**Sittings with Eusapia Palladino & Other Studies** Mystic Arts Book Society, 1963      Parapsychology Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities For the past hundred years or so researchers have undertaken systematic and scientific work into these alleged experiences and abilities This collection of articles provides readers with a general sense of the methods used in this research the findings that have been obtained and the controversies generated by this work They cover a wide range of issues including the psychology of paranormal belief investigations into ghosts and hauntings laboratory research into extra sensory perception and psychokinesis and controlled tests of psychics and mediums An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered

**The Spiritualist Movement** Christopher M. Moreman, 2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism's history belief and practice Based on the belief that the dead can communicate with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death

The Transcendental Temptation Paul Kurtz, 2013-09-10 In this landmark work Paul Kurtz examines the reasons why people accept supernatural and paranormal belief systems in spite of substantial evidence to the contrary According to Kurtz it is because there is within the human species a deeply rooted tendency toward magical thinking the transcendental temptation which undermines critical judgment and paves the way for willful beliefs Kurtz

explores in detail the three major monotheistic religions Judaism Christianity and Islam finding striking psychological and sociological parallels between these religions the spiritualism of the nineteenth century and the paranormal belief systems of today This acclaimed and controversial book includes sections on mysticism belief in the afterlife the existence of God reincarnation astrology and ufology Kurtz concludes by explaining and advocating rational skepticism as an antidote to belief in the transcendental

**Ghost Hunters** Deborah Blum,2007-05-29 The Pulitzer Prize winning author of *The Poison Squad* and *The Poisoner's Handbook* tells the amazing story of William James's quest for empirical evidence of the spirit world What if a world renowned philosopher and professor of psychiatry at Harvard suddenly announced he believed in ghosts At the close of the nineteenth century the illustrious William James led a determined scientific investigation into unexplainable incidences of clairvoyance and ghostly visitations James and a small group of eminent scientists staked their reputations their careers even their sanity on one of the most extraordinary quests ever undertaken to empirically prove the existence of ghosts spirits and psychic phenomena What they pursued and what they found raises questions as fascinating today as they were then

Psychics, Sensitives and Somnambules Rodger I. Anderson,2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination and sometimes rigorous study by scientists Charles Bailey an Australian medium was seemingly able to materialize different objects animate and inanimate under conditions which made it difficult to conceive how they could have been normally produced Sumitra Singh a woman of Northern India who in 1984 became subject to epileptic type seizures claimed to be possessed by spirits of the dead Franck Kluski was a Polish poet banker and physical medium who specialized in both human and animal materializations This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to Elenor Zugun each accompanied by a bibliography listing the primary sources consulted The primary focus is on those claimed psychics who have figured prominently in the history of the subject though some lesser known figures are included to show how rich varied and colorful that history has been The aim throughout is to present each case as fairly and dispassionately as the facts allow with a particular eye for accuracy in details and presentation The approach is historical not apologetic or accusatory making the work ideally suited as a permanent reference

Jung in the 21st Century Volume Two , The Founders of Psychical Research Alan Gauld,2019-04-23 Originally published in 1968 *The Founders of Psychical Research* is centred upon the lives and work of Henry Sidgwick Edmund Gurney and Frederic Myers prominent in the Society for Psychical Research S P R during its early years it is not a history of the Society It passes over important aspects of the S P R's story and deals at some length with matters quite outside it The book frequently gives accounts of paranormal phenomena which if indeed they occurred would not be explainable through any recognisable hypothesis but are treated throughout as unexplained

**Secrets of the Psychics** Massimo Polidoro,2012-06-14 This intriguing examination of the bizarre and the strange by a topnotch investigator will interest both skeptics and believers alike Illustrations

Parapsychology David Groome,Ron Roberts,2016-11-07 Containing contributions

from leading paranormal researchers this edition of Parapsychology continues to challenge and provoke readers with some of psychology's most puzzling phenomena. Whether believers or sceptics the book provides readers with the opportunity to further their understanding of the paranormal bridging the gap between traditional psychology and its so-called fringe areas. Featuring updates to many of the original chapters this book brings readers up to date with the wealth of radical research in the field. This edition also includes several new chapters covering subjects as diverse as possession and exorcism, conspiracy theories, reincarnation and religious belief many of which are extremely relevant in the world today. Drawing on a range of research the book provides a balanced introduction to parapsychology exploring the strengths and limitations of scientific investigation itself. Parapsychology is for readers from a variety of backgrounds professionals in the field students lay readers and anyone who wants to understand what the paranormal can tell us about ourselves. A variety of viewpoints are on offer with the emphasis on the reader to make up their own mind. Prepared to be unsettled again.

Best Evidence Michael Schmicker, 2002-03-27 a dazzling journey into one of the most important areas of science that has ever existed. Dr Larry Dossey MD New York Times best selling author of *Reinventing Medicine*. Best Evidence is indeed one if not the best itself of the major books explaining and offering proof that psi phenomena are here to stay whether we like it or not. Fred Alan Wolf Ph D physicist and National Book Award winning author of *Mind Into Matter Taking the Quantum Leap*. My highest recommendation not just one but a half dozen astounding stories any one of which can change the way we think about the nature of reality. Dean Radin Ph D author of *The Conscious Universe The Scientific Truth of Psychic Phenomena* an important book. Edgar Mitchell Apollo 14 astronaut and author of *Way of the Explorer Psychic Exploration*. For skeptics and cautious believers alike a splendid introduction to impossible phenomena that refuse to disappear. Stanley Krippner Ph D Co Editor *Varieties of Anomalous Experience Examining the Scientific Evidence*. Hard line skeptics won't be pleased but Schmicker has done his homework an excellent survey of the strongest evidence. Marcello Truzzi Ph D Center for Scientific Anomalies Research
