Swifts Rhetorical Art A Study In Structure Meaning:

Swift's Rhetorical Art Martin Price, 1973 This classic study of the structure of Swift's works first published by Yale University Press in 1953 and reissued by Archon Books in 1963 is here brought back into print in paperback form Price's brilliant essay is principally concerned with structure as it serves to create meaning but he deals with the large themes of Swift's major works and gives an overview of Swift's work as a whole It thus provides a useful emphasis to an adequate reading of Swift and suggests new relations between his works and that of other periods *Swift's Rhetorical Art; a Study in Structure and Meaning* Martin 1970- Price, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Edmund Burke and the Art of Rhetoric* Paddy Bullard, 2011-04-21 Edmund Burke ranks among the most accomplished orators ever to debate in the British Parliament But often his eloquence has been seen to compromise his achievements as a political thinker In the first full length account of Burke's rhetoric Bullard argues that Burke's ideas about civil society and particularly about the process of political deliberation are for better or worse shaped by the expressiveness of his language Above all Burke's eloquence is designed to express ethos or character This rhetorical imperative is itself informed by Burke's argument that the competency of every political system can be judged by the ethical knowledge that the governors have of both the people that they govern and of themselves Bullard finds the intellectual roots of Burke's rhetoric of character in early modern moral and aesthetic philosophy and traces its development through Burke's parliamentary career to its culmination in his masterpiece *Reflections on the Revolution in France* **The Oxford Handbook of Eighteenth-Century Satire** Paddy Bullard, 2019-07-30 Eighteenth century Britain thought of itself as a polite sentimental enlightened place but often its literature belied this self image This was an age of satire and the century's novels poems plays and prints resound with mockery and laughter with cruelty and wit The street level invective of Grub Street pamphleteers is full of satire and the same accents of raillery echo through the high scepticism of the period's philosophers and poets many of whom were part time pamphleteers themselves The novel a genre that emerged during the eighteenth century was from the beginning shot through with satirical colours borrowed from popular romances and scandal sheets This Handbook is a guide to the different kinds of satire written in English during the long eighteenth century It focuses on texts that appeared between the restoration of the Stuart monarchy in 1660 and the outbreak of the French

Revolution in 1789 Outlier chapters extend the story back to first decade of the seventeenth century and forward to the second decade of the nineteenth The scope of the volume is not confined by genre however So prevalent was the satirical mode in writing of the age that this book serves as a broad and characteristic survey of its literature The Oxford Handbook of Eighteenth Century Satire reflects developments in historical criticism of eighteenth century writing over the last two decades and provides a forum in which the widening diversity of literary intellectual and socio historical approaches to the period s texts can come together

Swift's Politics Ian Higgins, 1994-05-05 A contextual reassessment of Swift s political writing concentrating on A Tale of a Tub and Gulliver s Travels

Energy and Order in the Poetry of Swift A. B. England, 1980 This study focuses on a pattern of stylistic tendencies in Swift s poetry The tendencies are essentially of two contrasting types energy and order The author discusses how Swift s poetry departs from certain orderly forms of discourse that have traditionally been associated with Augustan literature

Jonathan Swift and the Vested Word Deborah Baker Wyrick, 1988 In Jonathan Swift and the Vested Word Deborah Wyrick argues that modern Continental and American literary theory is tantalizingly applicable to Swiftian texts Its applicability she writes stems from Swift s interest in and exploration of what are now though of as phenomenological structuralist poststructuralist and new historicist concerns how a life in language comes into being how semiotic systems determine meaning how texts open up their own systems to other texts and to multiple interpretations Wyrick investigates Swift s confrontations with three theories of language current in his day theories that locate meaning in the thing named in the idea behind the word or in the response of the audience She concludes that Swift fashioned a fourth theory of meaning one that locates meaning in and among words themselves Because of his fear of the anarchic potential of language Swift attempted to invest his words with extratextual authority yet a powerful counterforce was his desire to exploit the possibilities of language divested of stable significance These divestitures particularly the word play and language games ultimately served serious personal and social purposes A crucial personal purpose was Swift s ability to create a textual self which he did Wyrick maintains by constructing defensive transvestitures centered on clothes and money These parallel sign systems produced Swift s greatest achievement in using the resources of language and history to effect political action By using the entire Swift canon poems and prose narratives letters and essays sermons and satires Wyrick presents Swift s struggle with the inadequacies of language and its inability to answer the tremendous demands he made upon it Originally published 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Swift's Satires on Modernism: Battlegrounds of Reading and Writing G. Atkins, 2012-12-17 More than three centuries later Jonathan Swift s writing remains striking and relevant In this engaging study Atkins brings forty plus years of critical experience to bear on some of the greatest satires ever written

revealing new contexts for understanding post Reformation reading practices and the development of the modern personal essay

Christopher Smart and Satire Min Wild, 2016-05-23 Christopher Smart and Satire explores the lively and idiosyncratic world of satire in the eighteenth century periodical focusing on the way that writers adopted personae to engage with debates taking place during the British Enlightenment Taking Christopher Smart's audacious and hitherto underexplored *Midwife or Old Woman's Magazine* 1750-1753 as her primary source Min Wild provides a rich examination of the prizewinning Cambridge poet's adoption of the bizarre sardonic *Mary Midnight* as his alter ego Her analysis provides insights into the difficult position in which eighteenth century writers were placed as ideas regarding the nature and functions of authorship were gradually being transformed At the same time Wild also demonstrates that Smart's use of *Mary Midnight* is part of a tradition of learned wit having an established history and characterized by identifiable satirical and rhetorical techniques Wild's engagement with her exuberant source materials establishes the skill and ingenuity of Smart's often undervalued multilayered prose satire As she explores Smart's use of a peculiarly female voice Wild offers us a picture of an ingenious and ribald wit whose satirical overview of society explores overturns and anatomises questions of gender politics and scientific and literary endeavors *Understanding Heinrich Böll* Robert C. Conard, 1992

Jonathan Swift's Gulliver's Travels, 1998

The Snare in the Constitution Zouheir Jamoussi, 2009-10-02 This comparative study of Defoe's and Swift's treatments of liberty embraces what seemed the most significant parts of their vast multifaceted oeuvres both non-fictional and fictional Defoe's and Swift's positions with regard to the English constitution and liberties are assessed here through a close examination of their views on contemporary religious and political issues Moreover their involvement in the debates on the liberties and constitutions of Scotland and Ireland respectively could not be left out of this comparative approach to their treatments of liberty in the broader sense Also of primary concern is the liberty of expression and of the press underlined though ambiguously by both authors as an essential precondition for any debate political or otherwise The antithetic relationship between snare and liberty is examined in the context of the analogy between the political constitution the body politic and the human constitution the natural body commonly drawn in early 18th century political writings including Defoe's and Swift's This analogy provides appropriate means of identifying important links within as well as between the two authors' works since both focused on snares in the political and human constitutions The part of the study devoted to the snare in human nature mainly considers the fictional works Much attention has been given in this regard to the contrasting ways in which both authors have dealt with those snares and the interaction between the human and the political constitutions

[Study Guide to Gulliver's Travels by Jonathan Swift](#) Intelligent Education, 2020-02-15 A comprehensive study guide offering in-depth explanation essay and test prep for Jonathan Swift's *Gulliver's Travels* an immediate popular success when it was published as *Travels Into Several Remote Nations of the World* in 1726 As a novel of eighteenth century Britain *Gulliver's Travels* was a satire on human nature and a parody of the travellers' tales literary

subgenre that was popular at the time Moreover Swift has given us a book which helps us measure our achievements our failures and our predicaments against those of another age and another set of values This Bright Notes Study Guide explores the context and history of Swift's classic work helping students to thoroughly explore the reasons it has stood the literary test of time Each Bright Notes Study Guide contains Introductions to the Author and the Work Character Summaries Plot Guides Section and Chapter Overviews Test Essay and Study Q As The Bright Notes Study Guide series offers an in depth tour of more than 275 classic works of literature exploring characters critical commentary historical background plots and themes This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research

A Tale of a Tub and Other Works Jonathan Swift, 2008-07-10 A Tale of a Tub is the masterpiece of Swift's earlier years It is presented here with The Battle of the Books The Mechanical Operation of the Spirit and the Additions ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Landmark Essays on Rhetoric and Literature Craig Kallendorf, 2017-10-03 The studies of rhetoric and literature have been closely connected on the theoretical level ever since antiquity and many great works of literature were written by men and women who were well versed in rhetoric It is therefore well worth investigating exactly what these writers knew about rhetoric and how the practice of literary criticism has been enriched through rhetorical knowledge The essays reprinted here have been arranged chronologically with two essays selected for each of six major periods Antiquity the Middle Ages the Renaissance including Shakespeare the 17th century the 18th century and the 19th and 20th centuries Some are more theoretically oriented whereas others become exercises in practical criticism Some cover well trod ground whereas others turn to parts of the rhetorical tradition that are often overlooked Scholars in the field should benefit from having this material collected together and reprinted in one volume but the essays included here will also be useful to graduate students and advanced undergraduates for course work and general reading Students of rhetoric seeking to understand how the principles of their field extend into other forms of communication will find this volume of interest as will students of literature seeking to refine their understanding of the various modes of literary criticism

Swift's Rhetorical Art Martin Price, 1953 *The Cambridge History of English Literature, 1660-1780* John Richetti, 2005-01-06 The Cambridge History of English Literature 1660-1780 offers readers discussions of the entire range of literary expression from the Restoration to the end of the eighteenth century In essays by thirty distinguished scholars recent historical perspectives and new critical approaches and methods are brought to bear on the classic authors and texts of the period Forgotten or neglected authors and themes as well as new and emerging genres within the expanding marketplace for printed matter during the eighteenth century receive

special attention and emphasis The volume s guiding purpose is to examine the social and historical circumstances within which literary production and imaginative writing take place in the period and to evaluate the enduring verbal complexity and cultural insights they articulate so powerfully *A Modest Proposal and Other Writings* Jonathan Swift,2009-09-24 The political dilemma of Ireland the state of faith in England the charms of the Beggar s Opera the importance of puns This selection gathers together some of Swift s most brilliant prose from high politics to social gossip from savage tirades to lighthearted social satire In addition to his classic essays the collection includes several of Swift s letters to Alexander Pope and other great thinkers of the age The Difference Satire Makes Fredric V. Bogel,2012-04-20 Offering both the first major revision of satiric rhetoric in decades and a critical account of the modern history of satire criticism Fredric V Bogel maintains that the central structure of the satiric mode has been misunderstood Devoting attention to Augustan satiric texts and other examples of satire from writings by Ben Jonson and Lord Byron to recent performance art Bogel finds a complicated interaction between identification and distance intimacy and repudiation Drawing on anthropological insights and the writings of Kenneth Burke Bogel articulates a rigorous richly developed theory of satire While accepting the view that the mode is built on the tension between satirist and satiric object he asserts that an equally crucial relationship between the two is that of intimacy and identification satire does not merely register a difference and proceed to attack in light of that difference Rather it must establish or produce difference The book provides fresh analyses of eighteenth century texts by Jonathan Swift John Gay Alexander Pope Henry Fielding and others Bogel believes that the obsessive play between identification and distance and the fascination with imitation parody and mimicry which mark eighteenth century satire are part of a larger cultural phenomenon in the Augustan era a questioning of the very status of the category and of categorical distinctness and opposition The Role of Thunder in Finnegans Wake Eric McLuhan,1997-01-01 The study establishes the nature and aims of Finnegans Wake as Menippean satire and interprets the Wake in that light McLuhan examines Joyce s use of language and in particular his use of ten hundred lettered words thunderclaps
