Sisters In The Wilderness The Lives Of Susanna Moodie And Catherine Parr Traill:

Sisters in the Wilderness Charlotte Gray,2000 In the inhospitable and hardscrabble bush of Canada facing a pioneering existence that they never even knew existed the well educated but modestly married British born Strickland sisters Susanna and Catharine turned to the pen to ease their loneliness and isolation Susanna Moodie's *Roughing It in the Bush* warned her countrymen from taking the bait and emigrating to Canada Catharine Parr Traill's *The Backwoods of Canada* and *Life in the Clearings* celebrated her new found freedom in Canada's classless society and the spirit of industry Both women had great influence on England's understanding of colonial Canada as well as on Canada's own vision of its young self Their writings have become central to all Canadian studies courses and are considered classic examples of pioneer memoirs

Sisters in the Wilderness Charlotte Gray,2008-06-03 Catharine Parr Traill and Susanna Moodie are icons of the Canadian imagination Yet most of what we know of these two English gentlewomen who spent their adult lives struggling in Britain's harsh and vigorous colony comes from their own self consciously crafted writings and from other writers sometimes fanciful depictions of them But what were the women behind the authorial voices really like In *Sisters in the Wilderness* award winning author Charlotte Gray breathes life into two remarkable and fascinating characters and brings us a vivid picture of life in the backwoods of Upper Canada

The Feminine Gaze Anne Innis Dagg,2006-01-01 Many Canadian women fiction writers have become justifiably famous But what about women who have written non fiction When Anne Innis Dagg set out on a personal quest to make such non fiction authors better known she expected to find just a few dozen To her delight she unearthed 473 writers who have produced over 674 books These women describe not only their country and its inhabitants but a remarkable variety of other subjects from the story of transportation to the legacy of Canadian missionary activity around the world While most of the writers lived in what is now Canada other authors were British or American travellers who visited Canada throughout the years and reported on what they found here This compendium has brief biographies of all these women short descriptions of their books and a comprehensive index of their books subject matters *The Feminine Gaze A Canadian Compendium of Non Fiction Women Authors and Their Books 1836 1945* will be an invaluable research tool for women's studies and for all who wish to supplement the male gaze on Canada's past

Civilizing the Wilderness A.A. den Otter,2012-07-02 In this collection of essays A.A. den Otter explores the meaning of the concepts civilizing and wilderness within an 1850s Euro British North American context At the time den Otter argues these concepts meant something quite different than they do today Through careful readings and researches of a variety of lesser known individuals and events den Otter teases out the striking dichotomy between civilizing and wilderness leading readers to a new understanding of the relationship between newcomers and Native peoples and the very lands they inhabited Historians and non specialists with an interest in western Canadian native settler and environmental economic history will be deeply rewarded by reading *Civilizing the Wilderness*

The Broadview Anthology of Literature of the Revolutionary

Period 1770-1832, 2010 **Flora Lyndsay; or, Passages in an Eventful Life** Susanna Moodie, 2014-02-13 Flora Lyndsay is Susanna Moodie's prequel to *Roughing it in the Bush* and *Life in the Clearings*. Though Moodie fictionalizes herself in the context of this novel, Flora Lyndsay remains a close personalized record of her family's experiences in planning their emigration and crossing the Atlantic. Despite the limited critical attention it receives, Flora Lyndsay reveals Moodie's style, her sense of form, and her distinctive approach to writing female autobiography. This edition complete with a wide corpus of endnotes, an extensive list of emendations, and a critical introduction helps address this oversight and gives a closer look at the iconic phenomenon that is Susanna Moodie.

Kingdom of the Mind Peter E. Rider, 2006-04-05 Many Canadians with a Scottish background still feel the pull of their Gaelic origins. During the eighteenth and nineteenth centuries, Scots dominated Montreal and, by extension, the rest of the country. Their habits and attitudes influenced business, education, science, and medicine, the military, and even the way Canadians imagined themselves.

Macdonald, Anne McWhir, 2010-03-04 The selections from 132 authors in this anthology represent gender, social class, and racial and national origin as inclusively as possible, providing both greater context for canonical works and a sense of the era's richness and diversity. Companion to Women's Historical Writing M. Spongberg, A. Curthoys, B. Caine, 2016-04-30 This A-Z reference work provides the first comprehensive reference guide to the wide range of historical writing with which women have been involved, particularly since the Renaissance. The Companion covers biographical writing, travelogue, and historical fictions, broadening the concept of history to include the forms of writing with which women have historically engaged. The focus is on women writing in English internationally, but historical and historiographical traditions from beyond the English-speaking world are also examined. Brief biographies of individual writers are included.

Frontier Fictions Rebecca Weaver-Hightower, 2018-11-28 This book compares the nineteenth-century settler literatures of Australia, Canada, South Africa, and the United States in order to examine how they enable readers to manage guilt accompanying European settlement. Reading canonical texts such as *Last of the Mohicans* and *Backwoods of Canada* against underanalyzed texts such as *Adventures in Canada* and *George Linton or the First Years of a British Colony*, it demonstrates how tropes like the settler hero and his indigenous servant, the animal hunt, the indigenous attack, and the lost child cross national boundaries. Settlers similarly responded to the stressors of taking another's land through the stories they told about themselves, which functioned to defend against uncomfortable feelings of guilt and ambivalence by creating new versions of reality. This book traces parallels in 20th and 21st century texts to ultimately argue that contemporary settlers continue to fight similar psychological and cultural battles, since settlement is never complete.

Jarraway, 2013-05-25 Over the past forty years Canadian literature has found its way to the silver screen with increasing regularity Beginning with the adaptation of Margaret Laurence's A Jest of God to the Hollywood film Rachel Rachel in 1966 Canadian writing would appear to have found a doubly successful life for itself at the movies from the critically acclaimed Kamouraska and The Apprenticeship of Duddy Kravitz in the 1970s through to the award winning Love and Human Remains and The English Patient in the 1990s With the more recent notoriety surrounding the Oscar nominated Away from Her and the screen appearances of The Stone Angel and Fugitive Pieces this seems like an appropriate time for a collection of essays to reflect on the intersection between literary publication in Canada and its various screen transformations This volume discusses and debates several double edged issues the extent to which the literary artefact extends its artfulness to the film artefact the degree to which literary communities stand to gain or lose in contact with film communities and perhaps most of all the measure by which a viable relation between fiction and film can be said to exist in Canada and where that double life precisely manifests itself if at all This book is published in English Culinary Landmarks Elizabeth Driver, 2008-01-01 Culinary Landmarks is a definitive history and bibliography of Canadian cookbooks from the beginning when La cuisinière bourgeoise was published in Quebec City in 1825 to the mid twentieth century Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work Every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups The entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining

customs in each part of the country over 125 years Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books Driver s excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book

I'm Not Myself at All Kristina Huneault, 2018-07-16 Notions of identity have long structured women s art Dynamics of race class and gender have shaped the production of artworks and oriented their subsequent reassessments Arguably this is especially true of art by women and of the socially engaged criticism that addresses it If identity has been a problem in women s art however is more identity the solution In this study of nineteenth and early twentieth century art in Canada Kristina Huneault offers a meditation on the strictures of identity and an exploration of forces that unsettle and realign the self Looking closely at individual artists and works Huneault combines formal analysis with archival research and philosophical inquiry building nuanced readings of objects that range from the canonical to the largely unknown Whether in miniature portraits or genre paintings botanical drawings or baskets women artists reckoned with constraints that limited

understandings of themselves and others They also forged creative alternatives At times identity features in women s artistic work as a failed project at other times it marks a boundary beyond which they were able to expand explore and exult Bringing together settler and indigenous forms of cultural expression and foregrounding the importance of colonialism within the development of art in Canada I m Not Myself at All observes and reactivates historical art by women and prompts readers to consider what a less restrictive conceptualization of selfhood might bring to current patterns of cultural analysis
