

Strategies to grow as a situational leader

Developmental strategies to grow as a situational leader include:

1

engage in self-leadership
(e.g. be aware of the risk of
ethnocentrism and
prejudice)

3

learn as much as possible
about the local context
(e.g. from experienced
local mentors)

2

broaden one's comfort zone
through diverse experience
(e.g. seek out opportunities
to lead in distinctly different
environments)

4

use new leadership
situations as 'challenging
job assignments' (see
Unit 2) to accelerate the
developmental process

Situational Leader:

The Situational Leader Paul Hersey, 1984 *How to Become a Highly Effective Leader* Tri Junarso, 2009-03 Leading others is not simply a matter of style or following a rudimentary dot to dot guide. Instead, it involves specific skills, behaviors, attitudes, and knowledge. The good news is that anyone can learn how to be an effective leader if they're willing to work hard. Relying on his vast experience in the corporate world and his masterful understanding of how to achieve success as a leader, Tri Junarso brings you an innovative guide on becoming the best leader you can be. By developing the right managerial skills, you can motivate a group of people toward a common goal and ensure that the work of the organization is what it needs to be. Junarso breaks the attributes of a good leader down into a simple yet highly effective acronym GREAT, which stands for growth, responsibility, entrepreneurship, authenticity, and trust. These are the cornerstones of great leadership, and in combination with your leadership style, you have the essential components to be a successful leader. Don't wait for an opportune moment to begin your transformation from a good to a great leader. The time is now. With *How to Become a Highly Effective Leader*, you'll discover your innate ability to overcome adversity and inspire your employees to be the best they can be.
