

An anime-style illustration of a young man with dark, slightly messy hair and a gentle smile. He is wearing a blue denim shirt and is seated at a wooden desk, focused on drawing a manga page. He holds a black pen in his right hand, with his left hand resting on the paper. The paper shows a manga panel with a character's face. On the desk, there are two ink bottles, a brush, and a pencil. A desk lamp is visible in the background, casting a warm glow. The text 'BECAME A MANGA ARTIST' is written in large, bold, white capital letters on the right side of the image.

of the Romantics Emulation thus disappeared along with the Renaissance humanist tradition but it is slowly being recovered in the scholarship of Roman art It remains to recover emulation for the Renaissance itself and to revivify it for modern practice Mayernik argues that it was the absence of a coherent understanding of emulation that fostered the fissuring of artistic production in the later eighteenth century into those devoted to copying the past and those interested in continual novelty a situation solidified over the course of the nineteenth century and mostly taken for granted today This book is a unique contribution to our understanding of the historical phenomenon of emulation and perhaps more importantly a timely argument for its value to contemporary practice *Blank Canvas: My So-Called Artist's Journey Vol. 2* Akiko
