

Active participation

- The single criterion to be applied in all reform of the Liturgy: “In the restoration and promotion of the sacred liturgy the full and active participation by all the people is the aim to be considered before all else...” (*Sacrosanctum Concilium*, 14 [cf. Also nos. 11 and 19]).
- The Synod of 1985: “The active participation so happily increased after the council does not consist only in external activity, but above all in interior and spiritual participation, in living and fruitful participation in the paschal mystery of Jesus Christ” (*Message to the People of God*).

Kobler, 1991 This book provides a phenomenological analysis of the corporate ecclesial consciousness as manifested in the major documents of Vatican II The primary focus is on the deep structures of Lumen Gentium This phenomenology of the ecclesial thought processes involves a uniquely new sacramental theology or mystagogical catechesis whereby the Church is appreciated as a theophany of the Glorified Christ transfiguring its contemporary human dynamisms The result is a pastoral anthropogony for the People of God implying a new theological anthropology in order to achieve the ultimate practical goal of the Council as outlined by Pope John XXIII The key roles of Paul VI and Cardinal Suenens are emphasized in this new style of pastoral reflection **Inside the Vatican** Thomas J. Reese S.J., 1998-02-19 There are one billion Catholics in the world today spread over every continent speaking almost every conceivable language and all answering to a single authority The Vatican is a unique international organization both in terms of its extraordinary power and influence and in terms of its endurance Popes come and go but the elaborate and complex bureaucracy called the Vatican lives on For centuries it has served and sometimes undermined popes it has been praised and blamed for the actions of the pope and for the state of the church Yet an objective examination of the workings of the Vatican has been unavailable until now Drawing on more than a hundred interviews with Vatican officials this book affords a firsthand look at the people the politics and the organization behind the institution Reese brings remarkable clarity to the almost Byzantine bureaucracy of congregations agencies secretariats tribunals nunciature and offices showing how they serve the pope and through him the universal church He gives a lively account of how popes are elected and bishops appointed how dissident theologians are disciplined and civil authorities dealt with Throughout revealing and colorful anecdotes from church history and the present day bring the unique culture of the Vatican to life The Vatican is a fascinating institution a model of continuity and adaptation which remains constant while functioning powerfully in a changing world As never before this book provides a clear objective perspective on how the enormously complex institution surrounding the papacy operates on a day to day level how it has adapted and endured for close to two thousand years and how it is likely to face the challenges of the next millennium Prophetic Obedience Hinze, Bradford E., 2016-03-08 **Communion Ecclesiology and Social Transformation in African Catholicism** Idara Otu, 2020-05-15 In this book Idara Otu one of the new theological voices from Africa rethinks ecclesiology

in the changing context of a wounded and broken world What does the Catholic Church in Africa look like post Vatican II This book creatively illuminates the intrinsic connections between ecclesial communion and social mission in the changing face of the church in Africa The multiple levels of dialogue in African Catholicism especially in the reception and contextualization of conciliar teachings is redefining world Christianity The author explores how dialogue synodality inculturation leadership human security social issues and social transformation are shaping the identity and mission of the church in Africa This book also engages recent magisterial teachings and diverse theological voices in developing the praxis for the emergence of particular churches in Africa that are defined by the joys and sorrows of God's people The book calls for a Triple C church revitalized through Conversion Communality and Conversation as well as fostering integral and sustainable social transformation in Africa's contested march toward modernity
