turan s impeccable taste His eclectic selection represents the kind of sophisticated adult and entertaining films intelligent viewers are hungry for More importantly Turan shows readers what makes these unusual films so great revealing how talented filmmakers and actors have managed to create the wonderful highs we experience in front of the silver screen

**World War I on Film** Paul M. Edwards,2016-03-11 One of the central events of modern history World War I has been poorly presented in English language films Torn between the powerful isolationist movement in the U S and a growing hatred of the Hun contemporary films were mainly propaganda calling citizens to arms The American film industry used the outbreak of the war and the government s interest in promoting patriotic sacrifice as a means to expand and take the lead in the film industry worldwide More a business model than an art form these early efforts claimed a place of respectability for film among the arts Twenty years later though films produced about the war were few they were technically superior and generally carried conflicting messages about the war s mission and value while focusing more on storyline than history This study of English Language World War I films examines nearly 350 films from 1914 to 2014 Descriptions and critiques of each of the films are included with stories and details about the actors and directors

**China and the Chinese in Popular Film** Jeffrey Richards,2016-11-09 There s a folk memory of China in which numberless yellow hordes pour out of the mysterious East to overwhelm the vulnerable West accompanied by a stereotype of the Chinese as cruel cunning and depraved Hollywood films played their part in perpetuating these myths and stereotypes that constituted The Yellow Peril Jeffrey Richards examines in detail how and why they did it He shows how the negative image was embodied in recurrent cinematic depictions of opium dens tong wars sadistic dragon ladies and corrupt warlords and how in the 1930s and 1940s a countervailing positive image involved the heroic peasants of *The Good Earth* and *Dragon Seed* fighting against Japanese invasion in wartime tributes to the West s ally Nationalist China The cinema s split level response is also traced through the images of the ultimate Oriental villain the sinister Dr Fu Manchu and the timeless Chinese hero the intelligent and benevolent detective Charlie Chan Filling a longstanding gap in Cinema and Cultural History the book is founded in fresh
