Sidel, 1997 This is the first full description of the public health consequences of war and of what health professionals can do to minimize these consequences and to help prevent war itself The book covers the impact of war on public health human rights and the environment the effects of specific weapons

systems during war and the preparation for war the effects of war and military activities on women children refugees and other populations the public health impacts of specific wars and the role of health professionals and organizations during war and in preventing war The book is well illustrated with numerous figures and photographs and is extensively referenced

*How Much is Enough?* Alan Thein Durning,1992 It discusses the use of resources pollution and the distortions created in the economies of both wealthy industrialized nations and Third World countries *The Future of Global Governance* Mihály Simai,1994 What are the major political economic technological environmental and social changes confronting the world today and what risks do they pose Given what we know about these changes and risks what adjustments will have to be undertaken to make the world as peaceful and stable as possible Drawing on over 30 years research the eminent European scholar Mihaly Simai combines a global systems approach with a hard headed appreciation of political realities as he seeks answers to these two overarching questions This volume is at once richly informative and profoundly challenging Unflinching in its diagnosis of the past failures and present inadequacies of global governance pragmatic in its prescriptions for more effective multilateral cooperation Simai s work dissects the dimensions and dangers of a world in transition European Security Michael Charles Pugh,1992 This work covers the period from the end of the Cold War to the end of the century and specifically addresses the roles of the United States and the Soviet Union European Community security police Germany s role as bridge or frontier between East and West and transnational processes **Control of Dual-threat Agents** Erhard Geissler,John P. Woodall,1994 The Vaccines for Peace VFP program is designed to counter international reservations about the possible military misuse of vaccine research It focuses on vaccines developed to combat those pathogens and toxins that can be used as weapon agents In this timely collection experts from fields as diverse as biotechnology vaccinology international law and diplomacy debate the VFP program **Threat of Ballistic Missiles in the Middle East** Arie Stav,2004-06-01 This addresses the complex issue of defence against ballistic missiles by intercepting them at various stages of their trajectory The book poses both technical and conceptual questions regarding the issue of missile to missile interception and other options **To Agree or Not to Agree** Lisa Baglione,2010-08-04 Why were the leaders of the United States and the Soviet Union able to negotiate a series of arms control agreements despite the deep and important differences in their interests during the Cold War Lisa A Baglione considers a variety of explanations for the successes and failures of these negotiations drawn from international relations theories Focusing on the goals and strategies of individual leaders and their ability to make these the goals and strategies of their nation the author develops a nuanced understanding that better explains the outcome of these negotiations Baglione then tests her explanation in a consideration of negotiations surrounding the banning of above ground nuclear tests the Strategic Arms Limitation Talks of the 1970s the negotiations for the limitation of intermediate range nuclear forces in the 1980s and the last negotiations between the Americans and the disintegrating Soviet Union in 1990 and 1991 How these great rivals were able to negotiate significant arms control agreements not only

will shed light on international relations during an important period of history but will help us understand how such agreements might develop in the post Cold War period when arms proliferation has become a serious problem This book will appeal to scholars of international relations and arms control as well as those interested in bargaining and international negotiations and contemporary military history Lisa A Baglione is Assistant Professor of Political Science St Joseph s University

**Realism versus Global Arms Control and Disarmament** Carmen Chas,2025-07-15 This incisive book explores the limits of international law through arms control and disarmament treaties Carmen Chas critically engages with literature on disarmament and classical realist analysis bridging the divide between international law and international relations scholarship

The CSCE Security Regime Formation K. Hong,1997-04-11 An analysis of the CSCE OSCE process from the perspective of security regime formation and an evaluation of its contribution to European security This book systematically examines the whole CSCE OSCE process from a non European perspective bearing in mind the transferability of the OSCE to other regions This book displays innovative research on security regimes by presenting an empirical case study of the CSCE OSCE

**Arms Control and Security: The Changing Role of Conventional Arms Control in Europe** Kevin Wright,2017-11-01 This title was first published in 2000 The aim of this text is to explore conventional arms control in Europe The early chapters provide a primarily historical perspective looking at the context foundations main provisions and institutional structure of the main agreements The later chapters explore the continuing and likely future roles of the OSCE and NATO in the arms control process The final chapters examine more contemporary developments by looking at the Adapted CFE Treaty and Vienna Documents agreed at the OSCE Istanbul Summit in November 1998 and the challenges posed to existing arrangements by the changing and emergent security threats that potentially face Europe

Stockholm International Peace Research Yearbook. Sipri Yearbook 1990 ,1990 Parameters ,1989

**The Iraqi Invasion of Kuwait** Hamdi A. Hassan,1999-09-20 Focusing on the 1990 Iraqi invasion of Kuwait Hamdi Hassan offers a balanced examination of the motivation of the Iraqi polity and the conditions which accelerated and facilitated the decision to invade Critical of the traditional approach of most Middle East studies The Iraqi Invasion of Kuwait offers a counterpoint to Western interpretations of this key event in the contemporary history of the Middle East Hassan examines how Saddam Hussein assessed and responded to American and Israeli intentions after the invasion the reaction of other Arab states and the unprecedented grassroots support for the Iraqi leadership In this context the author examines the social structure of Iraqi society families clans and regional alliances and the importance of Ba athism Hassan also examines the political structure of the country relating the identity of Arabism the religion and language which is associated closely with the Pan Arabist ideals to Iraqi foreign policy

*The Politics of Ballistic Missile Nonproliferation* W. Bowen,2000-01-20 During the presidency of George Bush 1989 93 the proliferation of nuclear chemical and biological weapons and the ballistic missiles capable of delivering them rose greatly in significance as issues on the American security agenda In the missile field this became

evident by the efforts of certain elements in the executive branch and several congressmen to improve domestic and international implementation of the Missile Technology Control Regime The Politics of Ballistic Missile Nonproliferation examines the political bureaucratic and systemic issues that interacted to determine the outcome of these efforts Radical Reform in Soviet Defence Policy R. Allison, 1992-04-12
