FRANCIS D. HAINES, JR.

Snake Country Expedition Of 1830 1831

Marcel A. Müller

Snake Country Expedition Of 1830 1831:

The Snake Country expedition of 1830-1831 John Work, Francis D. Haines, 1971 **The Snake Country Expedition of 1830-1831** John Work, **Southwestern Idaho, Class I Cultural Resources Overview**, 1982 Southwestern Idaho, class I cultural resources overview, for the Bureau of Land Management, Boise and Shoshone District, Idaho ; submitted by Professional Analysts, 1982 **Southeastern Idaho, Cultural Resources Overview, Burley and Idaho Falls Districts** John G. Franzen, 1983 *Contested Empire* John Phillip Reid, 2002 Do law and legal procedures exist only so long as there is an official authority to enforce them Or do we have an unspoken sense of law and ethics To answer these questions John Phillip Reid s *Contested Empire* explores the implicit notions of law shared by American and British fur traders in the Snake River country of Idaho and surrounding areas in the early nineteenth century Both the United States and Great Britain had claimed this region and passions were intense Focusing mainly on Canadian explorer and trader Peter Skene Ogden Reid finds that both side largely avoided violence and other difficulties because they held the same definitions of property contract conversion and possession In 1824 the Hudson s Bay Company directed Ogden to decimate the furbearing animal population of the Snake River country thus marking the region a fur desert With this mandate Great Britain hoped to neutralize any interest American furtrappers could have in the area Such a mandate set British and American fur men on a collision course but Ogden and his American counterparts implicitly followed a kind of law and procedure and observed a mutual sense of property and rights even as the two sides vied for control of the fur trade Failing to take legal culture into consideration some previous accounts have depicted these conflicts as mere episodes of lawless frontier violence Reid expands our understanding of the West by considering the unspoken sense of law that existed despite the lack of any formalized authorities in what had otherwise been considered a lawless time *Ghost Dances and Identity* Gregory E. Smoak, 2008-03-11 This is a compellingly nuanced and sophisticated study of Indian peoples as negotiators and shapers of the modern world Richard White author of *The Middle Ground* Indians Empires and Republics in the Great Lakes Region 1650 1815 **America's Ancient Forests** Thomas M. Bonnicksen, 2000-02-07 At the time of European discovery the ancient North American forests stretched across nearly half the continent And while today little remains of this past glory efforts are underway to bring back some of the diverse ecosystems of that era *America s Ancient Forests* From the Ice Age to the Age of Discovery provides scientists and professionals with essential information for forest restoration and conservation projects while presenting a compelling and far reaching account of how the North American landscape has evolved over the past 18 000 years The book weaves historical accounts and scientific knowledge into a dynamic narrative about the ancient forests and the events that shaped them Divided into two major parts it covers first the glaciers and forests of the Ice Age and the influences of native peoples and then provides an in depth look at these majestic forests through the eyes of the first European explorers Changes in climate and elevation the movement of trees northward the assembly of modern forests and qualities

that all ancient forestssshared are also thoroughly examined A special feature of this book is its self contained introductionto the early history of Native American peoples and theirenvironment The author draws on his roots in the Osage nation aswell as painstaking research through the historical record offering a complete discussion of how the cultural practices ofhunting agriculture and fire helped form the ancient forests *Encounters with the People* Dennis Baird,Diane Mallickan,William R. Swagerty,2021-10-04 Organized both chronologically and thematically Encounters with the People is an edited annotated compilation of unique primary sources related to Nez Perce history Native American oral histories diary excerpts military reports maps and more Generous elders shared their collective memory of carefully guarded stories passed down through multiple generations One described the level of attentiveness required to preserve their oral history as so still to listen that you could hear a bird take a drink of water on the other side of the mountain The work begins with early Nimiipuu Euro American contact and extends to the period immediately after the Treaty of 1855 held at Walla Walla The editors scoured archives federal document repositories and state and local historical museums in search of little known documents related to regional cultural and environmental history Most of the selected material is published for the first time or is found only in obscure sources Complete documents are included wherever possible and any excisions carefully noted Part of the Voices from Nez Perce Country series Encounters with the People includes a thorough up to date annotated bibliography Those interested in the Nez Perce Native American Studies Lewis and Clark early missionary work and Inland Northwest settlement will find it an essential reference work Recipient of a 2016 CHOICE Academic Book of the Year the 2016 Western History Association Dwight L Smith Award and a 2015 Idaho Book Award Honorable Mention from the Idaho Library Association

The Old Oregon Country Oscar Osburn Winther,1950-01-01 The Pacific Northwest the old Oregon country was one of the most remote and inaccessible frontier areas but it was also known to be rich in natural resources The opening up of this region is a story of courage endurance and pioneer enterprise Transportation in this rugged country was a problem to the settlers who would promote commerce and travel just as it was a problem to the earlier fur traders The construction of roads and development of water routes progressed through the years until the railroad finally came to the Northwest but at no time did the scarcity of roads prevent settlers from pushing back the frontier Here the whole story of travel and travelers in this region is told for the first time The book is based largely on primary sources and as such is a contribution to history As an account of courage and ingenuity transportation monopoly against transportation monopoly and man versus nature it is fascinating reading University Professor of History at Indiana University O O Winther is the author of Express and Stagecoach Days in California and Via Western Express and Stagecoach

Decoding **Snake Country Expedition Of 1830 1831**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
