O.P. Goergen, 2004 **Mystics of the Christian Tradition** Steven Fanning, 2005-06-29 From divine visions to self tortures some strange mystical experiences have shaped the Christian tradition as we know it Full of colourful detail Mystics of the Christian Tradition examines the mystical experiences that have determined the history of Christianity over two thousand years and reveals the often sexual nature of these encounters with the divine In this fascinating account Fanning reveals how God's direct revelation to St Francis of Assisi led to his living with lepers and kissing their sores and describes the mystical life of Margery Kempe who took weeping to new decibel levels Through presenting the lives of almost a hundred mystics this broad survey invites us to consider what it means to be a mystic and to explore how people such as Joan of Arc had their lives determined by divine visions Mystics of the Christian Tradition is a comprehensive guide to discovering what mysticism means and who the mystics of the Christian tradition actually were **Putting on the Mind of Christ** Woods, James E., 2021-02-17 Putting on the Mind of Christ examines the biblical historical scientific and theological aspects of contemplative prayer and mysticism that has the effect of changing our outlook on the world and seeing God and neighbor as a holistic unity **Wondrous in His Saints** Chris Baghos, 2023-06-29 What role do the church fathers play in the life of a modern Christian How do they define the experience of holiness And how can they help us appreciate our current culture while maintaining our traditional values Wondrous in His Saints posits

Abraham,2017-10-27 Divine Agency and Divine Action Volume II builds on Volume I which established that no generic concept of action will suffice for understanding the character of divine actions explicit in the Christian faith Volume II argues that in order to understand divine action one must begin with the array of specific actions predicated of God in the Christian tradition William J Abraham argues that one must practice theology in order to analyze properly the concept of divine action Abraham offers a careful review and evaluation of the particularities of divine action as they appear in the work of biblical patristic medieval and Reformation era theologians Particular attention is given to the divine inspiration of scripture creation incarnation transubstantiation in the Eucharist predestination and divine concurrence The work does not simply repeat the doctrinal formulations found in the Christian tradition but examines them in order to find fresh ways of thinking about these issues for our own time especially with respect to the contemporary debates about divine agency and divine action     **Renouncing the World Yet Leading the Church** Andrea Sterk,2009-06-30 Although an ascetic ideal of leadership had both classical and biblical roots it found particularly fertile soil in the monastic fervor of the fourth through sixth centuries Church officials were increasingly recruited from monastic communities and the monk bishop became the dominant model of ecclesiastical leadership in the Eastern Roman Empire and Byzantium In an interesting paradox Andrea Sterk explains that from the world

rejecting monasteries and desert hermitages of the east came many of the most powerful leaders in the church and civil society as a whole Sterk explores the social political intellectual and theological grounding for this development Focusing on four foundational figures Basil of Caesarea Gregory of Nyssa Gregory of Nazianzus and John Chrysostom she traces the emergence of a new ideal of ecclesiastical leadership the merging of ascetic and episcopal authority embodied in the monk bishop She also studies church histories legislation and popular ascetic and hagiographical literature to show how the ideal spread and why it eventually triumphed The image of a monastic bishop became the convention in the Christian east Renouncing the World Yet Leading the Church brings new understanding of asceticism leadership and the church in late antiquity Table of Contents Introduction I Basil of Caesarea and the Emergence of an Ideal 1 Monks and Bishops in the Christian East from 325 to 375 2 Asceticism and Leadership in the Thought of Basil of Caesarea 3 Reframing and Reforming the Episcopate Basil s Direct Influence II The Development of an Ideal 4 Gregory of Nyssa On Basil Moses and Episcopal Office 5 Gregory of Nazianzus Ascetic Life and Episcopal Office in Tension 6 John Chrysostom The Model Monk Bishop in Spite of Himself III The Triumph of an Ideal 7 From Nuisances to Episcopal Ideals Civil and Ecclesiastical Legislation 8 Normalizing the Model The Fifth Century Church Histories 9 The Broadening Appeal Monastic and Hagiographical Literature Epilogue The Legacy of the Monk Bishop in the Byzantine World Abbreviations Notes Frequently Cited Works Index

Faith, Reason, and Theosis Aristotle Papanikolaou, George E. Demacopoulos, 2023-10-03 Theosis shapes contemporary Orthodox theology in two ways positively and negatively In the positive sense contemporary Orthodox theologians made theosis the thread that bound together the various aspects of theology in a coherent whole and also interpreted patristic texts which experienced a renaissance in the twentieth century even in Orthodox theology In the negative sense contemporary theologians used theosis as a triumphalistic club to beat down Catholic and Protestant Christians claiming that they rejected theosis in favor of either a rationalistic or fideistic approach to Christian life The essays collected in this volume move beyond this East West divide by examining the relation between faith reason and theosis from Orthodox Catholic and Protestant perspectives A variety of themes are addressed such as the nature grace debate and the relation of philosophy to theology through engagement with such diverse thinkers as Thomas Aquinas John Wesley Meister Eckhart Dionysius the Areopagite Symeon the New Theologian Panayiotis Nellas Vladimir Lossky Martin Luther Martin Heidegger Sergius Bulgakov John of the Cross Delores Williams Evagrius of Pontus and Hans Urs von Balthasar The essays in this book are situated within a current thinking on theosis that consists of a common albeit minimalist affirmation amidst the flow of differences The authors in this volume contribute to the historical theological task of complicating the contemporary Orthodox narrative but they also continue the theological achievement of thinking about theosis so that all Christian traditions may be challenged to stretch and shift their understanding of theosis even amidst an ecumenical celebration of the gift of participation in the life of God **Symeon, The New Theologian** Saint Symeon (the New Theologian), 1982 **Be**
