Janet Frame Matthew Paul Pierre,2011-05-12 In *Janet Frame Semiotics and Biosemiotics in Her Early Fiction* Paul Matthew St Pierre exploits the linguistic discipline of semiotics and the neurobiological discipline of biosemiotics to propose an original and dynamic reading of the first four works of fiction by New Zealand writer Janet Frame 1924 2004 *The Lagoon Stories* 1951 *Owls Do Cry* 1957 *Faces in the Water* 1961 and *The Edge of the Alphabet* 1962 Opposing the prevailing reading of Frame s early fiction as autobiographical deriving from her medical history he argues her books are singular evocations of her astonishing imagination His purpose is to fix this historical record and provide an alternative model for interpreting one of the 20th century s most stylistically demanding and rewarding writers Semiotics and biosemiotics are his means for unlocking the early fiction and her later works to a polemical analysis focusing on language sign transmissions writing the body and the biosemiotic self In *The Lagoon Owls Do Cry Faces in the Water and The Edge of the Alphabet* Frame produced what St Pierre interprets as an original semiotic and biosemiotic modeling system that she applied throughout her oeuvre of twenty books comprising eight story collections seven novels a book of poetry a children s novel and three volumes of autobiography Using this modeling system she designed her fiction as a visual verbal field consisting of still and moving images generated in the imagination located in the brains and central nervous systems of her narrators characters and readers and primarily of the author herself The author discusses the significations of 1 Frame s image signs in water glass

The Ring of Fire Jeanne Delbaere,1992 **Wrestling with the Angel** Michael King,2002-03-07 Janet Frame born in 1924 is New Zealand's most celebrated and least public author Her early life in small South Island towns seemed at times engulfed in a tide of doom one brother still born another epileptic two sisters dead of heart failure while swimming Frame herself committed to mental hospitals for the best part of a decade Later her surviving sister was temporarily felled in adulthood by a stroke an uncle cut his throat and a cousin shot his lover his lover's parents and then himself This then is an inspiring biography of a woman who climbed out of an abyss of unhappiness to take control of her life and become one of the great writers of her time And to enable her biographer to write this book scrupulously and honestly Janet Frame spoke for the first time about her whole life She also made available her personal papers and directed her family and friends to be equally communicative The result is a biography of astonishing intimacy and frankness written by multi award winning author Dr Michael King

The Illustrated History of the Snowman Bob Eckstein,2018-09-01 A thoroughly entertaining exploration this book travels back in time to shed light on the snowman's enigmatic past from the present day in which the snowman reigns as the King of Kitsch to the Dark Ages with the creation of the very first snowman Eckstein's curiosity began playfully enough but soon snowballed into a mostly earnest quest of chasing Frosty around the world into museums and libraries and seeking out the advice of leading historians and scholars The result is a riveting history that reaches back through centuries and across cultures sweeping from fifteenth century Italian snowballs to eighteenth century Russian ice sculptures to the regrettable white trash years 1975-2000 The snowman is not just part of our childhood memories but is an integral part of our world culture appearing much like a frozen Forrest Gump alongside dignitaries and celebrities during momentous events Again and again the snowman pops up in rare prints paintings early movies advertising and over the past century in every art form imaginable And the jolly snowman ostensibly as pure as the driven snow also harbors a dark past full of political intrigue sex and violence With over two hundred illustrations *The Illustrated History of the Snowman* is a truly original winter classic smart surprisingly enlightening and quite simply the coolest book ever

Telling Stories ,2021-11-15 The present volume is a highly comprehensive assessment of the postcolonial short story since the thirty six contributions cover most geographical areas concerned Another important feature is that it deals not only with exclusive practitioners of the genre Mansfield Munro but also with well known novelists Achebe Armah Atwood Carey Rushdie so that stimulating comparisons are suggested between shorter and longer works by the same authors In addition the volume is of interest for the study of aspects of orality dialect dance rhythms circularity and trickster figure for instance and of the more or less conflictual relationships between the individual character or implied author and the community Furthermore the marginalized status of women emerges as another major theme both

as regards the past for white women settlers or the present for urbanized characters primarily in Africa and India The reader will also have the rare pleasure of discovering Janice Kulik Keefer s Fox her version of what she calls in her commentary displaced autobiography or creative non fiction Lastly an extensive bibliography on the postcolonial short story opens up further possibilities for research

The Unharnessed World Cindy Gabrielle, 2015-06-18 Though New Zealand author Janet Frame 1924 2004 lived at a time of growing dissatisfaction with European cultural models and though her autobiography fiction and letters all testify to the fact that a direct encounter between herself and Buddhism occurred her work has so far never been examined from the vantage point of its indebtedness to Buddhism It is of the utmost significance however that a Buddhist navigation of Frame s texts should shed fresh light on large segments of the Framean corpus which have tended to remain obdurately mysterious This includes passages centering on such themes as the existence of a non dual world or a character s sudden embrace of a non ego like self Of equal significance is the conclusion one then draws that this unharnessed world which human beings are often unable to embrace has always been right under their nose for whenever the aspect of the intellect that filters perceptions into mutually excluding categories fails to function he or she finds a place of subjective arrival in and sees this supposedly unknowable beyond Thus possibly against the grain of mainstream criticism this study argues that Janet Frame constantly seeks ways through which the infinite and the Other can be approached though not corrupted by the perceiving self and that she found in the Buddhist epistemology a pathway towards evoking such alterity
