The Symbolism Of The Tarot P. D. Ouspensky, 2021-12-24 The Symbolism Of The Tarot P D Ouspensky Pyotr Demianovich Ouspensky was a noted and controversial Russian mystic and esotericist This book describes the mystical symbolism of the Major Arcana of the Tarot These esoteric or divinatory meanings were derived in great part from the writings of the Hermetic Order of the Golden Dawn group of which Ouspenskii had been a member The meanings and many of the illustrations showed the influence of astrology as well as Qabalistic principles Excerpt No study of occult philosophy is possible without an acquaintance with symbolism for if the words occultism and symbolism are correctly used they mean almost one and the same thing Symbolism cannot be learned as one learns to build bridges or speak a foreign language and for the interpretation of symbols a special cast of mind is necessary in addition to knowledge special faculties the power of creative thought and a developed imagination are required One who understands the use of symbolism in the arts knows in a general way what is meant by occult symbolism But even then a special training of the mind is necessary in order to comprehend the language of the Initiates and to express in this language the intuitions as they arise There are many methods for developing the sense of symbols in those who are striving to understand the hidden forces of Nature and Man and for teaching the fundamental principles as well as the elements of the esoteric language. The most synthetic and one of the most interesting of these methods is the Tarot The Fool's Journey: the History, Art, and Symbolism of the Tarot Robert M. Place, 2010 This is one of the best resources for understanding the Tarot's mystical symbolism. It includes an updated history based on Place's The Tarot History Symbolism and Divination which Booklist said may be the best book ever written on the tarot This edition adds color illustrations of key works and comparative illustrations from the Renaissance from alchemical texts from ancient Egypt and from occult sources It views the Tarot as a 500 year visual conversation between artists mystics and occultists The work is based on the 2010 Tarot exhibition at the LA Craft and Folk Art Museum curated by Place and includes the Visconti Sforza Tarot the 1st Italian printed deck the oldest Tarot of Marseille The 1st occult reference the 1st occult Tarot the 1st modern Tarot the 1st New Age Tarot and examples from popular modern decks including the Twilight Tarot the Legacy Tarot the Deviant Moon Tarot the Annotated Tarot of the Sevenfold Mystery and Place's Alchemical Tarot

The Tarot Robert Place, 2005-03-17 The Tarot is one of the few books that cuts through conventional misperceptions to explore the Tarot deck as it really developed in the Middle Ages and Renaissance Europe not as some would suggest in the

far reaches of Egyp tian antiquity Mining the Hermetic alchemical and Neoplatonic influences behind the evolution of the deck author Robert M Place provides a historically grounded and compelling portrait of the Tarot s true origins without overlooking the deck's mystical dimensions Indeed Place uncommonly weds reliable historiography with a practical understanding of the intuitive help and divinatory guidance that the cards can bring He presents techniques that offer new and valuable ways to read and interpret the cards Based on a simple three card spread Place's approach can be used by either the seasoned practitioner or the new inquirer The Symbolism of the Tarot Peter D. Ouspensky, 2017-11-15 Is a picture worth a thousand words In our modern society most are acquainted with Tarot cards as a form of divination or fortune telling However there is a deeper more esoteric meaning attached to the Tarot A legend exists related to the Tarot which tells of a group of adepts traveling through an enchanted forest Along the way these individuals lost their voices and were only able to communicate with each other by displaying Tarot cards to one another Through the exercise of relation via symbols the adepts were able to navigate out of the forest and into the light First published in 1913 Mr Ouspensky's The Symbolism of the Tarot shines a light in darkness which elucidates a great understanding of ourselves With new images this version of P D Ouspensky's classic is a Must Read for those interested learning the hidden meanings locked in the symbols of Symbolism of the Tarot P.
