Problems of Communism, 1984 *Protecting and Promoting Religious Rights in Eastern Europe and the Soviet Union* United States. Congress. Senate. Committee on Foreign Relations, 1984 **Religion, the Missing Dimension of Statecraft** Douglas Johnston, Cynthia Sampson, 1995 This collection of wide ranging case studies and theoretical pieces shows how religious or spiritual factors can play a helpful role in international relations Written by a distinguished roster of scholars this volume includes a foreword by Jimmy Carter and six maps Joschka Fischer and the Making of the Berlin Republic Paul Hockenos, 2008 Over the course of his long and controversial career Joschka Fischer evolved from an archetypal 1960s radical a firebrand street activist into a shrewd political insider operating at the heights of German politics In the 1980s he was one of the first elected Greens and went on to become Germany's foreign minister from 1998 to 2005 His famous challenge to Donald Rumsfeld's case for invading Iraq Excuse me I am not convinced won him worldwide recognition and the Bush administration's contempt Here is both a lively biography of Joschka Fischer and a gripping history from below of postwar Germany Paul Hockenos begins in the ruins of postwar Germany and guides us through the flashpoints of the late sixties and seventies from the student protests and the terrorism of the Baader Meinhof group to the evolution of Europe's premier Green party and brings us up to the present in the united Germany He shows how the grassroots movements that became the German Greens challenged and changed the republic's status quo making postwar Germany more democratic liberal and worldly along the way Despite the ideological twists and turns of Fischer and his peers the lessons of the Holocaust and the Nazi terror remained their constant coordinates Hockenos traces that political journey providing readers with unique insight into the impact that these movements and the Greens have had on Germany Informed by hundreds of

interviews with key figures and fellow travelers Joschka Fischer and the Making of the Berlin Republic presents readers with one of the most intriguing personalities on the European scene and paints a rich picture of the rebellious generation of 1968 that became the political elite of modern Germany *The 'Conservative Revolutionaries'* Barbara Theriault, 2004-10-01

During the forty years of division the Protestant and Catholic churches in Germany were the only organizations to retain strong ties and organizational structures they embodied continuity in a country marked by discontinuity As such the churches were both expected to undergo smooth and rapid institutional consolidation and undertake an active role in the public realm of the new eastern German states in the 1990s Yet critical voices were heard over the West German system of church state relations and the public role it confers on religious organizations and critics often expressed the idea that despite all their difficulties something precious was lost in the collapse of the German democratic republic Against this backdrop the author delineates the conflicting conceptions of the Protestant and Catholic churches public role and pays special attention to the East German model or what is generally termed the positive experiences of the GDR and the Wende *The Grassroots Network* Matthew Nemiroff Lyons, 1988 *New World Review* ,1985 Mother Jones Magazine ,1982-09 Mother Jones is an award winning national magazine widely respected for its groundbreaking investigative reporting and coverage of sustainability and environmental issues **Toward Nuclear Abolition** Lawrence S. Wittner, 1993 The final volume in the trilogy *The Struggle Against the Bomb* this book presents the inspiring and dramatic story of how citizen activists helped curb the arms race and prevent nuclear war **Future Survey Annual 1992** Michael Marien, 1993-01-30 The Soviet Union and Eastern Europe ,1989 Congressional Record United States.
