**and Belle** Kathryn Sophia Belle,2024-04-09 Kathryn Sophia Belle centers feminist frameworks discourses and vocabularies

of Black women and other Women of Color that existed prior to and have continued to exist after *The Second Sex*. She centers and amplifies the voices of Black women and other Women of Color such as Lorraine Hansberry, Angela Davis, Chikwenye Ogunyemi, Deborah King, Oy r nk Oywo, Mariana Ortega, Kathy Glass, bell hooks, Kyoo Lee, Stephanie Rivera, Berruz Patricia Hill, Collins, and Alia Al Saji. Special attention is also given to Claudia Jones and Audre Lorde, both of whom implicitly and indirectly engage with *The Second Sex*. Beauvoir and Belle demonstrate the myriad ways in which these frameworks both expose and surpass the limits of *The Second Sex*. Belle argues against the frameworks of oppression used by Simone de Beauvoir in *The Second Sex*, a foundational text of white feminist philosophy. She frames Beauvoir's analogies as limitations and shows how Beauvoir either does not engage with Black women and other Women of Color or engages with them in problematic ways. Belle explores how Black and other Women of Color have critically written and talked about *The Second Sex* and in so doing exposes the ways in which the existing Beauvoir scholarship has mostly ignored these engagements, thereby replicating Beauvoir's exclusions.

*Feminist Applied Sport Psychology* Leeja Carter, 2019-07-01 With an emphasis on women and transwomen athletes and exercisers of color, *Feminist Applied Sport Psychology: From Theory to Practice* introduces the reader to feminist, Black feminist, and womanist sport psychology, offering an alternative and powerful approach to working with athletes. Covering core concepts, applied skills, and research methods, the book includes useful features throughout, such as discussion questions and definitions of key terms. It is organized into three sections covering firstly feminist theory, history, movements, and their importance in applied sport psychology; secondly, the intersection of race, class, and gender, and the integration of intersectional considerations into sport psychology; and finally, in-depth case studies of feminist sport psychology in action, each of which offers strategies for best practice. *Feminist Applied Sport Psychology: From Theory to Practice* is important reading for feminist-centred students and practitioners in performance and sports domains, exercise psychology, and anybody with an interest in feminist approaches to working with women of diverse backgrounds.

*Creolized Sexualities* Alison Donnell, 2021-10-15 By showing how a wide and surprising range of Caribbean writers have contributed to the crafting of a supple and inclusive erotic repertoire across the second half of the twentieth century, the readings in this book aim to demonstrate that a recognition of creolized and pluralized sexualities already exists within the literary imagination.

*Want* Julie Peters, 2019-05-02 Peters takes readers on her own personal journey from trauma to reconnecting with her body, emotions, and eventually her own desire and sexuality. Xanet Paillet, bestselling author of *Living an Orgasmic Life*. We know increasingly how common and devastating sexual violence is for women, but we don't always talk about how survivors can recover from the trauma and return to desire, sexuality, trust, and pleasure. *Want* is the story of how Julie Peters did just that and how you can too. In the years after the assault, Julie was in what she calls the fog of trauma, the colorless, tasteless experience of barely getting through the day. No one—not counsellors, support groups, or other survivors—could give her any advice about how to find the desire that could bring her back to joy, intimacy, and connection. She

had to make it up on her own In Want Julie tells the story of getting from the devastation of trauma to living a full life in eight sometimes challenging often bumbling and occasionally delightful steps Your loved ones may not know how to support you but they can learn more about your experiences and how to walk alongside you through this book just as you can learn how to recover from the trauma you've experienced Want offers a window into one person's experience of recovery plus the happy ending we all need to know is possible after trauma With unwavering honesty penetrating insight warmth humor and aplomb she lays out strategies for a tangible nourishing and vitally ferocious self love Jeremy Radin poet author of Dear Sal **The Missing Witches Deck of Oracles** Risa Dickens,2024 **Reading Native American Women** Inés

English,Heather Love,2023 The Humanities and Human Flourishing series publishes edited volumes that explore the role of human flourishing in the central disciplines of the humanities and whether and how the humanities can increase human happiness The contributors to this volume of essays investigate the question what do literary scholars contribute to social scientific research on human happiness and flourishing Of all humanities disciplines none is more resistant to the program of positive psychology or the prevailing discourse of human flourishing than literary studies The approach taken in this volume of essays is neither to gloss over that antagonism nor to launch a series of blasts against positive psychology and the happiness industry Rather the contributors reflect on how their literary research work to which they are personally committed might become part of an interdisciplinary conversation about human flourishing The contributors areas of research are wide ranging covering literary aesthetics book history digital humanities and reader reception as well as the important inter disciplines of gender and sexuality studies disability studies and black studies fields in which issues of stigma and exclusion are paramount and which have critiqued the discourse of human flourishing for its failure to grapple with structural inequality and human difference Literary scholars are drawn more readily to the problematic than to the decidable but by dwelling on the trouble spots in a field of inquiry still largely confined to the sciences Literary Studies and Human Flourishing provides the groundwork for new and more productive forms of interdisciplinary collaboration and exchange **Sensual Excess** Amber Jamilla Musser,2018-11-06 Reimagines black and
