Places for Dead Bodies Gary J. Hausladen, 2010-01-01 From Tony Hillerman's Navajo Southwest to Martin Cruz Smith's Moscow an exotic vividly described locale is one of the great pleasures of many murder mysteries Indeed the sense of place no less than the compelling character of the detective is often what keeps authors writing and readers reading a particular series of mystery novels This book investigates how police procedural murder mysteries have been used to convey a sense of place Gary Hausladen delves into the work of more than thirty authors including Tony Hillerman Martin Cruz Smith James Lee Burke David Lindsey P D James and many others Arranging the authors by their region of choice he discusses police procedurals set in America the United Kingdom and Ireland Europe Moscow Asia and selected locales in other parts of the world as well as in historical places ranging from the Roman Empire to turn of the century Cairo

The Feeling of Space Christopher Bardt, 2024-12-31 A richly illustrated exploration of humanity's drive to shape life as a spatial project from Plato's time to the digital era Place is something real but space is generally conceived as abstract and immaterial In *The Feeling of Space* Christopher Bardt explores this damaging modern binary and traces the contradictory impulses that have dematerialized our sense of space through history fear and wonder a yearning for the infinite and intimate and the need for autonomy and belonging Using rich illustrations and examinations of art technology and philosophy Bardt argues that if we can get back to first feeling space then we can treat space as the substance that gives agency to our intersubjectivity the exchange of conscious and unconscious thoughts we have with others Expertly connecting ideas with clear examples from lived experiences Bardt's revolutionary framework will appeal to a broad readership particularly those who are interested in the theoretical and philosophical aspects of spaces In an age where digital media has dissolved instead of increased our sense of connection *The Feeling of Space* shows that when we learn to experience space as a medium as real as a place we not only see ourselves as inherently spatialized beings but we can also rebuild the bonds that tie us together

Museums in a Global Context Jennifer Dickey, Samir El Azhar, Catherine Lewis, 2013-04-30 Museums reflect a nation s character as well as define it Museums around the world have been shaped by globalization and in turn have shaped a global public s understanding of local regional or national identity Essayists consider the politics of museum interpretation in the global context issues of cultural patrimony and heritage tourism the risks of crossing boundaries and borders to present controversial subjects and strategies for engaging audiences and communities International case studies from Germany Morocco Saudi Arabia Qatar South Africa Niger and Vietnam underscore the common motives and sensibilities as well as the challenges of the world s museums in their efforts to educate and inspire

Don Quixote in England Ronald Paulson, 1998 A significant reassessment of current assumptions about eighteenth century literature and art Seldom has a single book much less a translation so deeply affected English literature as the translation of Cervantes Don Quixote in 1612 The comic novel inspired drawings plays sermons and other translations making the name of the Knight of la Mancha as familiar as any folk character in English lore In this comprehensive study of the reception and conversion of Don Quixote in England Ronald Paulson highlights the qualities of the novel that most attracted English imitators The English Don Quixote was not the same knight who meandered through Spain or found a place in other translations throughout Europe The English Don Quixote found employment in all sorts of specifically English ways not excluding the political uses to which a Spanish fool could be turned According to Paulson a major impact of the novel and its hero was their stimulation of discussion about comedy itself what he calls the aesthetics of laughter When Don Quixote reached England he did so at the time of the rise of empiricism and adherents of both sides of the empiricist debate found arguments and evidence in the behavior and image of the noble knight Four powerful disputes battered around his grey head the proximity of madness and imagination the definition of the beautiful the cruelty of ridicule and its laughter and the role of reason in the face of madness Paulson s engaging account leads to a significant reassessment of current assumptions about eighteenth century literature and art

Green Man, Earth Angel Tom Cheetham,2012-02-01 Green Man Earth Angel explores the central role of imagination for understanding the place of humans in the cosmos Tom Cheetham suggests that lives can only be completely whole if human beings come to recognize that the human and natural worlds are part of a vast living network and that the material and spiritual worlds are deeply interconnected Central to this reimagining is an examination of the place of language in human life and art and in the worldview that the prophetic religions Judaism Christianity and Islam presuppose If human language is experienced only as a subset of a vastly more than human whole then it is not only humans who speak but also God and the world with all its creatures If humans internal poetry and creative imaginations are part of a greater conversation then language can have the vital power to transform the human soul and the soul of the world itself

The Community of the Beautiful Alejandro R. Garcia-Rivera, 2017-07-27 2000 Catholic Press Association Award Winner The claim has been made that we are gripped today in an aesthetic crisis with considerable theological ramifications Aesthetics which has existed since the first human heart was moved by the influence of the beautiful has played a major role both implicit and explicit in theological reflection In *The Community of the Beautiful* Alejandro Garcia Rivera draws from the North American philosophical tradition and Hispanic theological thought to propose a new aesthetic principle a redemptive building of the community of the beautiful *The Community of the Beautiful* focuses on the premise that religion and beauty go together Yet today hundreds of theological treatises continue to speak solely of the truth of their claims *The Community of the Beautiful* addresses this silence with a proposal about the relationship between God and the beautiful It asks the question How can the finite human creature name the nameless perceive the imperceptible make visible the invisible The answer is what Hans Urs von Balthasar called a theological aesthetics *The Community of the Beautiful* is not simply an analysis of Balthasar's theology there exists a more personal and concrete reason for a reconsideration of the connection between God and the beautiful The experience of a particular living ecclesial tradition the Latin Church of the Americas may be a guide to a world that lost its confidence in the religious dimensions of the beautiful Garcia Rivera recasts the question of theological aesthetics posed above in light of the religious experience of the Latin Church of the Americas so that the question becomes What moves the human heart To answer that question Garcia Rivera draws on along ignored philosophical tradition The philosophical semiotics of Charles Peirce and Josiah Royce enter into dialogue with the theological aesthetics of Hans Urs von Balthasar to describe the traditional transcendentals the True and the Good as communities The final transcendental the beautiful enters into conversation with the semiotic aesthetics of Jan Mukarovsky and the religious experience of the Latin American Church to become the dazzling Vision of the community of

the beautiful God's community Chapters are Pled Beauty A Different Beauty Seeing the Form The Community of the True The Community of the Good The Community of the Beautiful and Lifting up the Lowly Alejandro R Garcia Rivera a Roman Catholic lay theologian received his doctorate in theology from the Lutheran School of Theology at Chicago and holds degrees in physics from Ohio State University and Miami University The author of numerous articles and winner of a Catholic Press Association award he is assistant professor of systematic theology at the Jesuit School of Theology at Berkeley

Ancient Greece and Rome in Videogames Ross Clare, 2021-06-03 This volume presents an original framework for the study of video games that use visual materials and narrative conventions from ancient Greece and Rome It focuses on the culturally rich continuum of ancient Greek and Roman games treating them not just as representations but as functional interactive products that require the player to interpret communicate with and alter them Tracking the movement of such concepts across different media the study builds an interconnected picture of antiquity in video games within a wider transmedial environment Ancient Greece and Rome in Videogames presents a wide array of games from several different genres ranging from the blood spilling violence of god killing and gladiatorial combat to meticulous strategizing over virtual Roman Empires and often bizarre adventures in pseudo ancient places Readers encounter instances in which players become intimately engaged with the epic mode of spectacle in God of War moments of negotiation with colonised lands in Rome Total War and Imperium Romanum and multi layered narratives rich with ancient traditions in games such as Eleusis and Salammbo The case study approach draws on close analysis of outstanding examples of the genre to uncover how both representation and gameplay function in such ancient games
