Historical Dictionary of the Beat Movement Paul Varner, 2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers from the Poetry Project at St Mark s Church and contributors to World magazine continued the movement The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement It is now a postmodern movement and probably would be unrecognizable to the earliest Beats It may even be in the process of finally shedding the name Beat But the Movement continues The Historical Dictionary of the Beat Movement covers the movement s history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 700 cross referenced entries on significant people themes critical issues and the most significant novels poems and volumes of poetry and prose that have formed the Beat canon This book is an excellent access point for students researchers and anyone wanting to know more about the Beat Movement **The Works of Allen**

The People v. Ferlinghetti Ronald K. L. Collins, David M. Skover, 2019-03-24 Lawrence Ferlinghetti's name does not appear in any First Amendment treatise or casebook And yet when the best selling poet and proprietor of City Lights Books was indicted under California law for publishing and selling Allen Ginsberg's poem Howl Ferlinghetti buttressed the tradition of dissident expression and ended an era when minds were still closed candid literature still taboo and when selling banned books was considered a crime The People v Ferlinghetti is the story of a rebellious poet a revolutionary poem an intrepid book publisher and a bookseller unintimidated by federal or local officials There is much color in that story the bizarre twists of the trial the swagger of the lead lawyer the savvy of the young ACLU lawyer and the surprise verdict of the Sunday school teacher who presided as judge With a novelist's flair noted free speech authorities Ronald K L Collins and David Skover tell the true story of an American maverick who refused to play it safe and who in the process gave staying power to freedom of the press in America The People v Ferlinghetti will be of interest to anyone interested the history of free speech in America and the history of the Beat poets

How the Other Half Looks Sara Blair, 2020-07-14 New York City's Lower East Side long viewed as the space of what Jacob Riis notoriously called the other half was also a crucible for experimentation in photography film literature and visual technologies This book takes an unprecedented look at the

practices of observation that emerged from this critical site of encounter showing how they have informed literary and everyday narratives of America its citizens and its possible futures Taking readers from the mid nineteenth century to the present Sara Blair traces the career of the Lower East Side as a place where image makers writers and social reformers tested new techniques for apprehending America and their subjects looked back confronting the means used to represent them This dynamic shaped the birth of American photojournalism the writings of Stephen Crane and Abraham Cahan and the forms of early cinema During the 1930s the emptying ghetto opened contested views of the modern city animating the work of such writers and photographers as Henry Roth Walker Evans and Ben Shahn After World War II the Lower East Side became a key resource for imagining poetic revolution as in the work of Allen Ginsberg and LeRoi Jones and exploring dystopian futures from Cold War atomic strikes to the death of print culture and the threat of climate change How the Other Half Looks reveals how the Lower East Side has inspired new ways of looking and looking back that have shaped literary and popular expression as well as American modernity

Beat Memories Sarah Greenough, 2010 One of the most visionary writers of his generation Ginsberg was also a photographer From 1953 to 1963 he frequently had his camera close by when he was with friends in his apartment or traveling with them ready to record certain moments in eternity as he wrote For years many of these photographs languished among Ginsberg s papers When he finally recovered them in the 1980s he reprinted them and added handwritten narrative inscriptions Inspired by this early work he began to photograph again recording both long time friends and new acquaintances Some eighty of these photographs are collected and brilliantly reproduced in this book which also features the first scholarly essay on Ginsberg s photographs written by Sarah Greenough addressing the relationship of his photographs to his poetry and to works by other photographers of the period Ginsberg s photographs depict many of his contemporaries including his closest friends and lovers such as Jack Kerouac William S Burroughs Neal Cassady Gregory Corso and Peter Orlovsky They capture days walking the streets of Manhattan San Francisco and Paris as well as grand tours of Africa and Asia Jacket flap
