Snake Handling in Mid-America Jack Cashill, 1991-01-01 *What's the Matter with Kansas?* Thomas Frank, 2007-04-01 One of our most insightful social observers cracks the great political mystery of our time how conservatism once a marker of class privilege became the creed of millions of ordinary Americans With his acclaimed wit and acuity Thomas Frank turns his eye on what he calls the thirty year backlash the populist revolt against a supposedly liberal establishment The high point of that backlash is the Republican Party's success in building the most unnatural of alliances between blue collar Midwesterners and Wall Street business interests workers and bosses populists and right wingers In asking what's the matter with Kansas how a place famous for its radicalism became one of the most conservative states in the union Frank a native Kansan and onetime Republican seeks to answer some broader American riddles Why do so many of us vote against our economic interests Where's the outrage at corporate manipulators And whatever happened to middle American progressivism The questions are urgent as well as provocative Frank answers them by examining pop conservatism the bestsellers the radio talk shows the vicious political combat and showing how our long culture wars have left us with an electorate far more concerned with their leaders values and down home qualities than with their stands on hard questions of policy A brilliant analysis and funny to boot *What's the Matter with Kansas?* presents a critical assessment of who we are while telling a remarkable story of how a group of frat boys lawyers and CEOs came to convince a nation that they spoke on behalf of the People Los Angeles Times **Mid-America Folklore** ,2000 **Mid-American Review of Sociology** ,1983

barns have been a vital image of the American landscape Barns evoke a sense of tradition a feeling of security They have provided shelter a safe haven for animals of the family farm Barns have become community landmarks Is it any wonder there is a growing fascination for these structures As the small family farm has given way to larger more commercial farms so also many of the traditional old style barns have been replaced with utility buildings and pole barns Mid-American Review ,2006 **Mid-America Four Corners Pipeline Loop Project, Environmental Assessment (EA).** ,1995 Slopovers Stephen J. Pyne,2019-04-02 America is not simply a federation of states but a confederation of regions Some have always held national attention some just for a time Slopovers examines three regions that once dominated the national narrative and may now be returning to prominence The Mid American oak woodlands were the scene of vigorous settlement in the late eighteenth and early nineteenth centuries and thus the scene of changing fire practices The debate over the origin of the prairies by climate or fire foreshadowed the more recent debate about fire in oak and hickory hardwoods In both cases today s thinking points to the critical role of fire The Pacific Northwest was the great pivot between laissez faire logging and state sponsored conservation and the fires that would accompany each Then fire faded as an environmental issue But it has returned over the past decade like an avenging angel forcing the region to again consider the defining dialectic between axe and flame And Alaska Alaska is different as everyone says It came late to wildland fire protection then managed an extraordinary transfiguration into the most successful American region to restore something like the historic fire regime But Alaska is also a petrostate and climate change may be making it the vanguard of what the Anthropocene will mean for American fire overall Slopovers collates surveys of these three regions into the national narrative With a unique mixture of journalism history and literary imagination renowned fire expert Stephen J Pyne shows how culture and nature fire from nature and fire from people interact to shape our world with three case studies in public policy and the challenging questions they pose about the future we will share with fire
