Translation and Transfer of Knowledge in Encyclopedic Compilations, 1680-1830 Clorinda Donato, Hans-Jürgen Lüsebrink, 2021-08-31 From its modern origins in seventeenth century France encyclopedic compilations met the need for the dissemination of information in a more flexible format one that eschewed the limits of previous centuries of erudition The rise of vernacular languages dovetailed with the demand for information in every sector sparking competition among nations to establish the encyclopedic paper empires that became symbols of power and potential The contributors to this edited collection evaluate the long overlooked phenomenon of knowledge creation and transfer that occurred in hundreds of translated encyclopedic compilations over the long eighteenth century Analysing multiple instances of translated compilations *Translation and Transfer of Knowledge in Encyclopedic Compilations 1680 1830* expands into the vast realm of the multilingual encyclopedic compilation the most tangible proof of the global enlightenment Through the presentation of an extensive corpus of translated compilations this volume argues that the true site of knowledge transfer resided in the transnational movement of ideas exemplified by these compendia The encyclopedia came to represent the aspiring nation as a viable economic and political player on the world stage the capability to tell knowledge through culture became the hallmark of a nation s cultural capital symbolic of its might and mapping the how why and where of the global eighteenth century **The Academic Who's who**, 1975 *British Medical Journal*, 1887 *Letters from America 1833-1838* Wilhelm Huebsch, 2021-12-17 Wilhelm H bsch s *Letters from America* offers a fascinating and detailed view into the life and struggles on the American frontier H bsch emigrated to America in 1833 on the Olbers a 152 foot long sailing ship as a member of the Mainzer Emigration Society His decision to venture to the new world was founded upon a sense of adventure compelled by political circumstances and encouragement of glowing reports of a better life in America His letters begin with a description of the 55 day trip that took members of the society to New Orleans and up the Mississippi and Arkansas Rivers to Little Rock There the settlers faced illness and hardship compounded by unhealthy air and bad weather Struggling to establish themselves a full third of the company ended up in the grave within three years Survivors who were able departed Like most of them Wilhelm was unable to sell his possessions when he left America Wilhelm s enthusiasm evaporated as his health and resources were depleted Enfeebled and disheartened Wilhelm ultimately resolved to regain what he had left behind a loving supportive family and the pursuit of a career **Catalogue of the reference department of the Aston Manor public library** Robert Kirkup Dent, 1898 *The academy*, 1890 *Academy and Literature*, 1889 *The referendum in Switzerland. Pieper Mooney, Fabio Lanza, 2013-01-25 *De Centering Cold War History* challenges the Cold War master narratives that focus on super power politics by shifting our analytical perspective to include local level experiences and regional initiatives that were crucial to the making of a Cold War

world Cold War histories are often told as stories of national leaders state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West Taking a new analytical approach this book reveals unexpected complexities in the historical trajectory of the Cold War Contributions from an international group of scholars take a fresh look at historical agency in different places across the world including Africa Asia Europe and the Americas This collaborative effort shapes a street level history of the global Cold War era one that uses the analysis of the local to rethink and reframe the wider picture of the global connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between ordinary people and political elites to the Cold War at large Essential reading for all students of Cold War history
