contemporary seekers will find kindred souls in famous and not so famous saints prophets martyrs and poets who make up the fabric of the Celtic tradition This book features short entries describing the lives temptations insights and struggles of Celtic saints but also Celtic prophets martyrs and poets Arranged weekly by either feast day birth date date of death or alphabetically each selection is preceded by a quotation from or about the saint prophet martyr or poet and concludes with a thought to ponder When appropriate each entry is accompanied by a descriptive listing of significant sacred sites museums or other important landmarks From Patrick and Columba to Seamus Heaney and William Butler Yeats this is a timeless and timely practical and wise book Use it as your spiritual guide throughout the year     A Short History of English Literature Harry Blamires, 2013-02-28 First published in 2012 This work of introduction is designed to escort the reader through some six centuries of English literature It begins in the fourteenth century at the point at which the language written in our country is recognizably our own and ends in the 1950s It is a compact survey summing up the substance and quality of the individual achievements that make up our literature The aim is to leave the reader informed about each writer's main output sensitive to the special character of his gifts and aware of his place in the story of our literature as a whole     *Joyce and the Anglo-Irish* Len Platt, 2022-06-08 Joyce and the Anglo Irish is a controversial new reading of the pre Wake fictions Joining ranks with a number of recent studies that insist on the importance of historical contexts for understanding James Joyce Len Platt's account has a particular focus on issues of class and culture The Joyce that emerges from this radical reappraisal is a Catholic writer who assaults the Protestant makers of Ireland's traditional literary landscape Far from being indifferent to the Irish Literary Revival the James Joyce of Platt's book attacks and ridicules these revivalist writers and intellectuals who were claiming to construct the Irish nation Examining the aesthetics and politics of revivalist culture Len Platt's research produces a James Joyce who makes a crucial intervention in the cultural politics of nationalism The Joyce enterprise thus becomes centrally concerned both with a disposal of the essentialist culture produced by the tradition of Samuel Ferguson Standish O Grady and W B Yeats and a redefining of the uncreated conscience of the race     *Free Time!* Vajragupta Staunton, 2019-04-24 In our fast moving world many people can feel their time is wound tight their lives constantly hassled and hectic Fast forward seems to be the collective default setting So often we can be over busy and over stimulated and this can send stress levels higher and higher In Free Time Vajragupta Staunton shows us that investigating our experience of time and considering our relationship with it can be deeply and powerfully transformative     *The Diary of Samuel Pepys: deciphered by the Rev J. Smith edited by Lord Braybrooke* Samuel Pepys, 1906     Lords of the Lebanese Marches Michael Gilson, 1996-01-01 Michael Gilson looks at the relations between different forms of power violence and hierarchy in Akkar the northernmost province of Lebanon during the 1970s Often regarded as backward and feudal in reality this area was controlled primarily by groups with important roles in government and business in Beirut The most feudal landowners had often done most to introduce capitalist methods to their estates and backwardness was a condition produced by this form

of political and social control Gilson uses material from his stay in Akkar and a variety of historical sources to analyze the practices that guaranteed the rule of the large landowners He traces shifts in power and he examines the importance of narratives and rhetoric in constituting social honor collective biography and shared memory forgetting His lively account shows how changes in hierarchy were expressed in ironic commentary regarding idealized masculinity and violence how subversive laughter and humor counterpointed the heroic ethic of challenge and revenge and how peasant narratives both countered and reproduced the values of hierarchy Michael Gilson looks at the relations between different forms of power violence and hierarchy in Akkar the northernmost province of Lebanon during the 1970s Often regarded as backward and feudal in reality this area was controlled primarily by groups with important roles in government and business in Beirut The most feudal landowners had often done most to introduce capitalist methods to their estates and backwardness was a condition produced by this form of political and social control Gilson uses material from his stay in Akkar and a variety of historical sources to analyze the practices that guaranteed the rule of the large landowners He traces shifts in power and he examines the importance of narratives and rhetoric in constituting social honor collective biography and shared memory forgetting His lively account shows how changes in hierarchy were expressed in ironic commentary regarding idealized masculinity and violence how subversive laughter and humor counterpointed the heroic ethic of challenge and revenge and how peasant narratives both countered and reproduced the values of hierarchy Customs in Common E. Thompson, 2015-09-22 The meticulously researched elegantly argued and deeply humane sequel to the landmark volume of social history *The Making of the English Working Class* The New York Times Book Review This remarkable study investigates the gradual disappearance of a range of cultural customs against the backdrop of the great upheavals of the eighteenth century As villagers were subjected to a legal system increasingly hostile to custom they tried both to resist and to preserve tradition becoming as E P Thompson explains rebellious but rebellious in defense of custom Although some historians have written of riotous peasants of England and Wales as if they were mainly a problem for magistrates and governments for Thompson it is the rulers landowners and governments who were a problem for the people whose exuberant culture preceded the formation of working class institutions and consciousness Essential reading for all those intrigued by English history *Customs in Common* has a special relevance today as traditional economies are being replaced by market economies throughout the world The rich scholarship and depth of insight in Thompson's work offer many clues to understanding contemporary changes around the globe This long awaited collection is a signal contribution from the person most responsible for inspiring the revival of American labor history during the past thirty years The Nation This book signals the return to historical writing of one of the most eloquent powerful and independent voices of our time At his best he is capable of a passionate sardonic eloquence which is unequalled The Observer
