unfolding influence of music and sound on the fundamental structure of the biomedical sciences Pesic explains that music and sound provided the life sciences important tools for hearing understanding and influencing the rhythms of life As medicine sought to go beyond the visible manifestations of illness sound offered ways to access the hidden interiority of body and mind Sonic interventions addressed the search for a new typology of mental illness and practitioners used musical instruments to induce hypnotic states meant to cure both psychic and physical ailments The study of bat echolocation led to the manifold clinical applications of ultrasound such sonic devices as telephones and tuning forks were used to explore the functioning of the nerves Sounding Bodies follows Pesic s Music and the Making of Modern Science and Polyphonic Minds to complete a trilogy on the influence of music on the sciences Enhanced digital editions of Sounding Bodies offer playable music and sound examples

Dark Sound D Ferrett,2020-05-14 Dark sound carries the dense cultural weight of darkness it is the undertow of music that embodies melancholy desire grief violence rage pain loss and longing Compelling and unnerving dark sound immerses bodies in the darkest moments and delves into the depths of our hidden inner selves There is a strangely perverse appeal about music that conjures intense affective states and about sound that can move its listeners to the very edge of the sayable Through a series of case studies that include Moor Mother Anna Calvi Bj rk Chelsea Wolfe and Diamanda Gal s D Ferrett argues that the extreme limits and transgressions of dark sound not only imply the limits of language but are moreover tied to a cultural and historical association between darkness and the feminine within music and music discourse Whilst the oppressive and violent associations between darkness and femininity are acknowledged the author challenges their value to misogynistic racist capitalist and patriarchal power showing how dark sound is charged with social creative and political momentum
