Bilingual Grammar of English-Spanish Syntax Sam Hill, William Bradford, 2000 This comparative analysis of the interlingual differences between English and Spanish allows instructors to comprehend and analyze the linguistic behaviors of their students and thereby help them achieve bilingualism Intended for advanced upper division and graduate students intending to teach Spanish to English speakers English to Spanish speakers and translators of both languages Plastic comb binding Annotation copyrighted by Book News Inc Portland OR *The Syntax of Spanish* Karen Zagana, 2002 A clear and well organised introduction to Spanish syntax assuming no prior knowledge of current theory *Bilingual Grammar of English-Spanish Syntax* Sam Hill, María Mayberry, Edward Baranowski, 2014-06-13 This third edition of this text presents the major grammatical contrasts between English and Spanish in a simple and direct manner that is ideal for teachers of either language This book addresses difficult grammatical topics for the English speaker such as the question of aspect preterit imperfect and the Spanish indicative subjunctive the English modal auxiliary system and other challenging topics for the Spanish speaker This reworked and expanded edition presents a complete inventory of all the major interlingual contrasts emphasizing those contrasts that pose difficulties for teachers and students alike The text features numerous exercises and new with this edition an extensive glossary of grammatical terms Answer key available upon request from the publisher

**Current Issues in Spanish Syntax and Semantics** Javier Gutiérrez-Rexach, Luis Silva-Villar, 2012-10-25 The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century This branch of linguistics broadly known as Generative Grammar is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the language organ The series comprises high quality monographs and collected volumes that address such issues The topics in this series range from phonology to semantics from syntax to information structure from mathematical linguistics to studies of the lexicon

*Current Formal Aspects of Spanish Syntax and Semantics* Melvin González-Rivera, Sandro Sessarego, 2012-04-25 This book is a compilation of articles on different aspects of Spanish grammar in the areas of current theoretical syntax and semantics The issue brings together scholars working on some formal aspects of Spanish predicative complementation e g deque smo neuter demonstrative pronouns the subject of Psych verbs the nature of non verbal predication and the internal structure of the Determiner Phrase DP cf gender variation among other topics Linguists and philologists with interests in Spanish and or in other Romance languages are the main target audience The book will appeal also to researchers and students specializing in generative grammar semantics and in the syntax semantics interface It will also be of interest to historical linguists and dialectologists addressing theoretical formal issues cf Afro Bolivian Spanish The research in this book points to a cohesiveness in Spanish linguistics that lies in the integration of up to date empirically based linguistic research with current theoretical assumptions on the nature of syntax and semantics **Spanish Syntax and Composition** J. P.

Howard, 2014-06-12 Originally published in 1927 this book was written to provide students with some experience of Spanish with a guide to elements of syntax and composition A selection of Spanish prose writing translated into English is also included This book will be of value to anyone with an interest in Spanish linguistics and the history of education **Syntax and Semantics of Spanish Presentational Sentence-types** Margarita Suñer, 1982 English Syntax for Spanish Speakers Concha Castillo, 2003 Designed for intermediate to upper intermediate university students of either English or Spanish syntax Castillo's linguistics Malaga U Spain textbook examines English syntax and the most basic points of contrast between English and Spanish The analysis centers around four types of English simple sentences declarative interrogative exclamative and imperative and is carried out within the framework of Transformational Generative Grammar The text assumes the student possesses a solid intellectual concern and predisposition towards the study of language but does not require previous in depth study of transformational grammar No subject index Annotation 2004 Book News Inc Portland OR booknews com *A Formal Approach to Spanish Syntax* Jos Hallebeek, 2024-08-26 **Functional Approaches to Spanish Syntax** J. Clements, J. Yoon, 2005-11-30 The first usage based approach of its kind this volume contains twelve studies on key issues in Spanish syntax word order arguments grammatical relation marking inalienable possession ser and estar adjective placement small clauses and causatives The studies are approached within a broad functionalist perspective The studies strengthen the view that components of grammar intricately interact and that a usage based approach to analyzing them offers new and insightful perspectives on some stubborn problems *The Acquisition of Spanish Morphosyntax* Ana Teresa Pérez-Leroux, Juana Muñoz Licerias, 2012-12-06 Recent developments in linguistic theory as well as the growing body of evidence from languages other than English provide new opportunities for deeper explorations into how language is represented in the mind of learners This collection of new empirical studies on the acquisition of Spanish morphosyntax by leading researchers in the field of language acquisition specifically contributes to the characterization of the L1 L2 connection in acquisition Using L1 and L2 Spanish data from children and adults the authors seek to address the central questions that have occupied developmental psycholinguists in the final decades of the previous century and that will no doubt continue engaging them into the present one Modern Spanish Syntax Yolanda R. Solé, Carlos A. Solé, 1977 **The Syntax of Spanish Reflexive Verbs** Sandra Scharff Babcock, 2014-07-24 No detailed description available for The Syntax of Spanish Reflexive Verbs The Morphosyntax of Portuguese and Spanish in Latin America Mary A. Kato, Francisco Ordóñez, 2016-10-26 Spanish and Portuguese were Romance languages spoken in the Iberian Peninsula and were brought to America as the languages of the colonizers in the 16th century Along the centuries the two languages developed specific properties that distinguish them from the varieties spoken in the Old World This book offers a rich comparative material which helps us in the understanding of linguistic change and variation *A Reference Grammar of Spanish* R. E. Batchelor, Miguel Ángel San José, 2010-04-29 A Reference Grammar of Spanish is a comprehensive handbook on the structure

of the Spanish language Keeping technical terminology to a minimum it provides a detailed yet clear point of reference on all the intricacies of Spanish grammar covering word order parts of speech verb use syntax gender number alphabet and pronunciation Accompanied by a wealth of carefully chosen examples it looks at Spanish in Iberia the USA Mexico and Argentina and demonstrates the differences between these varieties It is designed specifically with English speaking learners in mind and contains useful tools such as a glossary of terms an index and a detailed examination of different registers of the language Clearly structured and systematically organised this volume is set to become the standard guide to the grammar of contemporary Spanish and will be an invaluable resource for teachers and students as well as a practical supplement to textbooks and classroom study *Spanish-English Contrasts* Melvin Stanley Whitley, 2002 An invaluable text in language and linguistics because it has a unique scope a one volume description of the Spanish language and its differences from English and ranges from pronunciation and grammar to word meaning language use and social and dialectal variation Designed for survey courses in Spanish linguistics with technical concepts explained in context for beginners in the field *Spanish English Contrasts* brings out the ways in which insights into the two languages have evolved as scholars have built on the work and research of others in the field A bilingual glossary of linguistic terms is provided to facilitate discussion in either language This second edition is thoroughly updated to incorporate insights and issues that have come to the fore from the explosion of research in the past twenty five years in all of the areas covered by the book It includes an expanded bibliography and index and adds new exercises for student application and class discussion Its approach remains broadly based however in order to accommodate a range of areas and data rather than focusing narrowly on one single theory or research area and it continues to emphasize implications for language teaching translation and other practical applications

*Generative Studies in Spanish syntax* Ivonne Bordelois, Heles Contreras, 2019-11-18 No detailed description available for *Generative Studies in Spanish syntax* *The Syntactic Variation of Spanish Dialects* Ángel J. Gallego, 2019 This book offers a comprehensive overview of the syntactic variation of the dialects of Spanish More precisely it covers Spanish theoretical syntax that takes as its data source non standard grammatical phenomena Approaching the syntactic variation of Spanish dialects opens a door not only to the intricacies of the language but also to a set of challenges of linguistic theory itself including language variation language contact bilingualism and diglossia The volume is divided into two main sections the first focusing on Iberian Spanish and the second on Latin American Spanish Chapters cover a wide range of syntactic constructions and phenomena such as clitics agreement subordination differential object marking expletives predication doubling word order and subjects This volume constitutes a milestone in the study of syntactic variation setting the stage for future work not only in vernacular Spanish but all languages *Spanish Second Language Acquisition* Barbara Armstrong Lafford, M. Rafael Salaberry, 2003 While the focus is on the acquisition of Spanish as a second language this is also an extremely useful volume for second language theoreticians and practitioners involved in all aspects of the pedagogy of other

second languages Students teachers program administrators and scholars alike will benefit from the insights that the contributors bring to the myriad issues that language professionals confront BOOK JACKET Current Studies in Spanish Linguistics Héctor Campos, Fernando Martínez-Gil, 1992-03-01 In this invited volume experts in Spanish linguistics who subscribe to the Chomskyian theory of Universal Grammar along with the editors approach the general applicability of this model from the perspectives of their subdisciplines language acquisition syntax semantics phonology and morphology Their research points to the verification of the Chomskyian linguistic theory as a general framework for explaining phenomena in language acquisition and use and more generally to the possible development of a model of mind based on linguistic theory Current Studies in Spanish Linguistics will interest all specialists in Spanish and theoretical linguistics as well as those interested in cognitive science psychology philosophy of mind and artificial intelligence
