improvisation series is a concept that germinated in Dick Weissman's mind while he was attending music school He wrote a 15 piece arrangement of the old square dance tune Cripple Creek and wanted the trombone to take a solo as part of the arrangement When the trombonist kept playing a bebop solo that was totally unsuitable for the chart Dick realized that in addition to the many musicians who do not improvise there are even jazz musicians who don't know how to improvise outside the limits of their own stylistic backgrounds the non jazz improvisation series mostly includes new original tunes that are intended to show how to improvise in many musical styles including BluesCountryAmerican folkLatin AmericanWorld music including South American Eastern European and AsianOdd meters playing in a variety of time signatures New
