On Noise! Philosophy - Art - Organization Luc Peters, 2020-07-20 This book explores the obnoxious behavior and movements of noise However what is noise What is it doing to us and to our world How can we live and move with noise How do we produce and distribute our own noise These questions and many more are discussed through a philosophical investigation of noise Starting off from the statement that noise is nature it soon becomes clear that there is more to noise than just nature In an attempt to deal with nature we have started to order it and put it into boxes One of these boxes is the container for living the peculiarities of which harken back to the musings of Plato on his cave and catapult us into contemporary times where office cells mirror those of the monastery Although any definite answers will be absent there is still much to tell about noise even if it remains in the realm of the obscure or the obscene

[Summary of Chrisanna Northrup, Pepper Schwartz & James Witte's The Normal Bar](#) Everest Media, 2022-06-04T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The idea that love at first sight is the truest form of love is a popular one but it doesn t always happen that way In fact 28 percent of women and 48 percent of men in our survey said they had experienced love at first sight 2 People who fell in love at first

sight are more likely to report satisfaction with their present sex life even after decades together This might indicate that intense attraction early on in the relationship was especially important for the last group of baby boomers 3 Love involves more than just attraction and sexual satisfaction Compatibility is a crucial element Many people believe that true love depends on finding the one true mate who is meant for you But this is an overly simplistic view of love 4 The concept of soul mates is common among religious people who believe that they have found and are with their own soul mates However the majority of people we surveyed believe that their current partners are their soul mates **W.
