Sound and Poetry: English Institute Essays 1956 Northrop Frye (ed.), 1967 Sound and Poetry Northrop Frye, 1957 **Essays on Literature and Music (1985 - 2013) by Walter Bernhart** Walter Bernhart, 2015-07-28 This volume is dedicated to the musical literary oeuvre of Walter Bernhart professor of English literature at Karl Franzens Universität Graz Austria and pioneer in the field of intermedial relations between literature and other arts and media It renders accessible a wide variety of texts which are sometimes no longer easily retrievable The 37 texts collected here in chronological order span the period from 1985 to 2013 and thematically range from contributions to opera programmes and the discussion of musical aspects of Romantic and modernist poetry to inquiries into individual operas and composers as well as into theoretical aspects of word and music relations e.g. the ways of setting poetry to music musical literary comparative poetics the concept of genre in music and literature iconicity in both media their narrative as well as metareferential and illusionist capacities The volume is of relevance to literary scholars and musicologists but also to all those with an interest in intermediality studies in general and in the relations between literature and music in particular **Sound and sense in Dylan Thomas's poetry** Louise Baughan Murdy, 2015-07-24 No detailed description available for Sound and sense in Dylan Thomas's poetry Northrop Frye Robert D. Denham, 2004 The notebooks contents not only expand on ideas laid out in Frye's published works but also touch on subjects most readers would not associate with Frye such as his wide reading both in Eastern religious texts and in esoteric traditions ranging from astrology to the Kabbalah **BOOK JACKET Routledge**

Aesthetics, Problems in the Philosophy of Criticism Monroe C. Beardsley, 1981-01-01 This second edition features a new 48 page Afterword 1980 updating Professor Beardsley's classic work Variorum Commentary on the Poems of John Milton Arthur S. P. Woodhouse, Douglas Bush, 1970 **The Sound of Poetry / The Poetry of Sound** Marjorie Perloff, Craig Dworkin, 2009-10-15 Sound one of the central elements of poetry finds itself all but ignored in the current discourse on lyric forms The essays collected here by Marjorie Perloff and Craig Dworkin break that critical silence to readdress some of

the fundamental connections between poetry and sound connections that go far beyond traditional metrical studies Ranging from medieval Latin lyrics to a cyborg opera sixteenth century France to twentieth century Brazil romantic ballads to the contemporary avant garde the contributors to *The Sound of Poetry The Poetry of Sound* explore such subjects as the translatability of lyric sound the historical and cultural roles of rhyme the role of sound repetition in novelistic prose the connections between sound poetry and music between the visual and the auditory the role of the body in performance and the impact of recording technologies on the lyric voice Along the way the essay stake on the ensemble discords of Maurice Scève s D lie Ezra Pound s use of Chinese whispers the alchemical theology of Hugo Ball s Dada performances Jean Cocteau s modernist radiophonics and an intercultural account of the poetry reading as a kind of dubbing A genuinely comparatist study *The Sound of Poetry The Poetry of Sound* is designed to challenge current preconceptions about what Susan Howe has called articulations of sound forms in time as they have transformed the expanded poetic field of the twenty first century

The Silver Mask Olga Yu Soboleva, 2008 A highly significant movement within the Silver Age harlequinade did not surface in Russian high culture until the turn of the twentieth century when it suddenly began to attract the close attention of symbolist authors In the present work an attempt is made to show that the proliferation of the new cultural idiom was indicative of the fundamental concerns of the time and intimately related to the development of artistic thought Although the theme is considered in its cultural totality visual arts literature and drama the work is focused on symbolist poetry It provides a close analysis of the harlequinade verse of Blok and Belyi two leading figures of the movement in whose writings the symbolist theory found its maturity and perfection The poems in question are conceptually centred on the dialectical unity of self and other one of the key notes in the new symbolist outlook This is traced at various levels of poetic representation in the imagery system and the principles of text construction in linguistic features and poetic devices employed by the authors Special attention is given to the sound organization of the poems which heightens considerably the semantic potential of the text

The Lied at the Crossroads of Performance and Musicology Benjamin Binder, Jennifer Ronyak, 2024-02-15 There seems to be an essential relationship between the performance and the scholarship of the German Lied Yet the process by which scholarly inquiry and performative practices mutually benefit one another can appear mysterious and undefined in part because any dialogue between the two invariably unfolds in relatively informal environments such as the rehearsal studio seminar room or conference workshop Contributions from leading musicologists and prominent Lied performers here build on and deepen these interactions to reconsider topics including Werktreue aesthetics and concert practices the authority of the composer versus the performer the value of lesser known incomplete or compositionally modified songs and the traditions habits and prejudices of song recitalists regarding issues like transposition programming and dramatic modes of presentation The book as a whole reveals the reciprocal relevance of Lied musicology and Lied performance thereby opening doors to fresh and exciting modes of interpretative artistry and intellectual discovery

Hateful Contraries W.K.

Wimsatt,2021-10-21 These ten essays written over a period from 1950 to 1962 are bound together by their common concern with questions of the meaning of criticism and the larger meaning of literature itself These difficult questions W K Wimsatt treats with characteristic wit and penetration ranging easily from a broad consideration of principles to incisive comment on individual writers and works The first part of the book is devoted to a discussion of literary theory Wimsatt reviews the development of critical dialectic from the German romanticism of Schelling and the Schlegels to the mythopoetic bravura of Northrop Frye Himself a classical ironist he nevertheless exposes here some of the extravagances of the ironic principle as flourished by the systematic Prometheans The second and third parts contain essays on more particular topics the meaning of symbolism Aristotle s doctrines of the tragic plot and catharsis the theory of comic laughter and the objective reading of English meters Here too are extended comment on particular writers a study of the imagination of James Boswell an analysis of the comedy of T S Eliot in *The Cocktail Party* and a contrast in the handling of similar themes by Tennyson and Eliot The fourth part is a comprehensive statement of the demands and opportunities confronting the critic in his or her role as teacher

Keane,2014-10-24 Though the work of Irish writers has been paramount in conventional accounts of literary modernism Ireland itself only rarely occupies a meaningful position in accounts of modernism s historical trajectory With an itinerary moving not simply among Dublin Belfast and London but also Paris New York Addis Ababa Rome Berlin Geneva and the world s radio receivers *Ireland and the Problem of Information* examines the pivotal mediations through which social knowledge was produced in the mid twentieth century Organized as a series of cross fading case studies the book argues that an expanded sphere of Irish cultural production should be read as much for what it indicates about practices of intermedial circulation and their consequences as for what it reveals about Irish writing around the time of the Second World War In this way it positions the problem of information as first and foremost an international predicament but one with particular national implications for the Irish field **The Wife of Bath in Afterlife** Betsy Bowden,2017-10-25 By focusing on one literary character as interpreted in both verbal art and visual art at a point midway in time between the author s era and our own this study applies methodology appropriate for overcoming limitations posed by historical periodization and by isolation among academic specialities Current trends in Chaucer scholarship call for diachronic afterlife studies like this one

John Dryden and His Readers: 1700 Winifred Ernst, 2019-12-09 Dryden at the end of his life was admired perhaps even beloved by many in England and his greatest skill over his long career his controlled detachment uniquely positioned him to write of both history and politics in 1700 His narrative poetry was popular among Whigs and Tories women and men Ancients and Moderns and his imitations suggest historical connections between the War of the Roses the Civil War and the Revolution of 1688 All of these events combined easily in the minds of Dryden's contemporaries and his fables fraught with conflicted loyalties and family strife not unlike a nation divided may have caught and compelled his readers in a way that was different from other miscellanies Dryden may have articulated in beautiful verse the emotions of many in the midst of enormous historical change Fables is a pivotal cultural text urging national unity through its embrace of competing voices
