**Le syndrome des Plaines d'Abraham** Eric Schwimmer, Michel Chartier, 1995-01-01 Un professeur d anthropologie la retraite en faveur du oui au r f rendum de 1995 donne sa perspective dans le d bat r f rendaire en comparant la situation au Qu bec avec des situations similaires dans le monde et en analysant des observations faites en janvier 1995 au Qu bec notamment en Mauricie au cours de consultations aupr s de gens

**Curative Illnesses** Julie Robert, 2016-01-18 During a time of uncertainty over collective identity and social transformation Quebec novels started getting sick after 1940 the number of narratives about illness disease and sick characters intensified For the last seventy years generations of authors have turned to medically oriented stories to represent day to day life and political turmoil In Curative Illnesses Julie Robert investigates how the theme of sickness is woven into literature and gauges its effect on depictions of Quebec s national identity Challenging the legitimacy of illness as a metaphor for the nation Robert contests interpretations of illness related literature that have presented Quebec itself as ailing Through re examinations of Quebec novels Curative Illnesses shatters the illusion of congruency between the nation and the body countering assumptions about nationwide weakness and victimization For Quebec in particular these assumptions have greater implications because the separatist movement policies of interculturalism and majority language rights revolve around protecting and defending Qu b cois society and its cultural values Robert skilfully demonstrates a more nuanced view of illness through a series of analyses focusing on works of literature from some of Quebec s most renowned novelists including Gabrielle Roy Andr Langevin Denis Lord Hubert Aquin Jacques Godbout Pierre Billon and Anne Bernard Using an interdisciplinary approach that engages with nationalism postcolonial studies literature rhetoric and the medical humanities Curative Illnesses explores how moving beyond earlier diagnoses offers new insights into nationhood

*Inclusion & Exclusion in/au Canada* Dagmara Drewniak, Ewelina Feldman-Kołodziejuk, Piotr Sadkowski, Joanna Warmuzińska-Rogóż, 2024-04-15 The volume convenes English and French speaking Canadianists who share a broad reflection on issues of exclusion and inclusion in Canadian contexts It is through historical but also linguistic cultural and literary perspectives that we can unveil and learn more about the particular instances of inclusion and exclusion The volume offers a kaleidoscopic view of Canadian history politics literature and culture The collected essays provide a discussion on a number of contemporary Anglophone and Francophone literary works the evaluation of Canadian language policy the reflection upon the literary canon as well as challenges of literary translation in a bilingual country the distinctness of Black Lives Matter Canada and last but not the least the historical status of New France

*Migration and Divided Societies* Chris Gilligan, Susan Ball, 2016-04-08 The study of divided societies has focused historically on either ethnic divides in colonial or post colonial societies or on developed Western democracies which have ethnic power sharing Government structures The study of divided societies emerged historically at a moment when there was a growing interest in the study of immigration and inter ethnic relations in developed industrial nations These two sets of

literature on divided societies and on immigration and inter ethnic relations have developed largely in isolation from each other Both sets of literature have also tended to focus on inter ethnic relations and have paid much less attention to migration This edited collection sets out to fill this gap in the literature through examining migration and ethnic division The case studies examined include developed industrial nations Canada and Norway a post colonial country Kenya and three cases which feature regularly in the divided societies literature Bosnia Northern Ireland and Israel Taken together these case studies suggest ways in which migration intersects with and complicates ethnic divides in divided societies This book was published as a special issue of *Ethnopolitics*

*Us, Them, and Others* Elke Winter, 2011-10-01 How do countries come to view themselves as being multicultural *Us Them and Others* presents a dynamic new model for understanding pluralism based on the triangular relationship between three groups the national majority historically recognized minorities and diverse immigrant bodies Elke Winter's research illustrates how compromise between unequal groups is rendered meaningful through confrontation with real or imagined outsiders *Us Them and Others* sheds new light on the astonishing resilience of Canadian multiculturalism in the late 1990s when multicultural policies in other countries had already come under heavy attack Winter draws on analyses of English language newspaper discourses and a sociological framework to connect discourses of pan Canadian multicultural identity to representations of Quebecois nationalism immigrant groups First Nations and the United States Taking inspiration from the Canadian experience *Us Them and Others* is an enticing examination of national identity and pluralist group formation in diverse societies

*Recent Social Trends in Canada, 1960-2000* Lance W. Roberts, 2005 Canadian society has changed dramatically since 1960 This work captures the scope and range of these changes through a systematic documentation of seventy eight social trends The introduction summarizes and locates the major waves of change The authors then document each trend in relation to eighteen thematic groups that include age community women labour management stratification social relations the state mobilizing institutions social forces ideologies households lifestyle leisure education integration and attitudes and values In contrast to many recent works and journalistic reports *Recent Social Trends in Canada* concentrates on the trajectory of change rather than on current events It provides a longitudinal context in which unfolding events can be interpreted in a broader historical and international context Comparable volumes in the McGill Queen's Comparative Charting of Social Change series describe similar tendencies in the United States Quebec France Germany Italy Greece Russia and Bulgaria making it possible to situate the Canadian experience in a global context

**Sociological Abstracts** Leo P. Chall, 1998 Traduction et enjeux identitaires dans le contexte des Amériques Louis Jolicœur, 2007 Au del des questions d'intégration de domination de sécurité de dynamique de marché de politiques économiques de revendications nationales et identitaires l'Américanité se pose aussi en termes d'imaginaire Et si les questions d'ordre politique et économique sont plutôt source de conflits et rivales d'une asymétrie qui va s'accroissant dans les Amériques l'imaginaire américain en revanche paraît refléter davantage de convergence que

de divergence Il est en effet remarquable de voir quel point cet imaginaire prend des formes semblables d'un bout à l'autre des Amériques nombre d'anthologies publiées ces dernières années traitant de tonnantes parallèles entre nos cultures respectives Ce ciment l'est fait pour durer Il ne demande qu'à se nourrir Un des meilleurs moyens dont nous disposons pour alimenter cette mouvance de l'imaginaire américain est la traduction Et c'est dans ce cadre que de nombreux projets sont apparus ces dernières années qui donnent la traduction une place plus importante que jamais Pensons au Centre de traduction littéraire de Banff créé en 2002 et qui invite chaque année la suite d'un concours supervisé par un conseil consultatif des traducteurs canadiens et étrangers venir travailler pendant un mois sur un projet de traduction relié aux Amériques galement la Foire du livre de Guadalajara de décembre 2003 où le Québec était l'invité d'honneur et où de nombreux projets de traduction ont vu le jour enfin un projet de recherche à l'Université Laval l'Observatoire de la traduction littéraire de l'Université Laval dont le but est d'étudier les modes de diffusion de la littérature canadienne au moyen de la traduction littéraire Quatrième de couverture

**Anthropologica**, 1999 *Le dialogue avec les cultures minoritaires* Eric Waddell, 1999 *Cessons d'être des colonisés!* Jean-Maurice Arbour, 2015-10-05T00:00:00-04:00 Il y a des chroniqueurs qui n'aiment pas qu'on en parle mais au fond nous devons cesser d'être des colonisés Pierre Karl Péladeau Condamnés à l'exil par les gardiens des deux camps retranchés du OUI et du NON les colonisés d'autrefois se sont perdus dans la nature ou sont disparus dans les mythes de la Révolution tranquille On a beau les chercher on ne les retrouve plus Pourtant si nous observons bien ce qui se passe au Québec tout indique que des colonisés reviennent en douce de leurs terres d'exil comme les Acadiens de 1755 Ils n'arrivent pas à parcourir les rues et de faire sentir leur présence dans les médias Ils agissent dans l'ombre incognito mais réussissent parfois à percer le mur du silence pour faire entendre leur cri de désespoir C'est leur demande que j'ai entrepris de mener une enquête impartiale pour vérifier si ces colonisés existent toujours dans la réalité et si leur parole a encore du sens à l'heure où tous les peuples de la terre ont réalisé leur indépendance Serions-nous donc les derniers colonisés de l'ère postcoloniale **Figured Worlds** Professor John Clammer, J. R. Clammer, Sylvie Poirier, Eric Schwimmer, 2004-01-01 World Visions can conceive of everything except alternative world visions If this pronouncement by Umberto Eco is right how can any ethnic group conceive of living with another group on the same territory in Canada or elsewhere if their world visions are incompatible Can we sidestep incompatible world visions or should we try to understand them Figured Worlds explores the possibilities of equilibrium between commitments to mutual understanding and the framing of strategies of negotiation This collection begins its rich analytical investigation by describing how people Australian Aborigines New Zealand Maori Japanese and Africans first learn the figured worlds of their own culture made up of sensations affirmations and will prophecy revelation myth dream and metamorphoses It then sets out how diverse figured worlds within a given social system are related and concludes by offering insightful mappings of the dynamics of these relations perceived in both their existential ontological aspects as well as their material practical means Comprising scholarship that is half Canadian and half British this work
