Synge Aran Islands:

The Aran Islands John Millington Synge, 1926 **The Aran Islands** J. M. Synge, 2024-04-17

The Aran Islands is a travelogue written by the Irish playwright John Millington Synge first published in 1907. In this work Synge recounts his experiences and observations during his visits to the Aran Islands, a group of three islands off the west coast of Ireland: Inishmore, Inishmaan, and Inisheer. Synge's visits to the Aran Islands deeply influenced his later plays, particularly his masterpiece *The Playboy of the Western World*. In *The Aran Islands*, he provides vivid descriptions of the landscape, the people, their way of life, customs, and traditions. Synge's prose captures the rugged beauty of the islands and the harshness of life lived close to nature. Throughout the book, Synge reflects on the cultural richness of the Aran Islands, their language (Irish Gaelic), and the resilience of the islanders in the face of economic hardship and isolation. He also delves into the complexities of Irish identity and the tensions between tradition and modernity.

In 1897, Synge had his first attack of Hodgkin's disease and also had an enlarged gland removed from his neck. The following year, he spent the summer in the Aran Islands. He spent the next five summers in the Aran Islands, collecting stories and folklore and perfecting his Irish while continuing to live in Paris for most of the rest of each year. He also visited Brittany regularly. During this period, he wrote his first play, *When the Moon Has Set*, and sent it to Lady Gregory for the Irish Literary Theatre in 1900, but she rejected it. The play was not published until it appeared in the *Collected Works*. Synge's first account of life in the Aran Islands was published in the *New Ireland Review* in 1898, and his book *The Aran Islands*, based largely on journals, was completed in 1901 and published in 1907 with illustrations by Jack Butler Yeats. Synge considered the book his first serious piece of work. When Lady Gregory read the manuscript, she advised Synge to remove any direct naming of places and to add more folk stories, but he refused to do either because he wanted to create something more realistic. The book expresses Synge's belief that beneath the Catholicism of the islanders, it was possible to detect a substratum of the pagan beliefs of their ancestors. His experiences in the Aran Islands were to form the basis for the plays about Irish rural life that Synge went on to write. In 1903, Synge left Paris and moved to London. He had written two one-act plays, *Riders to the Sea* and *The Shadow of the Glen*, the previous year. These met with Lady Gregory's approval, and *The Shadow of the Glen* was performed at the Molesworth Hall in October 1903. *Riders to the Sea* was performed at the same venue in February the following year. *The Shadow of the Glen*, under the title *In the Shadow of the Glen*, formed part of the bill for the opening run of the Abbey Theatre from 27 December 1904 to 3 January 1905. Both plays were based on stories that Synge had collected in the Aran Islands, and Synge relied on props from the Aran Islands to help set the stage for each of them. He also relied on Hiberno-English, the English dialect of Ireland, to reinforce its usefulness as a literary language, partly because he believed that the Irish language could not survive. *The Shadow of the Glen*, based on a story about an unfaithful wife, was attacked in print by the Irish nationalist leader Arthur Griffith as a slur on Irish womanhood. Years later, Synge wrote, "When I was writing

The Shadow of the Glen some years ago I got more aid than any learning could have given me from a chink in the floor of the old Wicklow house where I was staying that let me hear what was being said by the servant girls in the kitchen This encouraged more critical attacks alleging that Synge described Irish women in an unfair manner Riders to the Sea was also attacked by nationalists this time including Patrick Pearse who decried it because of the author's attitude to God and religion Pearse Arthur Griffith and other conservative minded Catholics claimed Synge had done a disservice to Irish nationalism by not idealising his characters However later critics have attacked Synge for idealising the Irish peasantry too much A third one act play The Tinker's Wedding was drafted around this time but Synge initially made no attempt to have it performed largely because of a scene in which a priest is tied up in a sack which as he wrote to the publisher Elkin Mathews in 1905 would probably upset a good many of our Dublin friends Edmund John Millington Synge 16 April 1871 24 March 1909 was an Irish playwright poet prose writer travel writer and collector of folklore He was a key figure in the Irish Literary Revival and was one of the co founders of the Abbey Theatre He is best known for his play The Playboy of the Western World which caused riots in Dublin during its opening run at the Abbey Theatre

The Aran Islands John Millington Synge, 2014-09-20 Classic Irish Literature The Aran Islands by John M Synge The geography of the Aran Islands is very simple yet it may need a word to itself There are three islands Aranmor the north island about nine miles long Inishmaan the middle island about three miles and a half across and nearly round in form and the south island Inishere in Irish east island like the middle island but slightly smaller They lie about thirty miles from Galway up the centre of the bay but they are not far from the cliffs of County Clare on the south or the corner of Connemara on the north Kilronan the principal village on Aranmor has been so much changed by the fishing industry developed there by the Congested Districts Board that it has now very little to distinguish it from any fishing village on the west coast of Ireland The other islands are more primitive but even on them many changes are being made that it was not worth while to deal with in the text In the pages that follow I have given a direct account of my life on the islands and of what I met with among them inventing nothing and changing nothing that is essential As far as possible however I have disguised the identity of the people I speak of by making changes in their names and in the letters I quote and by altering some local and family relationships I have had nothing to say about them that was not wholly in their favour but I have made this disguise to keep them from ever feeling that a too direct use had been made of their kindness and friendship for which I am more grateful than it is easy to say
