**Sexual Intimacy and Gender Identity 'Fraud'** Alex Sharpe, 2018-02-02 This book is a legal and political intervention into a contemporary debate concerning the appropriateness of sexual offence prosecutions brought against young gender non conforming people for so called gender identity fraud It comes down squarely against prosecution To that end it offers a series of principled objections based both on liberal principles and arguments derived from queer and feminist theories Thus prosecution will be challenged as criminal law overreach and as a spectacular example of legal inconsistency but also as indicative of a failure to grasp the complexity of sexual desire and its disavowal In particular the book will think through the concepts of consent harm and deception and their legal application to these specific forms of intimacy In doing so it will reveal how cisnormativity frames the legal interpretation of each and how this serves to preclude more marginal perspectives Beyond law the book takes up the ethical challenge of the non disclosure of gender history Rather than dwelling on this omission it argues that we ought to focus on a cisgender demand to know as the proper object of ethical inquiry Finally and as an act of legal and ethical re imagination the book offers a queer counter judgment to R v McNally the only case involving a gender non conforming defendant so far to have come before the Court of Appeal

[Language and Masculinities](#) Tommaso M. Milani, 2014-12-05 This volume showcases cutting edge research in the linguistic and discursive study of masculinities comprising the first significant edited collection on language and masculinities since Johnson and Meinhof's 1997 volume Overall the chapters are linked together by a critical analytical perspective that seeks to understand the relationships between discourse masculinities and power Whereas some of the chapters offer detailed linguistically informed critiques of the ways in which old and new expressions of masculinities are complicit in the reproduction of men's hegemonic positions of power others provide a more complex picture one in which collusion and subversion go hand in hand Contributions argue for the need for research on language and masculinities to expand its remit so as to engage with gay masculinities and unsettle gendered categories in order to consider the ways in which women transgender and intersex individuals also perform a variety of masculinities Finally unlike Johnson and Meinhof's 1997 collection this volume not only offers a wider and perhaps queerer perspective on the study of language and masculinities but also covers a broader geographical and socio cultural spectrum including work on Brazil Israel New Zealand Singapore and South Africa
