PRESS REVIEW In its own genre this is a bible Alpinisme its deadly rages terrifying some and fascinating others The first to tread on its snowy dome were the Chamoniards Gabriel Paccard and Jacques Balmat on 8th August 1786 Since that time the mountain has enjoyed no respite first came the caravans of hopeful conquerors then there were the intrepid unguided parties those in eager pursuit of discovery and adventurers of all kinds Latterly with the aid of advances in technology we have witnessed or indeed participated in some more irreverent assaults on the mountain s dignity Jansen s laboratory financed by Eiffel a banquet sponsored by a leading brand of champagne a car on the summit that subsequently remained stranded in a snowdrift on the Petits Mulets Ridge 4690m for several months to name but a few Ice and Snow Algae Eric Marechal,Linda Nedbalová,2022-04-05 Mountaineering: a Personal History Keith A. Brueckner,2016-05-25 High atop a mountain Keith Brueckner grappled with fear at the sight of an immense wall of steep ice and snow a looming overhang and the descending grey of storm high on a face Time after time as he bravely faced the unknown and elements beyond his control Brueckner opted to bury his fears test his abilities and inner strength and join his mountaineering heroes in creating unforgettable adventures In a narrative released posthumously Brueckner details over fifty years of climbs in the mountains beginning in 1938 in Switzerland when he first ascended a steep dusty trail up the Rigi and discovered his love for thin air spectacular views and physical challenges In his entertaining anecdotes Brueckner leads others through his mountaineering adventures that took him from the Matterhorn to Mt Blanc to the Sierra Madra Half Dome Mt Woodson and the Tetons

Brueckner not only shares a glimpse into a day in the life of an avid climber but also describes the technical aspects of mountain climbing the equipment and the sometimes unforgivable terrain Included are his personal ratings that classify climbs according to difficulty Mountaineering A Personal History is a nostalgic compilation of stories that chronicle one mans adventures as he scaled peaks in Europe and the United States and nurtured his passion to become one with the gods
