Six Figure Woman:

Secrets of Six-Figure Women Barbara Stanny, 2009-10-13 According to the Department of Labor the average woman in 1998 was bringing home less than 25 000 a year For every dollar that a man makes a woman makes between 50 and 75 cents and that is hardly news But what you may not know is that quietly and steadily the number of women making six figures or more is rapidly increasing Currently over fifteen million women make 100 000 or more and the number continues to rise at a rate faster than for men And these women come from every industry psychologists dot com founders consultants freelance writers and even part timers What makes these particular women able to do so well in the workplace Fueled by curiosity Barbara Stanny author of *Price Charming Isn't Coming How Women Get Smart About Money* Viking Penguin set out to research this phenomenon What she discovered was that though the high earning women she interviewed came from different backgrounds and had had greatly different work experiences they all had certain characteristics in common **Secrets of Six Figure Woman Surprising Strategies of the Successful High Earners** will be a ground breaking book for high earners who want to ensure their wealth enhance their success and learn from others who are in the same boat It will also offer inspiration guidance and motivation to those who aspire to make more

[Drop the Ball](#) Tiffany Dufu, 2025-08-22 Tiffany Dufu's *Drop the Ball* is a bold and inspiring memoir and manifesto from a renowned voice in the women's leadership movement that shows women how to cultivate the single skill they really need in order to thrive: the ability to let go. Once the poster girl for doing it all after she had her first child, Tiffany Dufu struggled to accomplish everything she thought she needed to in order to succeed. Like so many driven and talented women who have been brought up to believe that to have it all, they must do it all, Dufu began to feel that achieving her career and personal goals was an impossibility. Eventually, she discovered the solution: letting go. In *Drop the Ball*, Dufu recounts how she learned to reevaluate expectations, shrink her to-do list, and meaningfully engage the assistance of others, freeing the space she needed to flourish at work and to develop deeper, more meaningful relationships at home. Even though women are half the workforce, they still represent only eighteen per cent of the highest level leaders. The reasons are obvious: just as women reach middle management, they are also starting families. Mounting responsibilities at work and home leave them with no bandwidth to do what will most lead to their success. Offering new perspective on why the women's leadership movement has stalled and packed with actionable advice, Tiffany Dufu's *Drop the Ball* urges women to embrace imperfection, to expect less of themselves and more from others, only then can they focus on what they truly care about, devote the necessary energy to achieving their real goals, and create the type of rich, rewarding life we all desire.
