## **Sweeter Than Vivaldi:**

**Sweeter Than Vivaldi** Vince Clemente, 2002      **Sweeter Than Vivaldi** ,      **Sweeter Than All The World** Rudy Wiebe, 2002-09-17 At once an enthralling saga of the Mennonite people and one man's emotional voyage into his heritage and his own self discovery *Sweeter Than All the World* takes us on an extraordinary odyssey At the heart of the novel is Adam Wiebe born to a homesteading prairie community Love and success come easily to him until faced with the collapse of his marriage and the disappearance of his daughter he becomes obsessed with understanding his ancestral past That past comes brilliantly alive as the story of the Mennonites weaves in and out of Adam's own we are drawn into the great events of four centuries from the horrors of the Reformation to the Red Army's advance into Germany at the close of World War II Here Wiebe has sought out real historical characters to tell an extraordinary story Ambitious in its historical sweep tender and humane *Sweeter Than All the World* sets one man's quest for family and love against generations of turmoil laying bare the complexities of desire faith and human frailty This is a compassionate erudite and stimulating work of fiction that shares the deep rooted concerns of all of Wiebe's work how to make history live in our imagination and how we can best live our lives

**Sag Harbor Is** Maryann Calendrille, 2006-10 *Sag Harbor Is* an inspired collection of pieces from the past and present from Melville to Steinbeck James Fenimore Cooper to Betty Friedan to Spalding Gray that celebrate the many eras and facets of the town of Sag Harbor a literary mecca for 200 years With dozens of striking photographs by Kathryn Szoka      **Vivaldi** Paul Everett, 1996-02-22 The Four Seasons and the rest of the concertos in Op 8 represent Vivaldi's remarkable innovation in the field of the Baroque concerto This detailed guide examines the work's origin and construction in a way that enables the reader to distinguish what is extraordinary about the Seasons and what constitutes the composer's customary method of characterising the solo concerto Drawing on recent research and his own expertise in the appraisal of Vivaldi's manuscripts the author draws interesting and sometimes startling conclusions about the conception of the Seasons the origin of their programme the dating of the concertos and the rationale behind the collection's ritornello form structures and aria like slow movements The significance of Vivaldi's idiosyncratic art is thus revealed in some of the most popular concert music of all time

**Antonio Vivaldi** Karl Heller, 2003-03-01 Antonio Vivaldi's rediscovery after World War II quickly led him from obscurity to his present renown as one of the most popular 18th century composers Heller's biography presents the important facets of his life his works and his influence on music history      **The Penguin Guide to Compact Discs** Ivan March, Edward Greenfield, Robert Layton, 2001 Regarded as the standard guide to classical music on CD the 2002 3 edition of *The Penguin Guide to Compact Discs* has a new wider trim size to allow for even more updates This guide takes into account the many hundreds of new and reissued CDs that have appeared in recent years while also including all the highlights from the back catalog Arranged by composer the guide lists all major recordings from each work from remastered vintage recordings to the latest releases with evaluations of interpretation and performance by the authors as well as assessments of

recording accuracy and advice on the best buys for cost and quality This essential reference work is designed to help select the very best recorded classical music available today **Vivaldi** Michael Talbot, 2017-07-05 Since 1978 the 300th anniversary of Vivaldi's death there has been an explosion of serious writing about his music life and times Much of this has taken the form of articles published in academic journals or conference proceedings some of which are not easy to obtain The twenty two articles selected by Michael Talbot for this volume form a representative selection of the best writing on Vivaldi from the last 30 years featuring such major figures in Vivaldi research as Reinhard Strohm Paul Everett Gastone Vio and Federico Maria Sardelli Aspects covered include biography Venetian cultural history manuscript studies genre studies and musical analysis The intention is to serve as a first port of call for those wishing to learn more about Vivaldi or to refresh their existing knowledge An introduction by Michael Talbot reviews the state of Vivaldi scholarship past and present and comments on the significance of the articles Antonio Vivaldi Karl Heller (Dr. phil.), 1997 Chronicles the life of the seventeenth century composer and discusses his major works including The Four Seasons The Chamber Cantatas of Antonio Vivaldi Michael Talbot, 2006 Detailed survey of Vivaldi's unjustly neglected chamber cantatas showing them to stand comparison with his more famous works Vivaldi's chamber cantatas for solo voice some forty in total are steadily gaining in popularity but because of their relatively small place in the oeuvre of a composer famed for his productivity and also on account of the general scholarly neglect of their genre they are little discussed in the literature This book comprehensively explores their literary and musical background their relation to the composer's biography the chronology of their composition and their musical qualities Each cantata is discussed individually but there is also a broader consideration of aspects concerning them collectively such as performance practice topical allusion and the conventions of Italian verse The author argues that while Vivaldi's cantatas are not as innovative as his concertos and operas he produced several masterpieces in the genre that rank with his best music MICHAEL TALBOT is Emeritus Professor of Music at the University of Liverpool **Never Ending** Marianne K.
